Barton, 2012-10-04 Childrens Sermons are often inadequately prepared, understood maybe only by the adults, and leave the youth wanting something to which they can relate. Because children take what you say literally, the stories need to be brief, to the point, and use simple and age-appropriate words. Leaders need to get and stay on the childrens eye level. This book will help you do that by offering a written sample story related to one of the weeks lectionary passages. An accompanying auditory example is told on the CDs. Each lesson tells you what props are needed. The storyteller is encouraged to include some of their own personal walk with God to make the sermonettes come alive.
