

edward said out of place

Edward Said Out of Place: Exploring the Life and Legacy of a Cultural Critic

edward said out of place is a phrase that captures a fundamental aspect of the renowned intellectual's identity and work. Edward Said, a Palestinian-American scholar, literary critic, and public intellectual, often grappled with feelings of displacement and marginality throughout his life. His experiences of being "out of place" did not merely reflect personal alienation but informed his groundbreaking critiques of culture, politics, and identity. In this article, we'll delve into how Edward Said's sense of being out of place shaped his scholarship and activism, explore the broader implications of his ideas, and understand why his voice remains vital in today's discussions about culture and power.

The Roots of Edward Said's Sense of Displacement

Edward Said's biography is inseparable from themes of exile, identity, and belonging. Born in Jerusalem in 1935 to a Palestinian Christian family, Said's early years were marked by the complex geopolitics of the Middle East. His family's displacement after the 1948 Arab-Israeli war forced them to relocate multiple times, first to Egypt and later to the United States. This constant movement cultivated a profound sense of being "out of place," both geographically and culturally.

Growing Up Between Worlds

Said's upbringing was a mosaic of cultures and languages. Raised in a cosmopolitan environment, he attended elite schools in Cairo before moving to the United States for higher education. Yet, despite these privileges, he never fully belonged to any single national or cultural identity. This complex background gave him a unique vantage point to critically examine how identity and place are constructed and contested.

This feeling of liminality—existing between multiple identities without a fixed home—would later become a central theme in Said's work, contributing to his nuanced understanding of exile and diaspora.

Edward Said's Intellectual Journey: Out of Place in Academia

Edward Said's academic career was equally marked by his position as an outsider. Although he became a professor at Columbia University and gained international acclaim, he often found himself challenging the dominant paradigms of Western scholarship. His critical stance toward Orientalism—his landmark critique of Western depictions of the

East—was a direct confrontation with the intellectual complacency and cultural assumptions of his field.

Orientalism and the Politics of Representation

Published in 1978, Said's book **Orientalism** revolutionized how scholars and readers think about the relationship between knowledge and power. He argued that Western representations of "the Orient" were not objective or neutral but were deeply intertwined with colonial domination and political interests. By exposing these biases, Said positioned himself as an intellectual "out of place" within traditional Western academia—a voice challenging entrenched narratives.

His work encouraged readers to question who gets to define culture and history and how these definitions serve particular power structures. The concept of "othering" introduced in **Orientalism** has since become a foundational tool in postcolonial studies, critical theory, and cultural criticism.

Edward Said Out of Place: Identity, Exile, and Cultural Criticism

At the heart of Edward Said's scholarship is an exploration of what it means to be "out of place" in a broader cultural and political sense. His writings on exile, identity, and resistance offer profound insights into the experiences of displaced peoples and intellectuals.

The Condition of Exile

In his essays and memoir **Out of Place**, Said reflects candidly on his own experiences of displacement. He describes exile not just as a physical condition but as a psychological and emotional state. Exile becomes a metaphor for the modern human condition in a world shaped by conflict, migration, and cultural clashes.

Said's reflections highlight how exile can generate both vulnerability and critical insight. Being "out of place" forces individuals to question dominant narratives and to see the world from multiple perspectives.

Hybridity and the Power of In-Betweenness

Rather than viewing displacement purely as loss, Said also recognized its potential for creativity and resistance. His concept of hybridity—the blending of cultural identities—celebrates the fluidity and complexity of identity formation. This perspective challenges rigid notions of nationalism and cultural purity.

By embracing his “out of place” identity, Said embodied a form of intellectual and cultural resistance that continues to inspire scholars, activists, and artists who navigate multiple worlds and identities.

Impact and Relevance of Edward Said’s Out of Place Perspective

Edward Said’s legacy extends far beyond literary criticism. His insights into displacement, identity, and power dynamics resonate across disciplines and social movements. Understanding the significance of his “out of place” perspective can illuminate current global challenges related to migration, cultural conflict, and representation.

Influence on Postcolonial Studies and Beyond

Said’s pioneering work laid the foundation for postcolonial studies, a field that critically examines the lasting impacts of colonialism on cultures and societies. His critique of Orientalism opened the door for scholars from formerly colonized regions to reclaim their histories and narratives.

Moreover, Said’s ideas have influenced fields such as anthropology, political science, cultural studies, and literature, encouraging interdisciplinary approaches that foreground marginalized voices.

Lessons for Today’s World

In an era marked by increasing globalization, migration crises, and political polarization, the experience of being “out of place” is more relevant than ever. Said’s reflections offer valuable lessons on empathy, cultural understanding, and the power of critical inquiry.

His work reminds us to question simplistic binaries of “us” versus “them” and to embrace the complexities of identity shaped by history, displacement, and cultural interaction.

Living “Out of Place”: Practical Insights from Edward Said’s Experience

For individuals navigating multicultural identities or living in diaspora, Edward Said’s life and work provide practical insights into managing feelings of displacement and cultivating a sense of belonging.

- **Embrace hybridity:** Recognize that identity can be fluid and multifaceted, allowing

for a richer self-understanding.

- **Engage critically:** Question dominant narratives and seek alternative perspectives to foster greater awareness.
- **Use displacement as a source of creativity:** Channel experiences of being “out of place” into artistic, intellectual, or activist endeavors.
- **Build communities:** Connect with others who share similar experiences to create supportive networks.

These approaches reflect how Said transformed his own sense of alienation into a powerful force for change and dialogue.

Edward Said out of place is more than a biographical fact; it is a lens through which we can understand his profound contributions to culture, politics, and identity. His life as a displaced intellectual challenges us to reconsider what it means to belong and how “out of place” can become a space of critical insight and transformation. As we continue to navigate a world of shifting borders and identities, Said’s legacy offers a beacon of thoughtful engagement and unwavering commitment to justice.

Frequently Asked Questions

Who is Edward Said and what is his connection to the concept of being 'out of place'?

Edward Said was a Palestinian-American literary theorist and cultural critic known for his work on postcolonial studies. The concept of being 'out of place' relates to his personal experience as a displaced person and his analysis of exile and identity in his writings.

What does Edward Said mean by 'out of place' in his writings?

In his writings, Edward Said uses 'out of place' to describe the condition of exile, displacement, and feeling alienated from one's homeland or culture, reflecting on the struggles of identity and belonging faced by colonized and displaced peoples.

How did Edward Said's personal life influence his views on being 'out of place'?

Edward Said's personal experience of displacement from Palestine and living between different cultures deeply influenced his understanding of being 'out of place,' which he explored in his works as a metaphor for exile and cultural dislocation.

What is the significance of 'out of place' in Edward Said's book 'Out of Place: A Memoir'?

In 'Out of Place: A Memoir,' Edward Said reflects on his life as a Palestinian living in exile, using the theme of being 'out of place' to explore issues of identity, belonging, and the impact of colonialism and displacement on personal and cultural levels.

How does Edward Said's concept of 'out of place' relate to postcolonial theory?

Edward Said's concept of 'out of place' is central to postcolonial theory as it addresses the experiences of displacement, hybridity, and cultural alienation faced by colonized peoples, challenging dominant narratives and advocating for recognition of marginalized identities.

Can the idea of being 'out of place' in Edward Said's work be applied to contemporary global issues?

Yes, the idea of being 'out of place' in Said's work resonates with contemporary issues such as immigration, refugee crises, and cultural displacement, offering insights into the struggles of identity and belonging in a globalized world.

What are some criticisms or debates surrounding Edward Said's notion of being 'out of place'?

Some critics argue that Said's emphasis on displacement and exile may romanticize suffering or overlook other aspects of identity formation. Others debate the applicability of his ideas across different cultures and historical contexts, questioning the universality of the 'out of place' experience.

Additional Resources

Edward Said Out of Place: An Analytical Review of Identity and Displacement

edward said out of place encapsulates a profound theme resonating through the life and works of the Palestinian-American intellectual Edward Said. Renowned for his groundbreaking contributions to postcolonial studies and his critical examination of Orientalism, Said's personal and professional narratives often reflect a sense of displacement and cultural dislocation. This exploration aims to uncover the layers behind Said's perceived "out of place" identity, analyzing how his experiences shaped his theoretical frameworks and how his legacy continues to influence discussions on exile, hybridity, and belonging.

Understanding Edward Said's Sense of Being "Out

of Place”

Edward Said's biography is a compelling testament to the complex interplay between geography, culture, and identity. Born in Jerusalem in 1935, Said's early years were marked by the turbulent political realities of the Middle East. His family's subsequent relocation to Cairo and later to the United States positioned Said at the crossroads of multiple cultural identities, none of which offered a complete sense of belonging. This physical and emotional displacement is central to understanding the phrase “Edward Said out of place,” highlighting the tension between his Palestinian roots and Western academic milieu.

Said's educational journey, culminating in a distinguished career at Columbia University, further intensified this dynamic. While he excelled in Western literary criticism and cultural theory, his scholarship remained deeply rooted in the Palestinian experience and the broader Arab world's struggle against colonialism and marginalization. This dual existence—straddling East and West—both enriched his intellectual outlook and underscored his perpetual sense of being “out of place.”

The Impact of Displacement on Said's Intellectual Contributions

The theme of displacement is not merely autobiographical in Said's work; it is foundational to his critical theories. His seminal 1978 book, **Orientalism**, critiques the West's constructed perceptions of the East, exposing how these representations have justified imperial domination. Said's own experience as an exile lent authenticity and urgency to his critique, enabling him to dissect the power dynamics embedded in cultural narratives.

Moreover, Said's concept of “contrapuntal reading,” which advocates for recognizing multiple perspectives within a text, can be traced back to his hybrid identity. By embracing the contradictions and tensions of being “out of place,” Said pioneered a method that challenges singular, hegemonic interpretations, encouraging a more nuanced understanding of literature and history.

Edward Said's Legacy: Hybridity and the Politics of Identity

Said's nuanced perception of identity complicates traditional notions of nationality and belonging. His life exemplifies what contemporary scholars term “hybridity,” a state where individuals navigate overlapping cultural affiliations without fully assimilating into any single one. In Said's case, this hybridity was both a source of intellectual creativity and personal struggle.

The Pros and Cons of Said's "Out of Place" Identity

- **Pros:** Said's displacement provided him with a unique vantage point from which to critique dominant cultural narratives. His hybrid identity fostered empathy and insight into marginalized voices, enriching postcolonial discourse.
- **Cons:** The sense of not fully belonging anywhere often entailed emotional and psychological challenges. Said grappled with alienation both within Western academia and among Arab intellectual circles, where his Western education sometimes sparked suspicion.

Comparisons with Other Intellectuals Experiencing Displacement

Comparing Said with contemporaries like Frantz Fanon or Homi Bhabha reveals shared themes of exile and cultural negotiation. Like Said, Fanon's experiences of colonial oppression informed his psychoanalytic and political theories on decolonization. Bhabha's concept of the "third space" echoes Said's hybridity, emphasizing the transformative potential of cultural in-betweenness. These parallels underscore how displacement can catalyze critical perspectives that challenge dominant paradigms.

Edward Said and the Continued Relevance of Being "Out of Place" in Contemporary Discourse

In today's globalized world, themes of migration, exile, and identity politics remain highly relevant. Edward Said's life and scholarship offer valuable insights into the ongoing struggles of diasporic communities navigating multiple cultural realities. His analysis of power relations and representation continues to inform debates on immigration, nationalism, and multiculturalism.

Moreover, the idea of being "out of place" resonates with a growing number of individuals who, like Said, live transnational lives marked by fluid identities and contested loyalties. Said's work encourages a re-examination of belonging, urging societies to embrace complexity rather than enforce rigid boundaries.

Edward Said Out of Place in Modern Educational Curricula

Educational institutions increasingly integrate Said's theories into literature, history, and cultural studies programs. His interdisciplinary approach challenges students to critically

assess how knowledge and power intersect. The prevalence of Said's work in global academia reflects the enduring significance of his insights into displacement and identity.

Challenges in Interpreting Said's "Out of Place" Experience

Despite the widespread acclaim, some critics argue that Said's portrayal of the East-West dichotomy oversimplifies complex cultural interactions. Others suggest his focus on exile may inadvertently romanticize displacement, overlooking its harsher realities. These critiques highlight the necessity of maintaining a balanced view when analyzing Said's legacy.

Edward Said's experience of being "out of place" transcends a mere biographical detail; it is a lens through which his intellectual contributions can be better understood. His navigation of multiple worlds, and the tensions therein, offer a powerful model for engaging with cultural difference and historical injustice. In reflecting on Said's life and work, one is reminded that the state of being "out of place" can, paradoxically, become a space of profound insight and transformative critique.

edward said out of place: Out of Place Edward W. Said, 2000 Edward Said was born in Jerusalem, and brought up in Cairo, spending every summer in the Lebanese mountain village of Dhour el Shweir, until he was banished to America in 1951. This work is a mixture of emotional archaeology and memory, exploring an essentially irrecoverable past. As ill health sets him thinking about endings, Edward Said returns to his beginnings in this personal memoir.

edward said out of place: Out of Place Edward W. Said, 2010-07 After a fatal medical diagnosis in 1991, Edward Said decided to leave a personal record of his life, one that re-creates the lost Arab world of his childhood in Palestine, Lebanon, and Egypt. Photos.

edward said out of place: The Edward Said Reader Edward W. Said, 2000 Presents key selections from the works of Edward Said.

edward said out of place: *Summary of Edward W. Said's Out of Place* Everest Media,, 2022-05-24T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I have never known what language I spoke first, Arabic or English, or which one was really mine beyond any doubt. I have always spoken Arabic and English together, and they have always been connected in my life. #2 My mother, who was Palestinian, spoke English fluently. She

had a classical Arabic accent, but she spoke English like a Shami, which is the collective noun used by Egyptians to describe both an Arabic speaker who is not Egyptian and someone who is from Greater Syria. #3 I could not absorb all the details of the royal family, and I could not understand why my mother was not a straight English mummy. I had two alternatives: I could adopt my father's assertive tone and say I was an American citizen, or I could try to construct my real history and origins into order. #4 My father, Said Wadie Ibrahim, was born in Jerusalem in 1906. He never spoke much about his childhood there, except that he was famous for dribbling a ball from one end of the field to the other, and then scoring. He eventually left Palestine to avoid conscription into the Ottoman army.

edward said out of place: The Politics of Dispossession Edward W. Said, 2012-10-24 Author of the groundbreaking *The Question of Palestine*, Edward Said has been America's most outspoken advocate for Palestinian self-determination. As these collected essays amply prove, he is also our most intelligent and bracingly heretical writer on affairs involving not only Palestinians but also the Arab and Muslim worlds and their tortuous relations with the West. Solidly imbued with historical context and geopolitical conjecture...fresh, unpredictable, personal and incorruptible writing.—Boston Globe In *The Politics of Dispossession*, Said traces his people's struggle for statehood through twenty-five years of exile, from the PLO's bloody 1970 exile from Jordan through the debacle of the Gulf War and the ambiguous 1994 peace accord with Israel. As frank as he is about his personal involvement in that struggle, Said is equally unsparing in his demolition of Arab icons and American shibboleths. Stylish, impassioned, and informed by a magisterial knowledge of history and literature, *The Politics of Dispossession* is a masterly synthesis of scholarship and polemic that has the power to redefine the debate over the Middle East.

edward said out of place: The Selected Works of Edward Said, 1966 - 2006 Edward W. Said, 2019-02-12 The renowned literary and cultural critic Edward Said was one of our era's most provocative and important thinkers. This comprehensive collection of his work draws from across his entire four-decade career, including his posthumously published books, making it a definitive one-volume source. Said is a brilliant and unique amalgam of scholar, aesthete, and political activist...[He] challenges and stimulates our thinking in every area. --Washington Post Book World *The Selected Works* includes key sections from all of Said's books, including his groundbreaking *Orientalism*; his memoir, *Out of Place*; and his last book, *On Late Style*. Whether writing of Zionism or Palestinian self-determination, Jane Austen or Yeats, or of music or the media, Said's uncompromising intelligence casts urgent light on every subject he undertakes. *The Selected Works* is a joy for the general reader and an indispensable resource for scholars in the many fields that his work has influenced and transformed.

edward said out of place: *Out of Place* Ian Baucom, 1999-01-25 In a 1968 speech on British immigration policy, Enoch Powell insisted that although a black man may be a British citizen, he can never be an Englishman. This book explains why such a claim was possible to advance and impossible to defend. Ian Baucom reveals how Englishness emerged against the institutions and experiences of the British Empire, rendering English culture subject to local determinations and global negotiations. In his view, the Empire was less a place where England exerted control than where it lost command of its own identity. Analyzing imperial crisis zones—including the Indian Mutiny of 1857, the Morant Bay uprising of 1865, the Amritsar massacre of 1919, and the Brixton riots of 1981--Baucom asks if the building of the empire completely refashioned England's narratives of national identity. To answer this question, he draws on a surprising range of sources: Victorian and imperial architectural theory, colonial tourist manuals, lexicographic treatises, domestic and imperial cricket culture, country house fetishism, and the writings of Ruskin, Kipling, Ford Maddox Ford, Forster, Rhys, C.L.R. James, Naipaul, and Rushdie--and representations of urban riot on television, in novels, and in parliamentary sessions. Emphasizing the English preoccupation with place, he discusses some crucial locations of Englishness that replaced the rural sites of Wordsworthian tradition: the Morant Bay courthouse, Bombay's Gothic railway station, the battle grounds of the 1857 uprising in India, colonial cricket fields, and, last but not least, urban riot zones.

edward said out of place: The Capacity to be Displaced: Resilience, Mission, and Inner Strength Clemens Sedmak, 2017-04-03 The experience of displacement is shared by people who work internationally. The capacity to be displaced is a necessary strength and skill for people working across cultures, particularly for missionaries. In order to deal with the stressful nature of displacement people need to be resilient, resilience makes people flourish in adverse circumstances. This volume presents a specific type of resilience, namely "resilience nourished by inner sources." Cultivating inner resilience draws on all the facets of a person's interior life: thoughts and memories, hopes and desires, beliefs and convictions, concerns and emotions. The notion of inner strength and resilience from within is developed using many examples from missionaries and development workers as well as case studies from all over the world.

edward said out of place: Narratives of Place, Belonging and Language Máiréad Nic Craith, 2012-02-10 Examining identity in relation to globalization and migration, this book uses narratives and memoirs from contemporary authors who have lived 'in-between' two or more languages. It explores the human desire to find one's 'own place' in new cultural contexts, and looks at the role of language in shaping a sense of belonging in society.

edward said out of place: Intimate Strangers Andreea Deciu Ritivoi, 2014-08-26 Hannah Arendt, Herbert Marcuse, Alexander Solzhenitsyn, and Edward Said each steered major intellectual and political schools of thought in American political discourse after World War II, yet none of them was American, which proved crucial to their ways of arguing and reasoning both in and out of the American context. In an effort to convince their audiences they were American enough, these thinkers deployed deft rhetorical strategies that made their cosmopolitanism feel acceptable, inspiring radical new approaches to longstanding problems in American politics. Speaking like natives, they also exploited their foreignness to entice listeners to embrace alternative modes of thought. *Intimate Strangers* unpacks this stranger ethos, a blend of detachment and involvement that manifested in the persona of a prophet for Solzhenitsyn, an impartial observer for Arendt, a mentor for Marcuse, and a victim for Said. Yet despite its many successes, the stranger ethos did alienate many audiences, and critics continue to dismiss these thinkers not for their positions but because of their foreign point of view. This book encourages readers to reject this kind of critical xenophobia, throwing support behind a political discourse that accounts for the ideals of citizens and noncitizens alike.

edward said out of place: Censorship and Exile Johanna Hartmann, Hubert Zapf, 2015 The collection *Censorship and Exile* focuses on the interrelations between the experience of exile and mechanisms of censorship. In the phenomenon of censorship the intersections and reciprocal tensions of the cultural and political spheres become drastically apparent. Literature as a form of cultural expression reacts to and criticizes ideological premises of certain political contexts. It thus represents a counter-discourse to processes of canonization that are prescribed and violently put into action by oppressive political regimes. Within the respective political contexts, people who demanded liberties such as freedom of speech or artistic freedom often found themselves forced into exile or internal emigration. The present volume focuses on these continuities and discontinuities, on commonly shared features as well as the heterogeneous manifestations of exile literature(s) in the face of practices of censorship and the repression of free speech and artistic freedom in Germany, the US and beyond. The collection comprises contributions that shed light on the interrelation of censorship and exile from comparative, historical, political, and creative perspectives.

edward said out of place: Literary Autobiography and Arab National Struggles Tahia Abdel Nasser, 2019-08-06 In memoirs, Arab writers have invoked solitude in moments of deep public involvement. Focusing on Taha Hussein, Sonallah Ibrahim, Assia Djebar, Latifa al-Zayyat, Mahmoud Darwish, Mourid Barghouti, Edward Said, Haifa Zangana, and Radwa Ashour, this book reads a range of autobiographical forms, sources, and affinities with other literatures. Taking a comparative approach, Nasser shows the local sources of contemporary Arab autobiography, adaptations of a global genre, and cultural exchange. She also examines different aspects of the contemporary autobiography as it has evolved in the Arab world during the past half-century, focusing on the

particularity of the genre written in different languages but pertaining to one overarching Arab culture. Drawing on memoirs, testimonies, autobiographical novels, poetic autobiography, journals, and diaries, she examines solitude and national struggles in contemporary Arab autobiography.

Robert Clarke, 2018-01-11 This Companion addresses an exciting emerging field of literary scholarship that charts the intersections of postcolonial studies and travel writing.

edward said out of place: Postcolonial Feminist Theology Wietske de Jong-Kumru, 2013

This book engages with the critical tools of Edward Said (1935-2003) and traces the voyage of various postcolonial feminist theologians. Along four intersecting lines, postcolonial feminist theology unfolds as addressing cultural othering, religious othering, gendered othering, and sexual othering. In critical solidarity with those constructed as other postcolonial feminist theology, the book challenges the norms of Western theology. (Series: ContactZone. Explorations in Intercultural Theology - Vol. 16)

edward said out of place: Rhetorics of Belonging Anna Bernard, 2013-10-14

Rhetorics of Belonging describes the formation and operation of a category of Palestinian and Israeli "world literature" whose authors actively respond to the expectation that their work will "narrate" the nation, invigorating critical debates about the political and artistic value of national narration as a literary practice.

edward said out of place: Revolution and Disenchantment Fadi A. Bardawil, 2020-04-10

Fadi A. Bardawil explores the hopes for and disenchantments with Marxism-Leninism in the writings and actions of revolutionary intellectuals within the 1960s Arab New Left.

edward said out of place: Theory as World Literature Jeffrey R. Di Leo, 2024-12-26

The first collection to consider what it means for theory to be considered as a species of world literature – and vice versa. What does it mean for theory to be considered as a species of not just literature but world literature? This volume offers a wide range of accounts of how the "worlding" of literature both problematizes the national categorizing of theory (e.g., French theory), and brings new meanings and challenges to the coming together of theory and literature. In sum, it presents theory as world literature as a viable alternative to more commonplace approaches to theory. Under such an approach to theory, what it means to be an African, American, or Asian "theorist" – let alone a French, German, or Spanish one – in the new millennium is as complicated (or simple) as what means to be "African," "American," or "Asian." "Worlded" literature is not considered here as only the world literature of nations and nationalities. Rather, it is also the worlded literature of individuals crossing borders, mixing stories, and speaking in dialect. So too is it the worlded literature of the multinational corporate publishing industry wherein success in the global market is a major determinate of aesthetic and literary value. Offering accounts of what it means to consider theory as world literature, the authors in this pioneering collection explore the ways in which we might regard theory as connected and reconnected through global literary networks of increasing complexity and precarity. By approaching theory from this perspective, Theory as World Literature demonstrates how and why theory is more worldly now than ever.

edward said out of place: Approaches to American Cultural Studies Antje Dallmann, Eva

Boesenberg, Martin Klepper, 2016-05-20 Approaches to American Cultural Studies provides an accessible yet comprehensive overview of the diverse range of subjects encompassed within American Studies, familiarising students with the history and shape of American Studies as an academic subject as well as its key theories, methods, and concepts. Written and edited by an international team of authors based primarily in Europe, the book is divided into four thematically-organised sections. The first part delineates the evolution of American Studies over the course of the twentieth century, the second elaborates on how American Studies as a field is positioned within the wider humanities, and the third inspects and deconstructs popular tropes such as myths of the West, the self-made man, Manifest Destiny, and representations of the President of the United States. The fourth part introduces theories of society such as structuralism and deconstruction, queer and transgender theories, border and hemispheric studies, and critical race

theory that are particularly influential within American Studies. This book is supplemented by a companion website offering further material for study (www.routledge.com/cw/dallmann). Specifically designed for use on courses across Europe, it is a clear and engaging introductory text for students of American culture.

edward said out of place: Exile and Expatriation in Modern American and Palestinian Writing Ahmad Rasmi Qabaha, 2018-05-23 This book examines the distinction between literary expatriation and exile through a 'contrapuntal reading' of modern Palestinian and American writing. It argues that exile, in the Palestinian case especially, is a political catastrophe; it is banishment by a colonial power. It suggests that, unlike expatriation (a choice of a foreign land over one's own), exile is a political rather than an artistic concept and is forced rather than voluntary — while exile can be emancipatory, it is always an unwelcome loss. In addition to its historical dimension, exile also entails a different perception of return to expatriation. This book frames expatriates as quintessentially American, particularly intellectuals and artists seeking a space of creativity and social dissidence in the experience of living away from home. At the heart of both literary discourses, however, is a preoccupation with home, belonging, identity, language, mobility and homecoming.
