Lyrics to Who Can It Be Now: Exploring the Iconic Song by Men at Work

lyrics to who can it be now instantly bring to mind the catchy tune and distinctive saxophone riff that defined a classic 1980s hit. This song, performed by the Australian band Men at Work, has remained a staple on retro playlists and radio stations for decades. Its memorable lyrics and unique sound continue to resonate with listeners today. In this article, we'll dive deep into the lyrics, the meaning behind the song, and why it still captivates audiences around the world.

The Story Behind "Who Can It Be Now"

Before we dissect the lyrics to who can it be now, it's helpful to understand the song's background. Released in 1981 as part of Men at Work's debut album **Business as Usual**, the track quickly climbed the charts, reaching number one on the U.S. Billboard Hot 100. Written by lead vocalist Colin Hay, the song reflects themes of paranoia and isolation, which were inspired by Hay's own experiences at the time.

Inspiration for the Lyrics

Colin Hay has spoken openly about the song's origin. He wrote it during a period when he was feeling anxious about unexpected visitors knocking at his door. The lyrics capture the fear and curiosity that come with not knowing who is outside, blending that sense of vulnerability with a catchy, upbeat melody. This contrast between anxious lyrics and an energetic tune is one reason the song has such a lasting appeal.

Breaking Down the Lyrics

The lyrics to who can it be now paint a vivid picture of someone overwhelmed by the possibility of intrusion. Let's explore some of the key lines and what they reveal about the song's narrative.

Opening Verse: Setting the Scene

The song starts with the line, "Who can it be knocking at my door?" This immediately sets a tone of suspicion and unease. The protagonist hears a knock and is unsure whether it's a friend or a threat. The repetition of this

question throughout the song emphasizes the ongoing anxiety.

Chorus: The Emotional Core

The chorus expresses the desire to avoid interaction: "Go 'way, don't come 'round here no more." This plea highlights the protagonist's need for solitude and safety. It's relatable to anyone who's ever felt overwhelmed by social demands or unwanted attention.

Imagery and Mood

Throughout the lyrics, there are references to loneliness and fear of the unknown. Lines like "I got my back against the record machine" conjure an image of someone seeking refuge in music to block out the outside world. This adds a layer of depth, showing how the character copes with anxiety.

Popular Lines and Their Cultural Impact

Certain parts of the lyrics to who can it be now have become iconic in pop culture. The saxophone riff, paired with the phrase "Who can it be now?" is instantly recognizable, often used in movies, TV shows, and commercials to evoke the 1980s vibe.

Memorable Lyrics That Stick

- "Who can it be knocking at my door?"
- "Go 'way, don't come 'round here no more."
- "I'm not in the mood to play."

These lines capture the emotional tension of wanting to be left alone while maintaining an infectious musical energy.

Understanding the Song's Themes

Beyond its catchy tune, the lyrics to who can it be now explore universal emotions like fear, isolation, and the desire for privacy. This makes the song relatable across generations.

Paranoia and Anxiety

The protagonist's paranoia about who might be at the door can be seen as a metaphor for broader social anxieties. Many listeners relate to the feeling of being overwhelmed by external pressures or unexpected challenges.

Seeking Solitude

The lyrics also touch on the need for personal space. In a world that often demands constant interaction, the song reminds us that sometimes, it's okay to want to be alone.

Tips for Interpreting and Enjoying the Lyrics

If you're diving into the lyrics to who can it be now for the first time or revisiting them, here are some tips to deepen your appreciation:

- **Listen to the Song While Reading the Lyrics:** Hearing the energetic melody alongside the anxious words creates a fascinating contrast.
- **Consider the Historical Context:** Early 1980s Australia and global pop culture influenced the song's style and themes.
- **Reflect on Personal Experiences:** Think about moments when you've felt anxious or wanted to retreat, and how the lyrics resonate personally.
- **Explore Live Performances:** Colin Hay's live renditions sometimes offer new emotional nuances to the song.

Where to Find the Lyrics to "Who Can It Be Now"

For fans wanting to see the complete lyrics to who can it be now, many online music platforms offer official lyrics pages. Websites like Genius, AZLyrics, and MetroLyrics provide detailed transcriptions and annotations that can enhance understanding.

Additionally, streaming services like Spotify and Apple Music often display synced lyrics, allowing listeners to follow along in real time. This interactive experience can deepen your connection to the song and its story.

Using Lyrics to Connect with the Song's Meaning

Reading lyrics while listening can reveal subtle details you might miss otherwise. Pay attention to the repetition and phrasing choices, as they emphasize the song's emotional core. The lyrics' simplicity combined with their evocative imagery makes the song accessible yet profound.

The Legacy of "Who Can It Be Now" in Music History

Men at Work's hit is more than just a catchy tune; it's a cultural milestone that helped define the early 80s sound. The lyrics to who can it be now capture a slice of human emotion that transcends time, contributing to the song's enduring popularity.

Influence on Other Artists

The song's style and lyrical themes have influenced numerous musicians who explore anxiety and social isolation in their work. Its blend of pop-rock and reggae rhythms also paved the way for genre experimentation in mainstream music.

Continued Relevance

Even decades after its release, the song resonates with new generations. In an era where mental health conversations are more open, the lyrics to who can it be now offer a relatable expression of vulnerability and the need for personal boundaries.

Exploring the lyrics to who can it be now offers insight into not just a memorable song, but a timeless reflection on human emotions. Whether you're a longtime fan or discovering Men at Work for the first time, the song's energy and message remain compelling and worth revisiting.

Yes, 'Who Can It Be Now?' has been covered by various artists and featured in films, TV shows, and commercials, often used to convey suspense or a sense of intrusion.

Additional Resources

Lyrics to Who Can It Be Now: A Deep Dive into Men at Work's Iconic Hit

Lyrics to who can it be now have intrigued listeners since the song's release in 1981. As the debut single from Australian band Men at Work, the track quickly captured global attention with its distinctive saxophone riff and enigmatic storyline. A thorough examination of the lyrics reveals themes of paranoia, isolation, and the complexities of human interaction, which contributed to the enduring appeal of this classic tune.

Understanding the Lyrics to Who Can It Be Now

At first glance, the lyrics to "Who Can It Be Now" tell the story of a man who is wary of unexpected visitors. The opening lines, "Who can it be knocking at my door? / Go 'way, don't come 'round here no more," immediately set a tone of suspicion and unease. This narrative voice embodies a sense of vulnerability and a desire for solitude, which resonates with many listeners who have experienced similar feelings of anxiety or social withdrawal.

The song's chorus, repeating the question "Who can it be now?" serves as both

a literal and metaphorical inquiry. It reflects not only the protagonist's immediate concern about the identity of a visitor but also hints at broader questions about trust and fear of the unknown. This duality makes the lyrics compelling, as they tap into universal human emotions without being overly explicit.

Thematic Elements Embedded in the Lyrics

The lyrics explore several key themes:

- **Paranoia and Anxiety:** The protagonist's repeated pleas for the visitor to leave underscore a heightened state of alertness, possibly indicating a deeper psychological tension.
- **Isolation:** Lines such as "I got my reasons for all the times I've cried" suggest a personal history that has led to withdrawal from social engagement.
- **Mystery and Ambiguity:** The song never clarifies who the visitor is or why the narrator fears them, allowing for multiple interpretations.

This ambiguity adds to the song's intrigue, encouraging listeners to project their own experiences onto the narrative.

Comparative Analysis with Contemporary Songs

When compared to other hits of the early 80s, "Who Can It Be Now" stands out for its narrative approach and emotional depth. Unlike many pop songs of its time that focused on love or partying, Men at Work chose to explore psychological discomfort and social tension. For instance, while contemporaries like Duran Duran or The Human League embraced synthesizer-heavy, danceable tracks, Men at Work's fusion of rock elements with a prominent saxophone melody created a unique soundscape that complemented the lyrics' mood.

Additionally, the song's storytelling aligns with the tradition of narrative songwriting found in works by artists such as Billy Joel or Bruce Springsteen, who often depict everyday struggles and introspective moments. The combination of catchy instrumentation with a storyline about fear and suspicion gave "Who Can It Be Now" a distinctive place in the musical landscape of the era.

Musical Features Enhancing the Lyrics

The effectiveness of the lyrics is amplified by several musical components:

- **Saxophone Riff:** The iconic saxophone intro and recurrent motif create an urgent, tense atmosphere that mirrors the protagonist's anxiety.
- **Rhythmic Structure:** The steady, driving beat maintains a feeling of restlessness and anticipation.
- **Vocal Delivery:** Colin Hay's vocal performance conveys a mix of defensiveness and vulnerability, making the narrative believable and relatable.

These elements work cohesively to ensure that the emotional weight of the lyrics is not lost amidst the song's upbeat tempo.

Impact and Legacy of the Lyrics to Who Can It Be Now

The song's lyrics have contributed significantly to its lasting impact. By addressing themes rarely explored in mainstream pop at the time, Men at Work created a piece that was both accessible and thought-provoking. The track topped the Billboard Hot 100 in the United States and became a signature song for the band, partly due to its lyrical depth.

Moreover, the lyrics have inspired cover versions, parodies, and references in popular culture, highlighting their ongoing relevance. The sense of paranoia expressed in the song has found echoes in various social contexts, from Cold War-era uncertainties to modern-day discussions about privacy and security.

Why the Lyrics Remain Relevant

- **Universal Themes:** Feelings of suspicion and the desire for personal space are timeless human experiences.
- **Emotional Authenticity:** The raw honesty in the lyrics allows listeners to connect on a personal level.
- **Open to Interpretation:** The lack of a definitive narrative invites ongoing engagement and analysis.

This adaptability ensures that new generations continue to find meaning in the lyrics to “Who Can It Be Now.”

Conclusion: The Enduring Power of the Lyrics to Who Can It Be Now

In sum, the lyrics to “Who Can It Be Now” offer much more than a catchy hook or memorable saxophone line. They provide a window into the complexities of human emotions—fear, suspicion, and loneliness—wrapped in a compelling musical package. The song’s ability to evoke these feelings while maintaining broad appeal is a testament to Men at Work’s songwriting craft and artistic vision. As listeners revisit the track, they are reminded of the enduring power of well-crafted lyrics to capture and communicate the nuances of the human experience.

lyrics to who can it be now: My Favorite Records Daniel Braun, 2019-04-11 There are hundreds of records that I have loved over the course of my life. Some of these records have faded into the depths of my subconscious. Fortunately, most of them have stayed with me year after year remaining fresh in my memory, alive in my heart. I compiled my first “Favorites List” in 1983, and it contained about 600 recordings. Most of the records on the original list are still there today. My current list consists of about 900 recordings. And the list is still growing as I continue to be introduced to more music. You may be familiar with Rolling Stone’s 2004 cover story, “The 500 Greatest Songs of All-Time.” This is certainly a comprehensive compendium on the subject, so why should I bother writing this book? Because I’m taking a different approach, a personal approach. There’s a difference between the “greatest songs” as determined by professional music critics, and someone’s “favorite records.” I’m not a music critic or a musicologist. I’m just a guy who loves good music. Nonetheless, I believe my opinions have value because of the strong connection I have with each record. The primary purpose of this book is to draw us together using our favorite music as the catalyst. In the process of getting to know someone, a commonly asked question is: “What kind of music do you like?” His or her answer usually reveals something about their personality. Not only will you learn what my favorite records are, you will learn about me, why I like these songs and how I came to discover them. I’m hoping to create conversations, not only between you and I, but between all American music lovers. Thousands upon thousands of songs have been recorded over the past 60 years. I’ve been an avid listener for most of my life, but there are still a lot of “hidden treasures” out there I’d love to find. I’m hoping you, by sharing your favorites with me, will help me to find them. I’m also hoping that I will inspire you to listen to some of my favorites. There is a

treasure trove of great music out waiting to be enjoyed!

lyrics to who can it be now: Fanvids Charlotte Stevens, 2020-07-08 Fanvids, or vids, are short videos created in media fandom. Made from television and film sources, they are neither television episodes nor films; they resemble music videos but are non-commercial fanworks that construct creative and critical analyses of existing media. The creators of fanvids-called vidders-are predominantly women, whose vids prompt questions about media historiography and pleasures taken from screen media. Vids remake narratives for an attentive fan audience, who watch with a deep knowledge of the source text(s), or an interest in the vid form itself. Fanvids: Television, Women, and Home Media Re-Use draws on four decades of vids, produced on videotape and digitally, to argue that the vid form's creation and reception reveals a mode of engaged spectatorship that counters academic histories of media audiences and technologies. Vids offer an answer to the prevalent questions, What happens to television after it's been aired? How and by whom is it used and shared? Is it still television?

lyrics to who can it be now: Listen to New Wave Rock! James E. Perone, 2018-09-07 Students of pop music and pop culture as well as fans who have loved the music since it came into being will gain valuable insight into this genre of the 1970s and 1980s. Listen to New Wave Rock!: Exploring a Musical Genre contains background on new wave music in general, with an overview and history of new wave rock in particular. While the bulk of the book is devoted to analysis of 50 must-hear musical examples, which include artists, songs, and albums, the book also explores how this genre of the late 1970s and 1980s came into being, musical influences on the genre, and how the genre influenced later generations of artists. Additional chapters analyze the impact of new wave rock on American popular culture and the legacy of new wave music, including how the music is still used today in film and television soundtracks and in television commercials. The combination of detailed examination of specific artists, songs, and albums and discussion of background, legacy, and impact distinguish this book from others on the subject and make it a vital reference and interesting read for both students and music aficionados.

lyrics to who can it be now: Der Wolf ist in mir, der Wolf ist in dir ! Heike Thieme, 2022-08-11 Wo hör ich an, wo fang ich auf ? Ich denk so laut ich kann an dich ! Wirklich still ist es nie. Man muss nur genau hinhören und feststellen, dass man dabei über sich selbst hinaus wachsen kann. Schreite im Wald, vor einem Umweg schmaler Grad, renn aufwärts, überrascht vom Dunkel,

im Geruch, steh wie ein Baum, ohne Zweifel. Durchstreife endlose Geschichten des Waldes, entgehe falschen Fährten, mich nicht zu verlieren im Gestrüpp. Es ist manchmal eine angemessene Reaktion seinen Hund in Wirklichkeit zu lieben, denn er ist dazu in der Lage zu erkennen, wie weit es ein Mensch gut mit ihm meint. Verlierst Bodenhaftung. Erde dich erschuf. Ein Teppich, aus dem sie deine Träume knüpfte. Still Nacht, ruhst in Hunger.

lyrics to who can it be now: The Words and Music of Taylor Swift James E. Perone, 2017-07-14 This scholarly analysis of the music of Taylor Swift identifies how and why she is one of the early 21st century's most recognizable and most popular stars. By the age of 13, singer-songwriter Taylor Swift had already inked a development deal with a major record label. This early milestone was an appropriate predictor of what accomplishments were to come. Now a superstar artist with an international fanbase of millions and several critically acclaimed and commercially successful albums, Swift has established herself as one of the most important musicians of the 21st century. This accessible book serves Taylor Swift fans as well as students of contemporary popular music and popular culture, critically examining all of this young artist's work to date. The book's organization is primarily chronological, covering Taylor Swift's album and single releases in order of release date while also documenting the elements of her music and personality that have made her popular with fans of country music and pop music across a surprisingly diverse age range of listeners. The chapters address how Swift's songs have been viewed by some fans as anthems of empowerment or messages of encouragement, particularly by members of the LGBTQ community, those who have been bullied or been seen as outsiders, and emerging artists. The final chapter places Swift's work and her public persona in the context of her times with respect to her use of and relationship with technology—for example, her use of social media and songwriting technology—and her expressions of a new type of feminism that is unlike the feminism of the 1970s.

lyrics to who can it be now: **The Musical Record** , 1889

lyrics to who can it be now: *The Words and Music of James Taylor* James E. Perone, 2017-11-10 A valuable resource for James Taylor fans and a fascinating read for anyone interested in autobiographical popular music of the past 50 years. What kinds of unusual musical forms and lyrical structures did American singer-songwriter James Taylor incorporate into his songs? What role did Taylor play in the introspective singer-songwriter movement of the 1970s? How did Taylor write and record songs that were inspired from his own experiences in life that touched so many other people? *The Words and Music of James Taylor* explores these specific topics and provides detailed critical analysis of the songs and recordings of this well-known musical icon, examining his melodic writing, his use of harmony, and his often-unappreciated tailoring of musical form to enhance his lyrical messages. The book is organized chronologically, primarily around Taylor's studio albums from 1968 to 2015, and offers an introduction, a summary of Taylor's career and importance, as well as an annotated bibliography and discography. The final section of the book presents an overview of Taylor's importance and lasting impact, an analysis of themes that run through his songs, and an explanation of how Taylor's treatment of these themes changed over the years as he matured and as the world around him changed.

lyrics to who can it be now: **Big Night Out** Lorraine Freeney, Tara McCarthy, 2016-09-27

Like the wildly popular Choose Your Own Adventure tales of our childhood--only with a 20-something twist--Big Night Out is the kind of book readers will delve into more than once in their sometimes frustrating, sometimes victorious, pursuit of their quest. In Big Night Out you must meet up with your current love interest at a party. In order to get to this party, you must track down one of a number of friends who were actually invited and figure out a way to tag along. Some friends are more cooperative than others; after all, each of them has an agenda of his or her own. Likewise, the city you live in poses its own challenges; you may encounter pick-pockets, insane taxi drivers, difficult bouncers, and a full cast of extras. Add to that the practical necessities such as securing food lest you pass out from drinking too much, and Big Night Out could end up being a night out on the town from hell--depending on what you, the reader, choose to do at every turn.

lyrics to who can it be now: **Sounds of the Metropolis** Derek B. Scott, 2008-07-31 The phrase popular music revolution may instantly bring to mind such twentieth-century musical movements as jazz and rock 'n' roll. In *Sounds of the Metropolis*, however, Derek Scott argues that the first popular music revolution actually occurred in the nineteenth century, illustrating how a distinct group of popular styles first began to assert their independence and values. He explains the popular music revolution as driven by social changes and the incorporation of music into a system of capitalist enterprise, which ultimately resulted in a polarization between musical entertainment (or commercial music) and serious art. He focuses on the key genres and styles that precipitated musical change at that time, and that continued to have an impact upon popular music in the next century. By the end of the nineteenth century, popular music could no longer be viewed as watered down or more easily assimilated art music; it had its own characteristic techniques, forms, and devices. As Scott shows, popular refers here, for the first time, not only to the music's reception, but also to the presence of these specific features of style. The shift in meaning of popular provided critics with tools to condemn music that bore the signs of the popular--which they regarded as fashionable and facile, rather than progressive and serious. A fresh and persuasive consideration of the genesis of popular music on its own terms, *Sounds of the Metropolis* breaks new ground in the study of music, cultural sociology, and history

lyrics to who can it be now: **Billboard** , 1965-06-05 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. lyrics to who can it be now: **Just a Dot...** Scott Lee Rose, 2021-03-11 So Make Your Life

CountImagine a never-ending line in separate directions representing eternity past and eternity future. God has always existed, and starting with conception, time marches on for you, and you never cease to be. Psalm 39:5 says, You have made my life no longer than the width of my hand. My entire lifetime is just a moment to you; at best, each of us is but a breath. No matter how long you live, you are just a dot and very small in relation to eternity. The Creator of the Universe desires a personal relationship with you. John 3:16 says, For God so loved the world that he gave his only begotten Son, that whoever believes in him should not perish but have everlasting life. Your love and fear of the Lord should inspire you to seek Truth, find it, and lead others to do the same. Just a Dot will help lead you to be a Truth Seeker and make your life count for Jesus Christ.
