dr seuss are you my mother: *Alison Bechdel* Rachel R. Martin, 2018-10-05 Due to the huge success of her graphic memoir *Fun Home: A Family Tragicomic* in 2006 and its subsequent Tony Award-winning musical adaptation in 2009, Alison Bechdel (b. 1960) has recently become a household name. However, Bechdel, who has won numerous awards including a MacArthur Fellowship, has been writing and drawing comics since the early 1980s. Her comic strip *Dykes to Watch Out For* (DTWOF) stood out as one of the first to depict lesbians in popular culture and is widely hailed as an essential LGBTQ resource. It is also from this comic strip that the wildly popular Bechdel Test—a test to gauge positive female representation in film—obtained its name. While

DTWOF secured Bechdel's role in the comics world and queer community long before her mainstream success, Bechdel now experiences notoriety that few comics artists ever achieve and that women cartoonists have never attained. Spanning from 1990 to 2017, Alison Bechdel: Conversations collects twelve interviews that illustrate how Bechdel uses her own life, relationships, and contemporary events to expose the world to what she has referred to as the "fringes of acceptability"—the comics genre as well as queer culture and identity. These interviews reveal her intentionality in the use of characters, plots, structure, and cartooning to draw her readers toward disrupting the status quo. Starting with her earliest interviews on public access television and in little-known comics and queer presses, Rachel R. Martin traces Bechdel's career from her days with DTWOF to her popularity with Fun Home and Are You My Mother? This volume includes her "one-off" DTWOF strips from November 2016 and March 2017 (not anthologized anywhere else) and in-depth discussions of her laborious creative process as well as upcoming projects.

dr seuss are you my mother: La Mamma Penelope Morris, Perry Willson, 2018-06-07 The idea of the “mamma italiana” is one of the most widespread and recognizable stereotypes in perceptions of Italian national character both within and beyond Italy. This figure makes frequent appearances in jokes and other forms of popular culture, but it has also been seen as shaping the lived experience of modern-day Italians of both sexes, as well as influencing perceptions of Italy in the wider world. This interdisciplinary collection examines the invented tradition of *mammismo* but also contextualizes it by discussing other, often contrasting, ways in which the role of mothers, and the mother-son relationship, have been understood and represented in culture and society over the last century and a half, both in Italy and in its diaspora.

dr seuss are you my mother: I Can Read It All by Myself Paul V. Allen, 2021-05-28 In the late 1950s, Ted Geisel took on the challenge of creating a book using only 250 unique first-grade words, something that aspiring readers would have both the ability and the desire to read. The result was an unlikely children’s classic, *The Cat in the Hat*. But Geisel didn’t stop there. Using *The Cat in the Hat* as a template, he teamed with Helen Geisel and Phyllis Cerf to create Beginner Books, a whole new category of readers that combined research-based literacy practices with the logical insanity of Dr. Seuss. The books were an enormous success, giving the world such authors and illustrators as P. D. Eastman, Roy McKie, and Stan and Jan Berenstain, and beloved bestsellers such as *Are You My Mother?*; *Go, Dog. Go!*; *Put Me in the Zoo*; and *Green Eggs and Ham*. The story of Beginner Books—and Ted Geisel’s role as “president, policymaker, and editor” of the line for thirty years—has been told briefly in various biographies of Dr. Seuss, but *I Can Read It All by Myself: The Beginner Books Story* presents it in full detail for the first time. Drawn from archival research and dozens of brand-new interviews, *I Can Read It All by Myself* explores the origins, philosophies, and operations of Beginner Books from *The Cat in the Hat* in 1957 to 2019’s *A Skunk in My Bunk*, and reveals the often-fascinating lives of the writers and illustrators who created them.

Examining everything from the rise of French Theory in the United States to the crucial pedagogies offered in children's picture books, from Alison Bechdel's graphic memoir Are You My Mother? and Lemony Snicket's A Series of Unfortunate Events to studies of queer childhood, Kenneth B.
