the sign of the son of man: The Zechariah Tradition and the Gospel of Matthew Charlene McAfee Moss, 2009-02-26 The Zechariah Tradition and the Gospel of Matthew is a comprehensive study of the ways Matthew utilizes Zechariah texts and traditions. Against the background of materials from Qumran, and apocryphal and deuterocanonical writings Matthew's explicit citations of Zechariah are examined; the influence of Zechariah elsewhere in the First Gospel is identified; and the extent to which Matthew alludes to characteristic Zechariah themes, alone or in combination with other prophetic traditions, is explored. Zechariah traditions appear in Matthew's distinctive materials, as well as in texts Matthew has transmitted, or altered, from Mark and Q. The impact of Zech 9-14 is not limited to the Passion Narrative but extends through Matthew's Infancy and Galilean healing narratives, as well; important concepts from Zech 1-8 are also discerned in the Infancy and Passion Narratives. Moss works through the canonical order of Matthew; this enables readers to appreciate the cumulative effect of Zechariah's influence at each stage of the Gospel story. Two appendices, one arranged according to Zechariah and the other to Matthew, list possible references to Zechariah in Matthew. This monograph is useful for Matthean studies and it is an insightful investigation of how one set of Old Testamental traditions are appropriated in one canonical Gospel and in the New Testament.

the sign of the son of man: Apocalypse Pablo Richard, 2009-05-01 The Book of Revelation has always been a mysterious and intriguing book, describing in symbolic terms the confrontation between the Disciples of Christ and the powers - political and supernatural - that hold sway over the current age. Fundamentalists have been attracted to the book and have sought to decipher its strange symbols as coded prophecy of future events. But as Pablo Richard shows in Apocalypse, the most powerful readings of the Book of Revelation are through the eyes of the oppressed, living out their Christian faith in the context of the modern empire. It is they who identify most strongly with Revelation's ultimate message of hope and life in the midst of death and persecution. Apocalypse

first provides a general introduction to the reading of Revelation by examining three keys for its understanding: the historical, the sociological, and the literary-structural. The book then goes on to explore the whole of the Book of Revelation, following the book's own structure. Each section provides a line-by-line reading of the text, establishing the literal meaning before applying the interpretive keys already established.
