The movie contains moderate to strong language, which may not be appropriate for younger audiences. Parents should be aware that some conversations include adult vocabulary and expressions that reflect the real-life conflicts depicted in the film.

Sexual Content and Romantic Themes

"Fidelity" touches on romantic and sometimes intimate interactions. These elements contribute to the film's realistic portrayal of adult relationships but require parental discretion.

Violence and Emotional Intensity

The film does not focus heavily on physical violence, but it explores emotional turmoil and conflict. Viewers might witness arguments, confrontations, and moments of distress that could be intense for sensitive viewers. fidelity 2019 parents guide: Raising Boys to Be Good Men Aaron Gouveia, 2020-06-16 If you are the parent of a boy . . . this is the book you need . . . insightful, enlightened, practical. —Peggy Orenstein, New York Times bestselling author of *Boys & Sex* From the dad who created the viral tweet supporting his son wearing nail polish, this essential parenting guide shares 36 parenting tips for battling gender norms, bringing down man up culture, and helping sons realize their potential. Our boys are in a crisis. Toxic masculinity and tough guy-ism are on display daily from our leaders, and we see anger, dysfunction, violence, and depression in young men who are suffocated by harmful social codes. Our young sons are told to stop throwing like a girl. They hear phrases like

“man up” when they cry. They are told “boys will be boys” when they behave badly. The “Girl Power” movement has encouraged women to be whoever and do whatever they want, but that sentiment is not often extended to boys. Just watch the bullying when boys try ballet, paint their fingernails, or play with a doll. But we can treat this problem—and the power lies in the hands of parents. It's not only possible to raise boys who aren't emotionally stifled and shoved into stereotypical gender boxes; it's vital if we want a generation of men who can express their emotions, respect women, and help nurse society back to a halfway healthy place. We can reframe manhood. From Aaron Gouveia, who gained viral fame after tweeting his support for his son's painted fingernails (and who knows toxic masculinity very well), learn practical and actionable tips such as: Don't accept different standards for moms and dads Teach boys that “girl” is not an insult and retire phrases like “boys will be boys” Show boys that expressing their emotions and being physical is a good thing Let boys pursue nontraditional interests and hobbies Talk to boys about consent and privilege Model healthy and respectful relationships for boys to emulate Penned with equal parts humor, biting snark, and lived advice, *Raising Boys to Be Good Men* is the essential parenting guide for raising sons to realize their potential outside the box.
