a fragile union new and selected writings: The A to Z of the Lesbian Liberation

Movement JoAnne Myers, 2009-08-20 The Lesbian Liberation Movement is both a movement that encompasses liberating a sexual practice from stigmatization and a political movement challenging the dual oppression of women by the patriarchy's assumption of male supremacy and heterosexuality. Over the years, much has been written on homosexuality and the Gay Liberation Movement, yet much of the focus has been on male homosexuals, especially male homosexual activity and the politics that activity raises. The A to Z of the Lesbian Liberation Movement: Still the Rage is a comprehensive overview and resource guide for one of the most invisible social political movements: the Lesbian Liberation Movement. This book helps to make the still-active movement visible-the history, successes, setbacks, controversies, and issues. This book is a good resource for those studying this social political movement, containing a chronology, contextual overview, dictionary entries that cover persons, laws, terminology, issues, and countries, and an extensive bibliography of primary resources and current work.

a fragile union new and selected writings: Masculinities without Men? Jean Bobby Noble, 2010-10-01 Conventional ideas about gender and sexuality dictate that people born with male bodies naturally possess both a man's identity and a man's right to authority. Recent scholarship in the field of gender studies, however, exposes the complex political technologies that construct gender as a supposedly unchanging biological essence with self-evident links to physicality, identity, and power. In *Masculinities without Men?* Jean Bobby Noble explores how the construction of gender was thrown into crisis during the twentieth century, resulting in a permanent rupture in the sex/gender system, and how masculinity became an unstable category, altered across time, region, social class, and ethnicity. This groundbreaking study maps historical similarities in fictional, cultural, and representational practices between the periods of modernism and postmodernism. Noble examines nineteenth-century sexology, drama, and trial transcripts, and late twentieth-century counter-cultural fiction, popular film and documentaries, and theoretical texts. Among the works analyzed closely are texts that have been the focus of lesbian, queer, and feminist theory: Radclyffe Hall's *The Well of Loneliness*, Leslie Feinberg's *Stone Butch Blues*, and the film *Boys Don't Cry*. These, as Noble illustrates, make use of similar types of narratives, structures, and thematic techniques to articulate female masculinity. Also included is an exploration of Rose Tremain's *Sacred Country*, which has never before been studied within this context. Through a critical examination of these texts, Noble demonstrates that trans-gendered and trans-sexual masculinity began to emerge as a unique category in late twentieth-century fiction, distinct from lesbian or female masculinity. Of interest to scholars and students with an interest in sexuality and gender studies, *Masculinities without Men?* also makes a vital contribution to literary criticism, as well as to cultural and film studies.

a fragile union new and selected writings: New Intimacies, Old Desires Oishik Sircar, Dipika Jain, 2017-06-21 In the last 15 years, queer movements in many parts of the world have helped secure the rights of queer people. These moments have been accompanied by the brutal rise of crony capitalism, the violent consequences of the 'war on terror', the hyper-juridification of politics, the financialization/ managerialization of social movements and the medicalization of non-heteronormative identities/ practices. How do we critically read the celebratory global proliferation of queer rights in these neoliberal times? This volume responds to the complicated moment in the history of queer struggles by analysing laws, state policies and cultures of activism, to show how new intimacies between queer sexuality and neoliberalism that celebrate modernity and the birth of the liberated sexual citizen, are in fact, reproducing the old colonial desire of civilizing the native. By paying particular attention to the problematics of race, religion and class, this volume engages in a rigorous, self-reflexive critique of global queer politics and its engagements, confrontations, and negotiations with modernity and its investments in liberalism, legalism and militarism, with the objective of queering the ethics of our queer politics. a fragile union new and selected writings: *Lesbian Love Story* Amelia Possanza, 2024-05-28 For readers of Saidiya Hartman and Jeanette Winterson, *Lesbian Love Story* is an intimate journey into the archives—uncovering the romances and role models written out of history and what their stories can teach us all about how to love. When Amelia Possanza moved to Brooklyn to build a life of her own, she found herself surrounded by queer stories: she read them on landmark placards, overheard them on the pool deck when she joined the world's largest LGBTQ swim team, and even watched them on TV in her cockroach-infested apartment. These stories inspired her to seek out lesbians throughout history who could become her role models, in romance and in life. Centered around seven love stories for the ages, this is Possanza's journey into the archives to recover the personal histories of lesbians in the twentieth century: who they were, how they loved, why their stories were destroyed, and where their memories echo and live on. Possanza's hunt takes readers from a drag king show in Bushwick to the home of activists in Harlem and then across the ocean to Hadrian's Library, where she searches for traces of Sappho in the ruins. Along the way, she discovers her own love—for swimming, for community, for New York City—and adds her record to the archive. At the heart of this riveting, inventive history, Possanza asks: How could lesbian love help us reimagine care and community? What would our world look like if we replaced its foundation of misogyny with something new, with something distinctly lesbian?

a fragile union new and selected writings: *A Promise And A Way Of Life* Becky Thompson, 2001-08-07 The first in-depth look at white people's activism in fighting racism during the past fifty years. Not since the Civil Rights Movement of the 1950s and 1960s, when many white college students went south to fight against Jim Crow laws, has white antiracist activity held the public's attention. Yet there have always been white people involved in fighting racism. In this passionate work, Becky Thompson looks at white Americans who have struggled against racism, offering examples of both successes and failures, inspirations, practical philosophies, and a way ahead. *A Promise and a Way of Life* weaves an account of the past half-century based on the life histories of thirty-nine people who have placed antiracist activism at the center of their lives. Through a rich and fascinating narrative that links individual experiences with social and political history, Thompson shows the ways, both public and personal, in which whites have opposed racism during several social movements: the Civil Rights and Black Power movements, multiracial feminism, the Central American peace movement, the struggle for antiracist education, and activism against the prison industry. Beginning with the diverse catalysts that started these activists on their journeys, this book demonstrates the contributions and limitations of white antiracism in key social justice movements. Through these stories, crucial questions are raised: Does antiracist work require a repudiation of one's whiteness or can that identity be transformed through political commitment and alliances? What do white people need to do to undermine white privilege? What would it take to build a multiracial movement in which white people are responsible for creating antiracist alliances while not co-opting people of color? Unique in its depth and thoroughness, *A Promise and a Way of Life* is essential for anyone currently fighting racism or wondering how to do so. Through its demonstration of the extraordinary personal and social transformations ordinary people can make, it provides a new paradigm for movement activity, one that will help to incite and guide future antiracist activism.

a fragile union new and selected writings: *A People's Guide to New York City* Carolina Bank Muñoz, Penny Lewis, Emily Tumpson Molina, 2022-01-25 This alternative guidebook for one of the world's most popular tourist destinations explores all five boroughs to reveal a people's New York City. The sites and stories of *A People's Guide to New York City* shift our perception of what defines New York, placing the passion, determination, defeats, and victories of its people at the core. Delving into the histories of New York's five boroughs, you will encounter enslaved Africans in revolt, women marching for equality, workers on strike, musicians and performers claiming streets for their art, and neighbors organizing against landfills and industrial toxins and in support of affordable housing and public schools. The streetscapes that emerge from these groups' struggles bear the traces, and this book shows you where to look to find them. New York City is a preeminent global city, serving as the headquarters for hundreds of multinational firms and a world-renowned cultural hub for fashion, art, and music. It is among the most multicultural cities in the world and also one of the most segregated cities in the United States. The people that make this global city function—immigrants, people of color, and the working classes—reside largely in the so-called outer boroughs, outside the corporations, neon, and skyscrapers of Manhattan. *A People's Guide to New York City* expands the scope and scale of traditional guidebooks, providing an equitable exploration of the diverse communities throughout the city. Through the stories of over 150 sites across the Bronx, Manhattan, Queens, Brooklyn and Staten Island as well as thematic tours and contemporary and archival photographs, a people's New York emerges, one in which collective struggles for justice and freedom have shaped the very landscape of the city.

a fragile union new and selected writings: *A Radical Rethinking of Sexuality and Schooling* Eric Rofes, 2005-03-09 *A Radical Rethinking of Sexuality and Schooling: Status Quo or Status Queer?* offers a startling and original critique of unexamined assumptions and liberal notions about sexuality and education in the United States. Professor and long-time community activist Eric Rofes argues that liberal approaches to gay issues and public schooling are inherently doomed to fail and that a radical approach is needed that addresses core issues of power in education in a meaningful way. Tackling issues ranging from anti-gay harassment in school to children's literature on gay themes, gender performances of teachers to HIV education, graduate school programs in education to gay men's sexual cultures, Rofes presents a compelling argument for the creation of a second generation of activism focused on queers, schools, and education, one that truly empowers young people and educators and one that has the potential to truly transform power relations in our nation.

a fragile union new and selected writings: *No Angel in the Classroom* Berenice Malka Fisher, 2000-12-13 *No Angel in the Classroom: Teaching through Feminist Discourse* presents a theoretically complex yet down-to-earth and personal account of feminist teaching in higher education. Starting with a nuanced interpretation of consciousness-raising, longtime feminist educator Berenice Malka Fisher develops her philosophy of feminist teaching as a form of political discourse. Through reflection on a series of candid classroom stories, she analyzes knotty problems faced by academics and activists. What counts as knowledge in discussion of feminist issues? Can teachers exercise authority without being authoritarian? What is the role of caring in political deliberation? Should safety be considered when students and teachers address volatile topics? How can feminist and other teachers committed to social justice give serious attention to the intersections of gender, race, and sexual orientation? This groundbreaking book is intended for the beginning and veteran teachers and others concerned with the contribution of education to extending social justice. Fisher's work offers a pedagogical vision that inspires both passion and critical thinking.

a fragile union new and selected writings: *A Blackqueer Sexual Ethics* Elyse Ambrose, 2024-05-30 In *A Blackqueer Sexual Ethics: Embodiment, Possibility, and Living Archive* Elyse Ambrose looks to an archive of Blackqueerness as an authoritative source for religious ethical reflection. This approach counters the disintegrative norms of anti-Black and anti-body traditionalism in Christian sexual ethics, even those that strive to be liberative. It builds upon a tradition of Black queer and LGBTQ+-centered critique at the intersections of race, sexuality, gender, and religion through exploring the moral imagination of sexual and gender non-conformist communities in 1920's Harlem (their rent parties, blues environments, and Hamilton Lodge Ball); ethics and theology blackqueering the disciplines; and contemporary oral histories (including photographs of the subjects by the scholar-artist) of those doing ethics in their Blackqueerness. These serve as integrative sites that signal Blackqueer ethical counter-patterns of communal belonging, individual and collective becoming, goodness, embodied spirit/inspired bodies, and shared thriving. Emphases on both personal and social right-relatedness mark a shift from Christian sexual ethics based on rules, toward a communal relations-based transreligious ethics of sexuality.

a fragile union new and selected writings: *Aging Moderns* Scott Herring, 2022-12-13 What happens when the avant-garde grows old? Examining a group of writers and artists who continued the modernist experiment into later life, Scott Herring reveals how their radical artistic principles set out a new path for creative aging. *Aging Moderns* provides portraits of writers and artists who sought out or employed unconventional methods and collaborations up until the early twenty-first century. Herring finds Djuna Barnes performing the principles of high modernism not only in poetry but also in pharmacy orders and grocery lists. In mystery novels featuring Gertrude Stein and Alice B. Toklas along with modernist souvenir collections, the gay writer Samuel Steward elaborated a queer theory of aging and challenged gay male ageism. The Harlem Renaissance dancer Mabel Hampton dispelled stereotypes about aging through her queer of color performances at the Lesbian Herstory Archives. Herring explores Ivan Albright's magic realist portraits of elders, Tillie Olsen's writings on the aging female worker, and the surrealistic works made by Charles Henri Ford and his caregiver Indra Bahadur Tamang at the Dakota apartment building in New York City. Showcasing previously unpublished experimental art and writing, this deeply interdisciplinary book unites new modernist studies, American studies, disability studies, and critical age studies. *Aging Moderns* rethinks assumptions about literary creativity, the depiction of old age, and the boundaries of modernism.

a fragile union new and selected writings: *Things No Longer There* Susan Krieger, 2005-05-05 *Things No Longer There* is a lovingly crafted collection of personal stories about the author's struggle toward enlightenment while losing her eyesight. It is also, more broadly, about invisible landscapes—places of the heart that linger long after they have disappeared from the world outside. In these ten brief tales and one novella-length intimate drama, Susan Krieger takes us on a series of adventures in vision, a journey both inward and to various parts of the country. We travel with her as she goes birdwatching before sunrise in the New Mexico desert, learns to walk with a white cane, revisits an old love, returns to a summer camp of her youth, and reflects on the nature of blindness and sight. Krieger's touching memoir explores the ways that outer landscapes may change and sight may be lost, but inner visions persist, giving meaning, jarring the senses with a very different picture than what appears before the eyes. This book will reward both the general reader and those interested in disability studies, feminist ethnography, and lesbian studies.
