

a new reference grammar of modern spanish

A New Reference Grammar of Modern Spanish: Unlocking the Language's Nuances

a new reference grammar of modern spanish has emerged as an essential tool for linguists, language learners, educators, and translators alike. As Spanish continues to grow as one of the most spoken languages worldwide, understanding its intricacies through a comprehensive and updated grammar resource becomes indispensable. This new reference grammar not only bridges traditional grammatical rules with contemporary usage but also highlights regional variations, modern syntax, and evolving linguistic trends.

If you have ever struggled to find a single, authoritative guide that covers both the classical foundations and the dynamic shifts in modern Spanish, this new reference grammar offers a fresh perspective that is both thorough and accessible.

Why a New Reference Grammar of Modern Spanish Matters

Spanish is not a static language. It is vibrant, adaptive, and shaped by its numerous dialects across Latin America, Spain, and beyond. A grammar book written decades ago may not adequately capture the colloquial expressions, syntactic shifts, or the impact of globalization on Spanish vocabulary and usage.

This new reference grammar addresses those gaps by:

- Incorporating contemporary linguistic research.
- Including examples from diverse Spanish-speaking regions.
- Reflecting changes in syntax and morphology influenced by social and technological developments.
- Providing clarity on common grammatical dilemmas faced by learners and native speakers alike.

For educators, this means having a reliable resource that can support teaching strategies aligned with current language realities. For learners, it offers practical insights that go beyond memorizing rules, encouraging a deeper understanding of how Spanish works in everyday communication.

Core Features of the New Reference Grammar

Every good grammar guide needs to balance detail with usability. This modern reference grammar excels by offering:

Comprehensive Coverage of Grammar Points

From verb conjugations and tenses to pronouns and prepositions, the grammar

rules are meticulously explained with contextual examples. What sets this grammar apart is its treatment of complex topics such as:

- The subjunctive mood in various clauses
- The use of the imperfect versus the preterite tense
- Nuances of gender and number agreement in adjectives and nouns
- The interplay between formal and informal speech registers

Inclusion of Regional Variations

Spanish dialects can differ substantially. For example, the use of “vos” in Argentina versus “tú” in Spain, or lexical differences such as “ordenador” vs. “computadora” for “computer.” The grammar highlights these distinctions, helping users appreciate the rich diversity within the language. This regional sensitivity is particularly useful for translators or anyone communicating with a global Spanish-speaking audience.

Modern Usage and Colloquial Language

No language reference can ignore how people actually speak. This new grammar integrates examples from contemporary media, literature, and social communication, showing how grammar adapts in informal settings. It also explains emerging constructions and idiomatic expressions, providing insight into the living nature of Spanish.

Understanding Key Grammatical Concepts with the New Reference Grammar

One of the challenges in mastering Spanish lies in its verb system and sentence structure. This grammar guide offers clear explanations that demystify these topics.

Mastering Verb Tenses and Moods

Spanish verbs can be daunting due to their numerous tenses and moods. The grammar breaks down:

- When and how to use the indicative, subjunctive, and imperative moods effectively.
- The subtle differences between past tenses: preterite, imperfect, and past perfect.
- Future and conditional tenses, including hypothetical situations.

Each explanation is accompanied by practical examples that show the tense or mood in action, making it easier to grasp their proper usage.

Syntax and Sentence Structure

The arrangement of words in Spanish sentences can change meaning dramatically. The new reference grammar explores:

- Word order variations in statements and questions.
- Use of clitic pronouns and their placement.
- Complex sentence connectors and subordinate clauses.

These insights aid users in constructing clear, grammatically correct sentences that flow naturally.

Tips for Using the New Reference Grammar Effectively

To get the most out of this grammar, consider the following strategies:

- **Focus on sections relevant to your level:** Beginners may start with basic verb conjugations and sentence structure, while advanced learners can explore complex syntax and regional nuances.
- **Practice with examples:** Apply the grammar rules to writing or speaking exercises to reinforce learning.
- **Compare regional usages:** If you have an interest in a particular Spanish-speaking country, pay attention to the dialectal notes.
- **Use it as a reference, not a cover-to-cover read:** Consult specific topics as needed during your language journey.

The Role of Technology in the Evolution of Spanish Grammar

Language evolves alongside technology, and the new reference grammar acknowledges this by discussing:

- The influence of digital communication on grammar and syntax.
- The incorporation of loanwords and neologisms.
- Changing patterns in pronoun use and sentence brevity due to texting and social media.

Understanding these trends helps learners stay current and communicate effectively in modern contexts.

Integrating the Grammar with Language Learning Apps

Many language learning platforms now integrate grammar references into their

lessons. The insights from the new reference grammar can complement app-based study by providing deeper explanations and a broader perspective, especially on complex or nuanced topics.

Bridging Traditional Grammar and Modern Linguistics

What makes this new reference grammar particularly valuable is its balanced approach. It respects the traditional rules that form the backbone of Spanish grammar, while also embracing modern linguistic theories and findings. This dual focus ensures that users gain both a solid foundation and an understanding of current language dynamics.

For linguists, this means a reliable source that reflects ongoing research. For students, it offers a learning experience that is both structured and relevant.

Exploring this updated grammar resource can transform how one perceives and uses Spanish – not just as a set of rules to memorize, but as a living language shaped by history, culture, and everyday life.

Whether you are a language professional, a student, or a passionate learner, diving into a new reference grammar of modern Spanish opens doors to deeper mastery and appreciation of one of the world's most beautiful and widely spoken languages.

Frequently Asked Questions

What is 'A New Reference Grammar of Modern Spanish' about?

It is a comprehensive and detailed grammar guide that explains the structure, usage, and nuances of contemporary Spanish, covering syntax, morphology, and phonetics.

Who are the authors of 'A New Reference Grammar of Modern Spanish'?

The grammar was authored by John Butt and Carmen Benjamin, both experts in Spanish linguistics.

How does this grammar differ from previous Spanish grammar references?

It incorporates modern usage, contemporary examples, and updated linguistic research to reflect current spoken and written Spanish more accurately than older references.

Is 'A New Reference Grammar of Modern Spanish' suitable for beginners?

While it is primarily designed for intermediate to advanced learners and professionals, motivated beginners can also benefit from its clear explanations and examples.

Does the grammar cover regional variations of Spanish?

Yes, it addresses differences in vocabulary, grammar, and usage across various Spanish-speaking regions, including Spain and Latin America.

Can 'A New Reference Grammar of Modern Spanish' be used by teachers?

Absolutely, it is a valuable resource for Spanish language teachers to clarify grammatical points and provide accurate explanations to students.

Are there online or digital versions of 'A New Reference Grammar of Modern Spanish'?

Yes, the book is available in digital formats such as eBook, and some educational platforms may offer access to its content for easier reference.

Additional Resources

A New Reference Grammar of Modern Spanish: An In-Depth Review and Analysis

a new reference grammar of modern spanish emerges as a pivotal resource for linguists, educators, and students seeking a comprehensive understanding of contemporary Spanish usage. Amid the evolving dynamics of the Spanish language across diverse regions and contexts, this latest grammar reference aims to bridge traditional grammatical frameworks with the nuances of modern communication. This article delves into the features, significance, and implications of this grammar work, highlighting its contributions within the broader landscape of Spanish linguistics.

Understanding the Scope and Purpose of the New Reference Grammar

The advent of a new reference grammar of modern Spanish marks a deliberate effort to update and refine linguistic descriptions that have historically guided learners and scholars. Unlike older grammars that often focused on prescriptive rules, this contemporary edition places a stronger emphasis on descriptive accuracy reflecting current spoken and written norms. By integrating regional variations, colloquialisms, and recent syntactic developments, it serves both as a scholarly tool and a practical guide.

This resource is particularly significant given Spanish's status as one of the world's most widely spoken languages, with over 580 million speakers

globally. The language's diversification across Latin America, Spain, and increasingly multilingual settings necessitates a grammar that acknowledges these complexities without sacrificing clarity or coherence.

Key Features and Innovations

One of the standout features of this new reference grammar is its treatment of verb conjugations and mood distinctions, an area notoriously complex for learners. The grammar addresses the subtleties of subjunctive usage, imperative forms, and compound tenses with contemporary examples drawn from authentic texts and spoken interactions. This practical approach helps demystify common learner challenges and reflects modern usage rather than archaic norms.

Another innovation lies in its comprehensive coverage of regional dialectal differences. For instance, differences in pronoun usage such as “vos” in Rioplatense Spanish versus the more universal “tú,” or the variations in past tense preferences across regions, are carefully documented. This inclusion not only enriches linguistic understanding but also promotes cultural sensitivity and awareness.

Furthermore, the grammar incorporates detailed analyses of syntactic structures influenced by language contact, particularly in bilingual and multilingual communities. These insights are critical for understanding code-switching phenomena and the gradual integration of anglicisms and other lexical borrowings in everyday speech.

Comparative Evaluation with Previous Grammars

When positioned alongside authoritative predecessors such as the Real Academia Española's traditional grammar and earlier reference works by noted linguists, this new grammar distinguishes itself in several respects. Primarily, it balances prescriptive and descriptive approaches more evenly, reflecting a shift in linguistic pedagogy towards recognizing language as a living, evolving system.

While classical grammars often prioritized Castilian Spanish norms, this reference embraces pan-Hispanic perspectives. This inclusivity is especially relevant for educators and translators who must navigate the linguistic diversity inherent in the Spanish-speaking world.

Moreover, the layout and organization have been modernized to facilitate ease of use. Clear indexing, cross-referencing, and the integration of digital resources such as companion websites or apps (when available) enhance accessibility for both academic and casual users.

Strengths and Potential Limitations

- **Strengths:** The grammar's descriptive accuracy, comprehensive regional coverage, and user-friendly format stand out as major advantages. Its alignment with contemporary linguistic research makes it a valuable reference for maintaining relevance in an ever-changing linguistic

landscape.

- **Limitations:** However, some traditionalists may find the reduced emphasis on rigid prescriptive rules challenging, particularly those accustomed to strict grammatical conformity. Additionally, the sheer volume of information and complexity might be overwhelming for beginners without prior linguistic background.

Implications for Language Learning and Teaching

The practical applications of a new reference grammar of modern Spanish extend beyond academic research into language pedagogy. Teachers benefit from updated grammatical frameworks that correspond more closely to current spoken and written forms, allowing for more effective instruction that resonates with students' real-world experiences.

For learners, the inclusion of varied dialects and authentic usage examples fosters a deeper appreciation of Spanish as a global language, encouraging adaptability and cultural competence. Moreover, the grammar's clear explanations of complex grammatical points aid in overcoming common obstacles such as mood selection and tense agreement.

Institutions offering Spanish as a second language can leverage this resource to design curricula that are both rigorous and relevant, integrating multimedia and interactive components that mirror the grammar's modern approach.

Supporting Digital and Multimedia Resources

Recognizing the importance of digital integration, many contemporary grammar references come bundled with or linked to online platforms. These platforms often feature interactive exercises, audio pronunciations, and up-to-date corpora that track real-time language trends. While the specific offerings vary, the trend towards digital augmentation enhances the grammar's utility in diverse learning environments.

Broader Linguistic and Cultural Significance

Beyond its immediate educational value, the new reference grammar of modern Spanish contributes to the broader discourse on language standardization and evolution. In a world increasingly shaped by globalization and digital communication, the Spanish language continues to adapt rapidly. This grammar captures that dynamism, providing a snapshot of linguistic realities that influence identity, communication, and cultural expression.

By documenting changes in syntax, morphology, and lexicon, the grammar also serves as a resource for sociolinguistic research and language policy development. It highlights how Spanish negotiates between tradition and innovation, unity and diversity.

This dual role—as both a prescriptive guide and descriptive record—positions

the grammar as an essential tool for anyone engaged in Spanish language studies, from academics to translators, media professionals, and language enthusiasts.

In sum, a new reference grammar of modern Spanish represents a milestone in the ongoing effort to codify and understand one of the world's most vibrant languages. Through its balanced approach and comprehensive coverage, it offers an indispensable resource that reflects the complexities and richness of modern Spanish as it continues to evolve across continents and cultures.

a new reference grammar of modern spanish: [A New Reference Grammar of Modern Spanish, 4th edition](#) John B. Butt, John Butt, Carmen Benjamin, 2014-02-04 A New Reference Grammar of Modern Spanish is widely recognised as the standard English-language reference grammar of Spanish. It provides teachers and students of Spanish with a comprehensive, accessible and jargon-free guide to the forms and structures of the Spanish currently used in Spain and Latin America. This new edition has been carefully revised and updated, and its explanations have been checked against the findings of the Royal Spanish Academy's Gramática descriptiva de la lengua española and other new works in the field. Many new Peninsular and Latin American examples have been included, the English text has been thoroughly revised and in many places expanded or clarified. A glossary of grammatical terms has also been included. As a result this new version of 'B & B' should now be invaluable to an even wider readership ranging from intermediate to advanced students of Spanish. A Workbook is available for use with A New Reference Grammar of Modern Spanish, 4th edition; Practising Spanish Grammar by Christopher J Pountain and Teresa de Carlos. ISBN 0340 66223 9

a new reference grammar of modern spanish: *A New Reference Grammar of Modern Spanish* John B. Butt, Carmen Benjamin, Moreira-Rodriguez Antonia, 2018-10-26 A New Reference Grammar of Modern Spanish is a comprehensive, cohesive and clear guide to the forms and structures of Spanish as it is written and spoken today in Spain and Latin-America. It includes clear descriptions of all the main grammatical phenomena of Spanish, and their use, illustrated by numerous examples of contemporary Spanish, both Peninsular and Latin-American, formal and informal. Fully revised and updated, the sixth edition is even more relevant to students and teachers of Spanish. The sixth edition includes: • new chapters, providing more detail and examples of key areas of Spanish grammar; • an increased number of Mexican examples to reflect the growing interest in this country's variety of Spanish; • new information for readers studying Spanish and French together; • a glossary of grammatical terms including English translations of Spanish terms. The combination of reference grammar and manual of current usage is invaluable for learners at level B2-C2 of the Common European Framework for Languages, and Intermediate High-Advanced High on the ACTFL proficiency scales.

a new reference grammar of modern spanish: **A New Reference Grammar of Modern**

Spanish John Butt, Carmen Benjamin, 2013-09-05 For many years A NEW REFERENCE GRAMMAR OF MODERN SPANISH has been trusted by students and teachers as the standard English-language reference grammar of Spanish. Now updated to include the latest findings of the Royal Spanish Academy's official grammar book, 'La Nueva gramática de la lengua española', making A NEW REFERENCE GRAMMAR OF MODERN SPANISH FIFTH EDITION even more relevant to students and teachers of Spanish. Key features of this fifth edition include: a 'Guide to the Book', enabling you to make the most of this new edition new vocabulary such as topical and technological terms, bringing you up-to-date with contemporary spoken Spanish more Latin-American Spanish, ensuring world-wide coverage aclearer guidance to recommended usage -advice on the Academy's latest spelling rules. Whether a student or a teacher of Spanish, you can be sure that this fifth edition of A NEW REFERENCE GRAMMAR OF MODERN SPANISH will provide you with a comprehensive, cohesive and clear guide to the forms and structures of Spanish as it is written and spoken today in Spain and Latin America.

a new reference grammar of modern spanish: New Reference Grammar of Modern Spanish John Butt Benjamin, Carmen Benjamin, 1992-06-04

a new reference grammar of modern spanish: New Reference Grammar of Modern Spanish + Practising Spanish Grammar Workbook John Butt, Carmen Benjamin, Antonia Moreira Rodríguez, Christopher Pountain, Angela Howkins, Teresa de Carlos, 2019-09-15 A New Reference Grammar of Modern Spanish is a comprehensive, cohesive and clear guide to the forms and structures of Spanish as it is written and spoken today in Spain and Latin-America. It includes clear descriptions of all the main grammatical phenomena of Spanish, and their use, illustrated by numerous examples of contemporary Spanish, both Peninsular and Latin-American, formal and informal. Fully revised and updated, the sixth edition is even more relevant to students and teachers of Spanish. Practising Spanish Grammar is the ideal companion to the sixth edition of the widely acclaimed A New Reference Grammar of Modern Spanish. Thoroughly updated, this fourth edition of the workbook features an improved organization which closely mirrors that of A New Reference Grammar of Modern Spanish, sixth edition. The selection of exercises has been fully revised and expanded with new exercises on a variety of topics includingpossessives, conditional, future and past tenses, and polite requests. The combination of reference grammar and workbook is invaluable for learners at level B2-C2 of the Common European Framework for Languages, and Intermediate High-Advanced High on the ACTFL proficiency scales.

a new reference grammar of modern spanish: A New Reference Grammar of Modern Spanish John Butt, Carmen Benjamin, 2012-12-06 (abridged and revised) This reference grammar offers intermediate and advanced students a reason ably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries,} and it is set fair to overtake English by the year 2000 in numbers 2 of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the Nuevas normas de prosodia y ortograjia, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

a new reference grammar of modern spanish: *Linguistic Bibliography for the Year 2000 /*

Bibliographie Linguistique de l'Année 2000 Sijmen Tol, Hella Olbertz, Mark Janse, 2004-12-10

Bibliographie Linguistique/ Linguistic Bibliography is the annual bibliography of linguistics published by the Permanent International Committee of Linguists under the auspices of the International Council of Philosophy and Humanistic Studies of UNESCO. With a tradition of more than fifty years (the first two volumes, covering the years 1939-1947, were published in 1949-1950), *Bibliographie Linguistique* is by far the most comprehensive bibliography in the field. It covers all branches of linguistics, both theoretical and descriptive, from all geographical areas, including less known and extinct languages, with particular attention to the many endangered languages of the world. Up-to-date information is guaranteed by the collaboration of some forty contributing specialists from all over the world. With over 20,000 titles arranged according to a detailed state-of-the-art classification, *Bibliographie Linguistique* remains the standard reference book for every scholar of language and linguistics.

a new reference grammar of modern spanish: Ergebnisse einer Korpusanalyse zur

Verwendung der Verbmodi in der spanischen Tageszeitung El País Alexandra Müller, 2003-04-18

Studienarbeit aus dem Jahr 2000 im Fachbereich Romanistik - Hispanistik, Note: 1,0, Freie Universität Berlin (Institut für Romanistik), Veranstaltung: Die Modalität im Spanischen, Sprache: Deutsch, Abstract: Um die folgende Analyse auf ein theoretisches Fundament zu stellen, sollte vorab nicht nur der Untersuchungsrahmen festgesteckt werden, sondern auch ein differenziertes modales Begriffsgerüst eingeführt werden. Deshalb kann es nicht ausbleiben, Grundbegriffe wie Modalität und Modus in ihrer Terminologie kurz zu umreißen, ohne dabei allerdings exhaustiv auf diese Problematik eingehen zu wollen.¹ Das Wesen der Modalität wird in der linguistischen Literatur keineswegs einheitlich behandelt und der Terminus Modalität wird in recht unterschiedlichen Bedeutungen verwendet, wobei die oftmals synonyme Verwendung von Modalität, Modus und Verbalmodus nicht nur terminologisch unpräzise, sondern auch verwirrend ist.² Dabei ist Modalität laut Knauer keine formale, sondern in erster Linie eine funktionalsemantische Kategorie, die durch eine Reihe sprachlicher Mittel ausgedrückt werden kann, zu denen neben der Intonation, den Modalpartikeln und Modalverben auch die sogenannten Verbalmodi Indikativ, Konjunktiv, Konditional und Imperativ zu rechnen sind.³ Der Terminus an sich ist ein traditionsbelasteter, von den antiken Grammatikern ererbter Begriff der europäischen Sprachwissenschaft. [...] ¹ An dieser Stelle sei auf Ralph Ludwigs zuerst als Dissertation erschienene Korpusanalyse verwiesen, der in einem ersten methodologischen Schritt eine linguistische Bestimmung von Modusfunktion und sprachlicher Modalität vornimmt (Modalität und Modus im gesprochenen Französisch, Tübingen 1988, Kap. 1). Zum Begriff der Modalität vgl. auch Irene Doval Reixa, Die Ausdrucksmittel der

Modalität im Deutschen und Spanischen aus kontrastiver Sicht, in: Moenia, 5, 1999, S. 397-412, S. 397f. 2 Zu den wenigen Grammatikern, die terminologisch präzise arbeiten, gehören etwa Emilio Alarcos Llorach, der in der Gramática de la Lengua Española, Madrid 1994, § 209 explizit zwischen modo und modalidad del enunciado (aserción, interrogación y apelación) unterscheidet und Porto Dapena, der auf die Polysemie des Begriffs modo in den romanischen Sprachen aufmerksam macht (Del indicativo al subjuntivo, Madrid 1991, S. 12ff.). Vor allem aber Knauer übt in ihrer Korpusanalyse vehement an diesem Defizit in der einschlägigen Forschungsliteratur Kritik (Der Subjuntivo im Spanischen Mexikos. Sein Wechselverhältnis zwischen Syntax, Semantik und interaktionalen Faktoren, 1998, S. 7ff. (Beihefte zur ZRPh, Bd.292)). 3 Ibid., S.

a new reference grammar of modern spanish: Zeitschrift Für Romanische Philologie Gustav Grhober, 1996 Verzeichnis der Mitarbeiter an Band i-x : v. 10, p. [622]-625.

a new reference grammar of modern spanish: Practising Spanish Grammar Angela Howkins, Christopher Pountain, Teresa de Carlos, 2019-01-04 Practising Spanish Grammar can be used independently or as the ideal companion to the sixth edition of the widely acclaimed A New Reference Grammar of Modern Spanish (Butt, Benjamin and Moreira Rodríguez). Thoroughly updated, this fourth edition of the workbook features an improved organization which closely mirrors that of A New Reference Grammar of Modern Spanish, sixth edition. The selection of exercises has been fully revised and expanded with new exercises on a variety of topics including possessives, conditional, future and past tenses, and polite requests. Designed to stimulate and engage even the most grammar-shy students, this is an ideal resource for Spanish learners at CEFR Level B2-C1, ACFTL Intermediate-High to Advanced.

a new reference grammar of modern spanish: Spanish Grammar John Butt, 2000 Covering all the fundamental and essential points of Spanish grammar in a clear and user-friendly way, this book presents each area of instruction on a double-page spread for easy access and navigation, with all example sentences highlighted to show what is being illustrated.

a new reference grammar of modern spanish: Medium und Reflexiv Ingrid Kaufmann, 2004 Das Verbalgenus Medium ebenso wie die in vielen europäischen Sprachen vorliegenden Reflexivkonstruktionen unterscheiden sich von anderen Diathesen darin, daß sie verschiedene Lesarten aufweisen können: reflexiv (sich waschen), reziprok (sich treffen), dekausativ (sich biegen), kausativ reflexiv (sich die Haare schneiden [lassen]) oder facilitativ (Das Buch liest sich leicht). In der Arbeit wird eine einheitliche Analyse für alle Lesarten des Mediums vorgestellt, bei der diese sich nicht durch eine Veränderung der semantischen Repräsentation ergeben, sondern aus der Interaktion der Argumentstruktur (AS) mit der Verbsemantik und der Ereignisstruktur. Die zentrale Annahme ist, daß die Eigenschaft, das Zustandekommen der Situation zu kontrollieren, nicht mit dem semantisch als Agens festgelegten Argument assoziiert ist, sondern mit der höchsten AS-Position. Charakteristisch für Mediumformen ist, daß das Agensargument nicht in die AS abgebildet wird, so daß diese Eigenschaft entweder mit einem anderen Argument assoziiert wird, oder die Situation als nicht von einem ihrer Partizipanten verursacht interpretiert werden kann. Berücksichtigt werden das Mediumssystem im Fula, Alt- und Neugriechischen sowie Reflexivkonstruktionen u.a. im Deutschen und Spanischen. Da die passivische Lesart nach der vorgestellten Analyse nicht zu den genuinen Mediumlesarten gehört, liegt ein Schwerpunkt auf ihrer Entstehung im Altgriechischen und den daraus resultierenden Veränderungen des Verbsystems.

a new reference grammar of modern spanish: Current Research Into Language Teaching and Learning in the UK, 1993-95 Philippa Wright, 1996 This text presents the full results of the CILT survey of research-in-progress carried out in Autumn 1995. It provides an overview of research activity in the field of language teaching and learning. The research projects listed cover all areas and sectors of education, from early language learning to language learning in higher education and vocational language learning.

a new reference grammar of modern spanish: Pragmatik der Demonstrativpronomina in den iberoromanischen Sprachen Konstanze Jungbluth, 2005 Auf der Basis von in natürlichen Handlungskontexten erhobenen Daten wird der Gebrauch des dreiteiligen Paradigmas der

Demonstrativpronomina im Spanischen beschrieben. Während traditionell das spanische System als personenorientiert und zuletzt als distanzorientiert bezeichnet wurde, zeigt die Analyse der Belege, daß die durch den Sprecher und den/die Hörer gebildete Dyade den Gebrauch der Demonstrativpronomina steuert. Auf diese Weise werden sprecherseitige und hörerseitige, proximale, mediale und distale Räume sowie Bereiche, die innerhalb und solche, die außerhalb liegen, unterschieden. Die Abstraktion von den Sprechereignissen zu den ihnen zugrunde liegenden Räumen wird durch Graphiken leserfreundlich vermittelt. Kontrastiv zum Spanischen werden die beiden zweiteiligen Systeme des Katalanischen und des brasilianischen Portugiesisch behandelt. Die peninsulare Sprache weist eine große diatopische Variation auf, bei der zwei- und dreiteilige Systeme eng benachbart sind. In der südamerikanischen Sprache kontrastiert der mündliche und der schriftsprachliche Gebrauch. Der Sprachvergleich überschreitet die Romania, indem auch das Deutsche, das Finnische und das Japanische berücksichtigt werden. Im Anhang ist ein Fragebogen abgedruckt, der konkrete Sprechereignisse abbildet und als gemeinsamer Bezugspunkt für künftige sprachvergleichende Forschung zum Thema der Deixis konzipiert ist.
