prince of wands tarot guide: **THE TAROT GUIDE [From Beginners to Professionals]** Pailong, 2021-12-12 First of all, I have to apologize to everyone for my incomplete English grammar. I started studying tarot card reading at 16 years old. I am fond of the Rider Waite series of cards because of the pictures that convey the full meaning. The first book that I learned was written in my native language. I am very fond of how to make predictions using tarot cards. Often, I use tarot card prediction to earn income after school. Until I worked in a travel company, I had extra income from fortune telling. Now I am currently 41 years old. Over time, I studied how to read more cards from English books. Until I had enough experience to pass it on to people in my country. I am currently a recognized tarot card reading instructor. For the various techniques I wrote in this book, I use them regularly. It is suitable for beginners up to the level of professional fortune tellers. The highlight of my book is that - Can use tarot cards in all questions. - The ability of tarot cards that ordinary people may never experience. - Use tarot cards as a consultant for everyday life. - Use tarot cards to answer

suspicious about business. - Tarot card reading in various meanings. - Examples of fortune telling and card reading in various questions For this book, I will use the word instead of those who do tarot card reading with Fortune tellers and I will use the word instead of the fortune owner or the answer recipient with Predictors. Let's all get a new experience from my book. Thank you all for your support.

prince of wands tarot guide: Easy Guide to the Tarot Dayanara Blue Star, 2015-03-02 The tarot is a pack of 78 playing cards used by mystics and occultists for foretelling the future as well as for giving you a peek into your spiritual and mental pathway. Tarot cards have existed since the mid-15th century in various parts of the European continent. However, at that point it was basically used to play card games, such as French tarot or the Italian tarocchi. The word itself is derived from the Italian word tarocchi, a word which has no known origin. Some believe that the word is related to the Taro River in northern Italy. Others believe that the word originated from an Arabic word, turuq, which means ways. The cards seem to have come from Mamluk, Egypt in the 14th century. At that point in time, the suits were Staves, Cups, Coins and Swords; quite similar to the suits that exist these days. In Europe, the first tarot card deck was created in Milan, Ferrara and Bologna in northern Italy. This was between the years 1430 and 1450. The original purpose of the tarot was to play games. In the 18th century, the tarot began to be used for divination purposes. Manuscripts from the era reveal that there was a specific way of laying out the cards and there was a divinatory meaning associated with each card. The tarot has four suits, but this can vary depending on the region. Jean-Baptiste Alliette, popularly known as Etteilla, was the first to create a tarot deck especially for the purposes of divination. This 78-card deck has two distinct parts. Take advantage of this great opportunity to understand the tarot quickly and easily!
