find it in everything drew barrymore: The Narcissism Epidemic Jean M. Twenge, W. Keith Campbell, 2010-04-13 Narcissism—an inflated view of the self—is everywhere. Public figures say it's what makes them stray from their wives. Parents teach it by dressing children in T-shirts that say Princess. Teenagers and young adults hone it on Facebook, and celebrity newsmakers have elevated it to an art form. And it's what's making people depressed, lonely, and buried under piles of debt. Jean Twenge's influential first book, *Generation Me*, spurred a national debate with its depiction of the challenges twenty- and thirty-somethings face in today's world—and the fallout these issues create for educators and employers. Now, Dr. Twenge turns her focus to the pernicious spread of narcissism in today's culture, which has repercussions for every age group and class. Dr. Twenge joins forces with W. Keith Campbell, Ph.D., a nationally recognized expert on narcissism, to explore this new plague in *The Narcissism Epidemic*, their eye-opening exposition of the alarming rise of narcissism and its catastrophic effects at every level of society. Even the world economy has been damaged by risky, unrealistic overconfidence. Drawing on their own extensive research as well as decades of other experts' studies, Drs. Twenge and Campbell show us how to identify narcissism, minimize the forces that sustain and transmit it, and treat it or manage it where we find it. Filled with arresting, alarming, and even amusing stories of vanity gone off the tracks (would you like to hire your own personal paparazzi?), *The Narcissism Epidemic* is at once a riveting window into the consequences of narcissism, a prescription to combat the widespread problems it causes, and a probing analysis of the culture at large.

find it in everything drew barrymore: Wes Craven Shannon Blake Skelton, 2019-11-29 With a career spanning four decades, Wes Craven (1939-2015) bridged independent exploitation cinema and Hollywood big-budget horror. A pioneer of the modern horror cinema, Craven directed such landmark films as *The Last House on the Left*, *The Hills Have Eyes*, *A Nightmare on Elm Street*, and *Scream*—considered not only classics of the genre, but examples of masterful filmmaking. Producing an impressive oeuvre that mixed intellectual concerns and political ideas, Craven utilized high-tension suspense, devastating visual brutality, and dark humor to evoke a unique brand of fear. Moreover, his films draw attention to the horror of American society—namely racism, classism, and the traumas often associated with family. This collection of twenty-nine interviews—spanning from 1980 until his final interview in 2015—traces Craven’s life and career, from his upbringing in a strict religious family and his life as an academic to his years toiling in exploitation cinema. The volume also chronicles Craven’s ascendancy as an independent director, his work within the studio system, and his eventual triumph in mainstream cinema. Within the interviews gathered here, including three previously unpublished pieces, Craven reflects on failed projects and the challenges of working with studios while offering thoughtful meditations on the dynamics and appeal of horror. *Wes Craven: Interviews* cements Craven’s legacy as a master of horror who left an indelible mark on the genre by forever altering expectations of—and approaches to—the cinema of fear.
