Format and Episode Structure

- Introduction to the victim(s) and perpetrator(s)

my favorite murder episode guide: Crimesploitation Daniel LaChance, Paul Kaplan, 2022-05-31 Due to the graphic nature of this program, viewer discretion is advised. Most of us have encountered this warning while watching television at some point. It is typically attached to a brand of reality crime TV that Paul Kaplan and Daniel LaChance call crimesploitation: spectacles designed to entertain mass audiences by exhibiting real criminal behavior and its consequences. This book examines their enduring popularity in American culture. Analyzing the structure and content of several popular crimesploitation shows, including *Cops*, *Dog: The Bounty Hunter*, and *To Catch a Predator*, as well as newer examples like *Making a Murderer* and *Don't F**K with Cats*, Kaplan and LaChance highlight the troubling nature of the genre: though it presents itself as ethical and righteous, its entertainment value hinges upon suffering. Viewers can imagine themselves as deviant and ungovernable like the criminals in the show, thereby escaping a law-abiding lifestyle. Alternatively, they can identify with law enforcement officials, exercising violence, control, and justice on criminal others. Crimesploitation offers a sobering look at the depictions of criminals, policing, and punishment in modern America.

my favorite murder episode guide: *America's First Female Serial Killer* Mary Kay McBrayer, 2020-05-19 This is Capote's *In Cold Blood* for serial killer enthusiasts: meticulously researched, superbly written, and incredibly vivid. Don't miss it." —Gabino Iglesias, author of *Coyote Songs* *America's First Female Serial Killer* novelizes the true story of first-generation Irish-American nurse Jane Toppan, born as Honora Kelley. Although all the facts are intact, books about her life and her crimes are all facts and no story. Jane Toppan was absolutely a monster, but she did not start out that way. When Jane was a young child, her father abandoned her and her sister to the Boston Female Asylum. From there, Jane was indentured to a wealthy family who changed her name, never adopted her, wrote her out of the will, and essentially taught her how to hate herself. Jilted at the altar, Jane became a nurse and took control of her life—and the lives of her victims. "A thoughtful and inspired take on one of the greatest poisoners in history. *America's First Female Serial Killer: Jane Toppan and the Making of a Monster* seethes with rage, compulsion, and a righteous condemnation of the servitude of the underclass. A chilling and sobering read." —Robert Levy, author of *The Glittering World* "McBrayer offers us a complex—and terrifying—portrait of a killer who seemed almost doomed from birth." —Kate Winkler Dawson, author of *American Sherlock: Murder, Forensics, and the Birth of American CSI* "Brings the horrifying true story of Jane Toppan to lurid, novelistic life, and forces the reader face-to-face with the thoughtlessness and cruelty that helped turn a gifted, damaged child into one of America's most legendary killers." —Shaun Hamill, author of *A Cosmology of Monsters*

my favorite murder episode guide: *Understanding Victimology* Shelly Clevenger, Jordana N. Navarro, Catherine D. Marcum, George E. Higgins, 2024-03-29 *Understanding Victimology: An Active Learning Approach* is the only textbook with extensive discussion of both online and offline victimization reinforced by group and individual learning activities. Our textbook offers instructors a variety of active learning exercises - in the book itself and in the authors' ancillaries - that engage students in the material and shed light on the experiences of marginalized social groups. Through these activities, students become engaged with the material at a higher level of learning. They learn how victimization happens and the challenges people who experience crime face in acquiring assistance from the criminal-legal system at a more intimate level instead of simply reading about it. Students also build their abilities to work with others in a collaborative learning environment, encouraging professional socialization for the future. The chapters in this second edition address gaps in information typically presented in victimology that ignore prevention or intervention, even though these topics are currently at the forefront of the national conversation going on about sexual violence in higher education. New to this edition are added coverage of immigrants and minorities and a new chapter on the media and victimization. Instructor resources are available online. Suitable for undergraduate courses in victimology, this book also serves the needs of sociology and women's studies courses and can be taught university-wide as part of diversity and inclusion initiatives.
