how old is john travolta: A Horrible Experience of Unbearable Length Roger Ebert, 2022-05-24 More of the Pulitzer Prize-winning film critic's most scathing reviews. A Horrible Experience of Unbearable Length collects more than 200 of his reviews from 2006 to 2012 in which he gave movies two stars or fewer. Known for his fair-minded and well-written film reviews, Roger is at his razor-sharp humorous best when skewering bad movies. Consider this opener for the one-star Your Highness: Your Highness is a juvenile excrescence that feels like the work of 11-year-old boys in love with dungeons, dragons, warrior women, pot, boobs, and four-letter words. That this is the work of David Gordon Green beggars the imagination. One of its heroes wears the penis of a minotaur on a string around his neck. I hate it when that happens. And finally, the inspiration for the title of this book, the one-star Transformers: Revenge of the Fallen: Transformers: Revenge of the Fallen is a horrible experience of unbearable length, briefly punctuated by three or four amusing moments. One of these involves a doglike robot humping the leg of the heroine. If you want to save yourself the ticket price, go into the kitchen, cue up a male choir singing the music of hell, and get a kid to start banging pots and pans together. Then close your eyes and use your imagination. Roger Ebert's I Hated, Hated, Hated This Movie and Your Movie Sucks, which gathered some of his most scathing reviews, were bestsellers. This collection continues the tradition, reviewing not only movies that were at the bottom of the barrel, but also movies that he found underneath the barrel. Movie buffs and humor lovers alike will relish this treasury of movies so bad that you may just want to see them for a good laugh!

how old is john travolta: The Long and Winding Road Vince Tracy, 2013-06-06 There must have been a time when you just could not get a certain song out of your head. Perhaps it was the last sound played at the disco or perhaps theres a certain riff in a song that haunts you? Perhaps its one of those songs which have a special meaning for you or a special person in your life? Whatever the reason we all have had musical influences throughout our life and some we have deliberately chosen whilst others have crept in because we watch television and listen to the radio. We also have been subjected to other musical influences from shops, restaurants, churches, dance halls and anyone whistling or singing near us. Why was it almost impossible to remember Shakespeares quotations when I tried to learn them for school yet I can remember words to songs without even trying to memorise them? As someone who has made a living from playing music for others to listen to it has interested me greatly to find out whether any of the records which have made the popular music charts has had a greater influence on me than I have realized. I will also try to remember the words to the songs I heard in my younger years without using either reference books or a safety net! I will also attempt to put the music in some kind of time frame looking at what else was happening aside from the music. I will also identify how my own appreciation of music has evolved and that charts become less important with age. This will be the basis of a large part of my book. I will also try to show that I have had to show a good amount of true grit and determination in order to eventually find the job I had always wanted from my childhood days of listening to Radio Luxembourg and Radio Caroline. Moreover, it takes a lifetime to really see your priorities. Join me now in my musical voyage of discovery.
