This volume presents more than four hundred reviews from eight countries that raise questions about and offer reflections on gender, genre, setting, character, audience, and nationalism, much of which anticipated the scholarship that has thrived in the last four decades. anne of green gables list: *The Next Instalment* Wendy Roy, 2019-11-28 What happens next? That was the question asked of early-twentieth-century authors Nellie L. McClung, L. M. Montgomery, and Mazo de la Roche, whose stories and novels appeared serially and kept readers and publishers in a state of anticipation. Each author answered through the writing and dissemination of further instalments. McClung's Pearlle Watson trilogy (1908-1921), Montgomery's Anne of Green Gables books (1908-1939), and de la Roche's Jalna novels (1927-1960) were read avidly not just as sequels but as serials in popular and literary newspapers and magazines. A number of the books were also adapted to stage, film, and television. The Next Instalment argues that these three Canadian women writers, all born in the same decade of the late nineteenth century, were influenced by early-twentieth-century publication, marketing, and reading practices to become heavily invested in the cultural phenomenon of the continuing story. A close look at their serials, sequels, and adaptations reveals that, rather than existing as separate cultural productions, each is part of a cultural and material continuum that encourages repeated consumption through development and extension of the originary story. This work considers the effects that each mode of dissemination of a narrative has on the other.

anne of green gables list: Authors and Audiences Clarence Karr, 2000 From the 1890s through the 1920s, the best-selling fiction of Ralph Connor, Robert Stead, Nellie McClung, Lucy Maud Montgomery, and Arthur Stringer was internationally recognized. In this intriguing cultural history of the conception, production, and reception of popular fiction, Clarence Karr challenges the common assumption that best sellers are a conservative cultural influence, reflecting and promoting traditional values. By focusing on a society and its cultural leaders at a period when they were coming to grips with modernity, Karr provides a new perspective on popular culture and the interaction between readers and popular authors.

Fennell, 2014-05-23 Cataloguing for School Libraries: A Guide to Simplified Form presents the rules, based on the Anglo-American Cataloguing Rules, for the cataloging of library materials. The book covers standard procedures and some proposed modifications in the cataloging of both print and non-print library materials. Subtle variations to standard procedures are made to ease the burden of catalogers and simplify the use of card catalogs. Details on cataloging from the preparation of the author entry; description of the work; adding of notes; tracing of catalog cards; and filing are thoroughly discussed.
