the reluctant fundamentalist ebook: Quicklet on Mohsin Hamid's The Reluctant Fundamentalist Elizabeth Shestakova, 2012-07-30 ABOUT THE BOOK “I wonder now, sir, whether I believed at all in the firmness of the foundations of the new life I was attempting to construct for myself in New York.” Americans remember where they were on September 11, 2001, a day that has become a permanent fixture in the calendar. As retaliation for the attack the US launched a war in Afghanistan called “Operation Enduring Freedom” with the goal of dismantling the Taliban. Currently, the Afghanistan war has become America's longest war, even longer than the war in Vietnam. Given the duration of the war and how it began, it is surprising to note that many people in Afghanistan don’t know why the war started. Considering that 42% of the population is under 14 and that 72% is illiterate, it’s not surprising that this event doesn’t register. In addition the scarcity of electricity, also explains ignorance of the event American “foreigners” call September 11th. As a result most people from Afghanistan don’t understand why the U.S. invaded their country, causing more than 12,000 civilian deaths since the war started. The disparity of the two worldviews continues to contribute to the tensions between the two countries. Similarly, the average American knows very little about the Afghani people and the politics of this area. In an Angus Reid Public Opinion Poll half of American respondents said they don’t understand what the war in Afghanistan is about. One of the reasons for this might be because the U.S. media doesn’t focus on this war as much as on the Kardashians. This tension and lack of understanding creates a perfect opening for The Reluctant Fundamentalist by Mohsin Hamad to educate Americans about the other side. The Reluctant Fundamentalist is about a Pakistani living in New York who reevaluates his successful American life after the September 11 attacks. The book’s main advantage is that it is so topical. Given the heavy involvement of the U.S. in the Middle East, as well as neighbouring Afghanistan and Pakistan, it seems no region is more important to American welfare. EXCERPT FROM THE BOOK “Students like me were given visas and scholarships, complete financial aid, mind you and invited into the ranks of the meritocracy. In return we were expected to contribute our talents to your

society, the society we were joining. And for the most part we were happy to do so. I certainly was, at least at first.” (pg.4) It is worth describing the author’s background, which can be found on his website, because it bears many similarities to the main character of the novel, Changez. From the ages of 9 to 18, the author lived in Lahore, Pakistan. Hamid studied at Princeton University and graduated summa cum laude. He then went Harvard Law School. Upon graduation he got a job at the elite McKinsey and Company and used his free time to complete his first novel. This novel, *Moth Smoke*, took seven years to complete, but became a bestseller in India and Pakistan. *The Reluctant Fundamentalist* is his second book and also took seven years to complete. On BBC Radio Hamid explains that the reason it took him so long to write both books is that he is figuring them out as he writes them. Quicklet on Mohsin Hamid's *The Reluctant Fundamentalist* *The Reluctant Fundamentalist* is the story of Changez who comes from Pakistan to study at Princeton University. At Princeton he excels and is rewarded with a job at the prestigious valuation firm “Ultrawood Samson.” He uses his sign on bonus to pay for a trip to Greece with his classmates. In Greece he falls in love with an all American girl named Erica. He is attracted to her beauty and she is attracted to his old fashioned manners. As he gets to know her Changez finds out that her ex boyfriend, Chris, died of lung cancer a year earlier.

the reluctant fundamentalist ebook: Die Erica-America-Analogie in Mohsin Hamids 'The Reluctant Fundamentalist' Martin Wellmann, 2011-09-09 Studienarbeit aus dem Jahr 2008 im Fachbereich Anglistik - Literatur, Note: 1, Ludwig-Maximilians-Universität München (Institut für Englische Philologie), Veranstaltung: Reactions to Terrorism – Criticism and Literature after 9/11, Sprache: Deutsch, Abstract: Die katastrophalen Anschläge vom 11. September 2001 haben Menschen auf der ganzen Welt schockiert. Noch bevor sich die Staubwolke gelegt hatte und das Ausmaß des bislang heftigsten terroristischen Angriffs sichtbar wurde, war jedem einzelnen, ob New Yorker oder nicht, bewusst, dass dieses Ereignis weitreichende Folgen haben würde. Kurz nach den Terroranschlägen konnte bereits beobachtet werden, wie sich diese schreckliche Tat, gerade im Zeitalter der Globalisierung, auf viele Bereiche des gesellschaftlichen Zusammenlebens auswirkt. Bis heute, nur wenige Jahre nach den Anschlägen, sind zahlreiche Bücher, Dokumentationen und auch Kinofilme erschienen, die diese weltweite historische Zäsur thematisieren. Der Verarbeitungsprozess ist längst nicht abgeschlossen und somit lassen sich vor allem in den jüngsten Werken der Weltliteratur interessante Beobachtungen zur amerikanischen Post-9/11-Gesellschaft machen. Mohsin Hamids Novelle *The Reluctant Fundamentalist* zeigt auf besonders interessante Art und Weise wie sich die Anschläge vom 11. September auf die amerikanische Gesellschaft auswirken. Bemerkenswert ist nicht nur, dass *The Reluctant Fundamentalist* die durch 9/11 hervorgerufenen Veränderungen aus der Gegenperspektive betrachtet, sondern auch die besondere Bildlichkeit mit der dies geschieht und die dieser Novelle eine außerordentliche Wirkungskraft verleiht. Hamids Novelle bietet neben einem treffenden Querschnitt der amerikanischen Gesellschaft auch eine Liebesgeschichte zwischen Changez, einem jungen pakistanischen Universitätsabsolventen, und einem amerikanischen Mädchen namens Erica. Im Laufe dieser Arbeit soll gezeigt werden, dass es sich bei Erica, wie bereits der Name vermuten lässt, um eine komplexe allegorische Darstellung

eines noch näher zu bestimmenden Amerikabildes handelt. Um dies zu beweisen sollen im ersten Teil der Arbeit (Am)erica – also Amerika und Erica – vor den Anschlägen vom 11. September auf Gemeinsamkeiten untersucht werden. Danach soll im zweiten Teil gezeigt werden, dass sich die Terroranschläge auf Amerika und auch auf Erica ähnlich katastrophal auswirken. Die durch diese ausführliche Gegenüberstellung gewonnenen Erkenntnisse sollen abschließend auf ihre Deckungsgleichheit überprüft werden, um somit feststellen zu können, welches Amerikabild in *The Reluctant Fundamentalist* gezeigt wird.

the reluctant fundamentalist ebook: *Religious and Racial Profiling in Mohsin Hamid's Novel "The Reluctant Fundamentalist"* Muhammad Rizwan, 2016-01-20 Research Paper (postgraduate) from the year 2016 in the subject American Studies - Literature, , language: English, abstract: The focus of this paper is the plight the Muslims of the world, especially those living in America, face due to religious discriminations. This discrimination is the result of the religious profiling of the media and the institutions which are working to spread the ideology of the West to the rest of the world. Everything is under their control so they manipulate the facts. Many Asian writers have tried to portray the true picture of the scene but it remains a great crisis need to be resolved. This paper will examine the core issues resulting from the religious profiling with the references from the novel *The Reluctant Fundamentalist*, written by Mohsin Hamid in the context of post-9/11 milieu of the world, especially about the dealing with the Muslims.

the reluctant fundamentalist ebook: EBOOK: A Good Death: On the Value of Death and Dying Lars Sandman, 2004-09-16 ·Is there such a thing as a good death? ·Should we be able to choose how we wish to die? ·What are the ethical considerations that surround a good death? The notion of a 'good death' plays an important role in modern palliative care and remains a topic for lively debate. Using philosophical methods and theories, this book provides a critical analysis of Western notions surrounding the dying process in the palliative care context. Sandman highlights

how our changing ideas about the value of life inevitably shape the concept of a good death. He explores the varying perspectives on the good death that come from friends, family, physicians, spiritual carers and others close to the dying person. Setting out a number of arguments for and against existing thinking about a good death, this book links to the practice of palliative care in several key areas including: ·An exploration of the universal features of dying ·The process of facing death ·Preparation for death ·The environment of dying and death The author concludes that it is difficult to find convincing reasons for any one way to die a good death and argues for a pluralist approach. A Good Death is essential reading for students and professionals with an interest in palliative care and end-of-life issues.

the reluctant fundamentalist ebook: Ruptured Commons Anna Guttman, Veronica J. Austen, 2024-10-10 At a time when we have all lived through profound and unexpected disruptions to our shared spaces, routines, economies, societies, and work-lives, this book considers the nature and implications of rupture, the commons, and their conjoining. Addressing rupture and disruption through the lens of literary and cultural studies, this volume traverses genres — film, fiction, theatre, poetry, and the graphic novel — and continents, and addresses histories and identities as ecologies. The focus is resolutely contemporary, with nearly all of the texts being analyzed produced within the last decade. Beginning with the history of, and debates about, Garrett Hardin's famous "tragedy of the commons," Ruptured Commons engages with texts and cultures of disaster wherein artistic expression becomes a form of protest and a path to change. This collection both critically examines our arrival at and understanding of this moment, and explores diverse, and hopeful, visions for the future embedded within contemporary culture.

the reluctant fundamentalist ebook: Post-9/11 Historical Fiction and Alternate History Fiction Pei-chen Liao, 2020-09-19 Drawing on theories of historiography, memory, and diaspora, as well as from existing genre studies, this book explores why contemporary writers are so fascinated with history. Pei-chen Liao considers how fiction contributes to the making and remaking of the transnational history of the U.S. by thinking beyond and before 9/11, investigating how the dynamics of memory, as well as the emergent present, influences readers' reception of historical fiction and alternate history fiction and their interpretation of the past. Set against the historical backdrop of WWII, the Vietnam War, and the War on Terror, the novels under discussion tell Jewish, Japanese, white American, African, Muslim, and Native Americans' stories of trauma and survival. As a means to transmit memories of past events, these novels demonstrate how multidirectional memory can be not only collective but connective, as exemplified by the echoes that post-9/11 readers hear between different histories of violence that the novels chronicle, as well as between the past and the present.

the reluctant fundamentalist ebook: Bookclub-in-a-Box Discusses The Reluctant Fundamentalist, by Mohsin Hamid Marilyn Herbert, 2012-02-07 The Reluctant Fundamentalist is more than the usual immigrant book of adaptation, struggle, and identity. It is the gripping tale of a young man who comes to America from Pakistan just prior to 9/11. The protagonist, Changez, is a Harvard educated businessman who works for a high-profile company that assesses the economic value of other companies. Changez is very successful in his chosen career, but then September 11 happens and everything changes. The setting is Lahore, Pakistan and the tale is told by one narrator, that of Changez, as he speaks to a nameless and faceless American tourist. The narration takes place in the span of a single evening, in fact, during a single meal, and Hamid manages to swing the reader on a pendulum of conflicting emotions and thoughts. The Bookclub-in-a-Box guide explores a number of important questions: who is this nameless American and why is he in Pakistan; how can one person have equal love for two countries that are at odds with each other in culture and outlook; how does such a person come to terms with his two worlds; and what is the significance of the word "reluctant" in the novel's title, The Reluctant Fundamentalist. Every Bookclub-in-a-Box discussion

guide also includes complete coverage of the themes and symbols, writing style and interesting background information on the novel and the author.

the reluctant fundamentalist ebook: Magical Realism in Twenty-First-Century Transnational Fiction D. Chichester, 2025-09-25 Magical Realism in Twenty-First-Century Transnational Fiction: The Global Supernatural offers a much-needed re-evaluation of magical realism, moving beyond traditional postcolonial frameworks to explore its vibrant evolution in the 21st century. Analysing the works of contemporary authors like Helen Oyeyemi, Mohsin Hamid, Preeta Samarasan and Junot Díaz, this book explores how magical realism has been adapted to depict the complex, fluid identities and experiences of migrants and their children in a globalised world. By employing the psychoanalytic concept of relationality, it examines the intricate interplay between cultures, beliefs and personal narratives. Challenging outdated notions of 'magic' versus 'realism', this study reveals how the supernatural is used to express the disorientation, paradox and trauma of transnational lives. This book is essential for anyone seeking to understand the enduring creative power of magical realism.

the reluctant fundamentalist ebook: Children of Globalization Ricardo Quintana-Vallejo, 2020-12-10 Children of Globalization is the first book-length exploration of contemporary Diasporic Coming-of-age Novels in the context of globalized and de facto multicultural societies. Diasporic Coming-of-age Novels subvert the horizon of expectations of the originating and archetypal form of the genre, the traditional Bildungsroman, which encompasses the works of Johann Wolfgang von Goethe, Charles Dickens, and Jane Austen, and illustrates middle-class, European, enlightened, and overwhelmingly male protagonists who become accommodated citizens, workers, and spouses whom the readers should imitate. Conversely, Diasporic Coming-of-age Novels have manifold ways of defining youth and adulthood. The culturally-hybrid protagonists, often experiencing intersectional oppression due to their identities of race, gender, class, or sexuality, must negotiate what it means to become adults in their own families and social contexts, at times being undocumented or otherwise unable to access full citizenship, thus enabling complex and variegated formative processes that beg the questions of nationhood and belonging in increasingly globalized societies worldwide.

the reluctant fundamentalist ebook: *Post-9/11 Espionage Fiction in the US and Pakistan* Cara N. Cilano, 2014-05-09 As the events of 11 September 2001 and their aftermath influence new developments in spy fiction as a popular genre, an examination of these literary narratives concerned with espionage and terrorism can reshape our approach to non-fictional representations of the same concerns. *Post-9/11 Espionage Fiction in the US and Pakistan* examines post-9/11 American spy fictions alongside Pakistani novels that draw upon many of the same figures, tropes, and conventions. As the Pakistani texts re-place spy fiction's conventions, they offer another vantage point from which to view the affective appeals common to these conventions' usual deployment in American texts. This book argues that the appropriation by Pakistani writers of these conventions insistently tracks how the formulaic and popular nature of post-9/11 American espionage thrillers forwards and reinforces appropriate affective responses, often linked to domestic sites and relations, to terrorism. It also analyses and compares American and Pakistani representations of the twinned figures of the spy (or his proxy) and the terrorist, a term frequently conflated with fundamentalist. The insights of these analyses can serve as interpretive interruptions of non-fictional representations of Pakistani-US war on terror relations. Offering an innovative analysis of the reflection of narrative conventions in our view of the real-life events, this book will attract scholars with an interest in Pakistani literature, Postcolonial literature, Asian Studies and Terrorism studies.

the reluctant fundamentalist ebook: The post-9/11 novel as a political and literary trauma. Fact and fiction in Mohsin Hamid's novel "The Reluctant Fundamentalist" Matthias Dickert, 2016-10-10 Scientific Essay from the year 2016 in the subject English Language and Literature Studies - Literature, Comenius University in Bratislava, language: English, abstract: It has now been fifteen years since America and the world were hit by a terror attack of a new and unknown quality. The Muslim terrorists belonging to Bin Laden's terror network Al-Qaida who

hijacked several planes to use them as lethal weapons against America and her symbolic role as the country of freedom and democracy started a new era of political, social and religious uproar and chaos inexperienced so far. This chaos expressed itself not only in the Gulf Wars that were to follow or the ongoing wars in Lybia, Syria, Iraq or Afghanistan and the migration waves to Europe as a result from all this it also paved the way for a literary embodiment of 9/11 as a literary element which has found a fixed place within migrant writing in the widest sense and Muslim writing in particular. The fact that writers from East (and West) incorporated this key date into their novels threw light on the fact that 9/11 did not only function as a global, national, collective, religious or individual trauma it also showed its widespread application for plot, character, constellations, speech and reception of many authors. The introduction and employment of 9/11 into contemporary literature slowly but steadily showed its ongoing importance for contemporary writing. In 2007 the newspaper USA Today declared on a headline that 'Novels about 9/11 can't stack up to non-fiction' thus throwing light at the multiple use of it as a narrative element. In 2015 an editor for The New York Times Book Review suited that the necessity for a 9/11 novel goes on because it reflects 'a new age of terror'. The fact that 9/11 is a widely used element of Muslim writing shows that it is this group of contemporary novelists who are aware of its manifold use for literature. Literature is, however, always a reflection of social, political and religious conditions and it is exactly this link which is of special interest here. The author of this text therefore first of all gives a general introduction into 9/11 before he tries to reflect in with Muslim writing and the post-9/11 novel thus throwing light on the close link between both sides and the literary consequences resulting from this. This will be done with the help of Mohsin Hamid's novel *The Reluctant Fundamentalist* (2007) which has by now been accepted as a masterpiece of this new genre.

the reluctant fundamentalist ebook: *HolyPhone Confessional Crisis* Charles Brett, 2015-09-14
 The Vatican introduces HolyPhones into confessionals in Europe and the Americas. These smartphones connect those seeking confession to the Vatican Confessional Call Centre, part of a Church initiative to reduce the workload of its priests and generate new income. An alliance - of a female Spanish member of Opus Dei, an American lady whose father runs a southern fundamentalist church, an Israeli pro-Settler technology genius and an ex-banker-turned- priest, a past lover of the American - conspire to cream-off a slice of the HolyPhone's confessional revenues. Cardinal da Ferraz is responsible for the HolyPhone's success. He has suspicions. He locates Davide, who conceived the HolyPhone, and deploys an Irish policeman with his Australian computer crime sidekick to identify if there is a problem. They must find out before the Church suffers. More than the Church's finances are at stake. [This is the first Davide Shape/Inma Avila novel. It is a technology, crime and church thriller set in Rome, Israel and Spain.]
