Teenagers and young adults hone it on Facebook, and celebrity newsmakers have elevated it to an art form. And it's what's making people depressed, lonely, and buried under piles of debt. ..... On the scale of one to worst idea ever, agreeing to give the toast at her best friend's engagement party when she's been in love with him for three years was not Val's finest decision. Nor was accidentally confessing her love to him in front of all their guests, including his fiancée. Boarding a plane that will take her literally anywhere to get away from the humiliation, Val is pleasantly surprised to find herself on the dazzlingly beautiful island of Reunion where she hopes she can heal her wounded pride, broken heart and bruised knees. When a painful face mask experiment leads her to a fellow broken-hearted traveller, Alex, they decide to give each other a helping hand and follow a foolproof ten-step plan to get over their respective exes. And so begins their crazy adventure. What could possibly go wrong?

..... Don't miss Jo's laugh-out-loud rom-coms, *Love You*, *Love You Not*, *Love to Hate You*, *Burning Moon*, *Almost A Bride*, *Finding You*, *After the Rain* and *The Great Ex-scape*. mcsteamy in greys anatomy: How to Save a Life Lynette Rice, 2021-09-21 The first inside story of one of TV's most popular and beloved dramas, *Grey's Anatomy*. 'I'm a Black woman casting my own show. I wanted their world to look like the world that I live in. I don't think about it in those terms [diversity], and I militantly think I don't have to.' Shonda Rhimes 'Multiple generations have discovered Derek through Netflix. They are passionate around the world. It's humbling.' Patrick Dempsey More than 15 years after its premiere, *Grey's Anatomy* remains one of the most beloved dramas on television in the US and the UK. It continues to win its time slot and has ranked in the Top 20 most watched shows in primetime for most of its 17-season run. It currently averages more

than 9 million viewers each week. Now it's time to hear from the people who made the show happen. A cultural touchstone, it introduced the unique voice and vision of Shonda Rhimes, it made Ellen Pompeo, Sandra Oh and T.R. Knight household names, and injected words and phrases into the cultural lexicon like 'McDreamy,' and 'you're my person.' And the behind-the-scenes drama has always been just as juicy as what was happening in front of the camera, from the high-profile firing of Isaiah Washington to Katherine Heigl's fall from grace and Patrick Dempsey's shocking death episode. The show continued to haemorrhage key players, but the beloved hospital series never skipped a beat. Lynette Rice's *How to Save A Life* takes a deep dive into the show's humble start, while offering exclusive intel on the behind-the-scenes culture, the most heartbreaking departures and the more polarizing plotlines. It's the perfect gift for all *Grey's Anatomy* stans out there. 'It's incredible how this show just keeps resonating with the young generation. It's really touching.' Ellen Pompeo 'As much of my life as I feel like I [gave that] character, she has saved me and helped me grow into the artist that I am. . . . If [Shonda] didn't ask me to come back for the series finale, I would hurt her.' Sandra Oh

mcsteamy in greys anatomy: Confessions of a Reluctant Recessionista Amy Silver, 2011-02-15

Cassie Cavanagh has never minded being 'just a PA'. In fact she's quite content with her lot. She has a city job she kind of enjoys - after all she is indispensable, you know. She has a boyfriend who showers her with gifts - what more could a girl want? And she earns enough to (just about) finance the luxuries she's become used to. But Cassie hadn't banked on being made redundant. Nor had she pictured her boyfriend leaving her for an older woman! Nor had she ever imagined needing to take financial advice from her student flatmate. Reluctant to embrace the art of being thrifty, if Cassie's going to survive the recession in style, she's a lot to learn about budgeting. And even more to learn about herself...
