The Enduring Charm of The Arabian Nights Andrew Lang Edition

the arabian nights andrew lang has become a phrase synonymous with enchanting tales and timeless storytelling. Andrew Lang, a renowned Scottish scholar and folklorist of the late 19th and early 20th centuries, is widely celebrated for his retellings and compilations of classic fairy tales and folk stories. Among his many notable works, his edition of The Arabian Nights stands out as a captivating gateway to the rich and magical world of Middle Eastern lore. But what makes Andrew Lang's rendition distinctive, and why does it continue to capture readers' imaginations today? Let's explore the fascinating realm of The Arabian Nights through the lens of Andrew Lang's masterful storytelling.

The Arabian Nights Andrew Lang: A Brief Overview

The Arabian Nights, also known as One Thousand and One Nights, is a legendary collection of Middle Eastern and South Asian folk tales compiled during the Islamic Golden Age. These stories—ranging from fantastical adventures to moral tales—have been passed down through generations, captivating audiences with their vivid characters, intrigue, and mystery.

Andrew Lang's involvement with The Arabian Nights is particularly notable because he brought these tales to a Western audience in a way that was accessible, engaging, and respectful to their origins. His edition is part of a broader project where Lang edited and compiled numerous fairy tale collections, often referred to as the "Coloured Fairy Books," which included tales from various cultures worldwide.

Who Was Andrew Lang?

Before diving deeper into his work on The Arabian Nights, it's helpful to understand who Andrew Lang

was. Born in 1844, Lang was a man of diverse interests: a poet, novelist, anthropologist, and literary critic. However, his passion for folklore and mythology defined much of his legacy. Lang sought to preserve folk narratives from around the globe, believing in their cultural significance and universal appeal.

His fairy tale collections introduced readers to folklore from places like Russia, Ireland, and India, alongside the Arabian tales. The Arabian Nights Andrew Lang edition was his way of bridging cultures, making these stories accessible to English-speaking readers while retaining the magic and moral lessons embedded within.

The Unique Appeal of Andrew Lang's Arabian Nights Edition

There are many translations and versions of The Arabian Nights, but Andrew Lang's version has a unique charm. Unlike some literal or academic translations, Lang's retelling focuses on storytelling that is both engaging and easy to read, making it ideal for younger readers or those new to these tales.

Language and Style

One of the hallmarks of Lang's approach was his lyrical but straightforward prose. He avoided overly complex language or archaic terms, which can sometimes alienate modern readers. Instead, he crafted narratives that flowed naturally, preserving the rhythm and spirit of the original stories.

His ability to balance fidelity to the source material with readability is part of why The Arabian Nights Andrew Lang edition remains popular. Readers often describe feeling as though they are being told a tale by a skilled storyteller, rather than reading a dry translation.

Selection of Stories

While *The Arabian Nights* traditionally contains hundreds of stories, each with varying themes and lengths, Lang's edition is a curated collection. He chose stories that highlight the diversity and richness of the original compilation, including famous tales like Aladdin, Ali Baba and the Forty Thieves, and Sinbad the Sailor.

This curation ensured that readers experienced a broad spectrum of narratives—from magical adventures and romantic escapades to tales of wisdom and cunning—without feeling overwhelmed. This selective approach helped cement Lang's edition as a great introduction to Arabian folklore.

Impact on Western Literature and Culture

Andrew Lang's *Arabian Nights* edition helped popularize Middle Eastern folklore in the Western world. His adaptations inspired countless writers, filmmakers, and artists, bringing the fantastical elements of these tales into mainstream culture.

Influence on Storytelling Traditions

The themes of *The Arabian Nights*—such as cleverness, justice, and the power of storytelling itself—resonate deeply with universal human experiences. Lang's accessible retelling allowed these themes to permeate Western literature more freely. Many fairy tales and fantasy novels today owe a debt to the motifs and archetypes popularized through Lang's work.

Bridging Cultural Gaps

At a time when cultural exchange was often limited or fraught with misunderstanding, Lang's respectful

treatment of Arabian tales helped foster greater appreciation for Middle Eastern culture. His work encouraged readers to see these stories not as exotic curiosities but as valuable parts of the world's shared narrative heritage.

Tips for Reading The Arabian Nights Andrew Lang Edition

If you're considering diving into Andrew Lang's Arabian Nights, here are some helpful tips to enhance your reading experience:

- **Read with an open mind:** Remember that these stories come from a different time and culture. Embrace the unfamiliar and enjoy the unique perspectives.
- **Pay attention to recurring motifs:** Themes like trickery, fate, and hospitality often appear throughout the tales and offer insight into the values of the cultures they originate from.
- **Explore the historical context:** Learning about the origins of The Arabian Nights can deepen your appreciation of the stories' significance.
- **Share the stories aloud:** These tales were originally oral traditions meant to be told around a fire or in a gathering. Reading them aloud can bring the magic to life.

Where to Find Andrew Lang's Arabian Nights Today

Thanks to its public domain status, Andrew Lang's edition of The Arabian Nights is widely available in both print and digital formats. Many publishers have reissued his collections, often paired with other famous fairy tales. You can find editions through major bookstores, libraries, and online platforms like

Project Gutenberg or Google Books.

For those interested in a richer experience, some versions include illustrations inspired by Middle Eastern art, providing a visual complement to Lang's storytelling.

Comparing Different Editions

While Lang's edition is beloved, it's also interesting to explore other translations and adaptations of The Arabian Nights. Each brings its own flavor—some are more literal, others more interpretive. Comparing versions can offer a fuller picture of this vast tapestry of tales and highlight the nuances that Lang chose to emphasize in his retellings.

The Arabian Nights Andrew Lang edition remains a timeless entry point into one of the world's greatest storytelling traditions. Whether you're a longtime fan of fairy tales or a newcomer curious about Middle Eastern folklore, Lang's version offers a charming, accessible journey through a world of magic, adventure, and wisdom that continues to inspire readers across generations.

Frequently Asked Questions

Who is Andrew Lang in relation to The Arabian Nights?

Andrew Lang was a Scottish writer and folklorist who is known for his collections of fairy tales, including his versions of stories from The Arabian Nights.

Did Andrew Lang translate The Arabian Nights?

Andrew Lang did not provide a direct translation of The Arabian Nights; instead, he adapted and retold

some of the stories from the collection in his own fairy tale anthologies.

Which Andrew Lang book features stories from The Arabian Nights?

Andrew Lang included stories inspired by The Arabian Nights in his 'Coloured Fairy Books' series, particularly in The Blue Fairy Book and The Red Fairy Book.

How faithful are Andrew Lang's versions to the original Arabian Nights tales?

Andrew Lang's versions are adaptations rather than faithful translations; he simplified and altered the stories to suit Victorian-era children's literature.

Why are Andrew Lang's adaptations of The Arabian Nights significant?

Andrew Lang's adaptations helped popularize Middle Eastern folktales in the English-speaking world and introduced these stories to younger audiences.

When were Andrew Lang's adaptations of Arabian Nights stories published?

Andrew Lang's fairy tale collections, including adaptations of Arabian Nights stories, were published primarily in the late 19th and early 20th centuries, starting from 1889 onwards.

Are Andrew Lang's Arabian Nights adaptations suitable for children?

Yes, Andrew Lang tailored his versions to be suitable for children, often removing darker or more complex themes from the original tales.

Where can I find Andrew Lang's versions of The Arabian Nights

stories?

Andrew Lang's versions can be found in his Coloured Fairy Books series, which are widely available in print and online through public domain sources.

How did Andrew Lang influence the perception of The Arabian Nights in the West?

Andrew Lang played a key role in popularizing The Arabian Nights stories in the West by presenting them in an accessible and appealing format for Victorian and Edwardian readers.

Additional Resources

The Enduring Legacy of The Arabian Nights Andrew Lang Edition

the arabian nights andrew lang represents a distinctive contribution to the rich tapestry of storytelling that has captivated readers for centuries. Andrew Lang, a prominent Scottish folklorist and literary figure of the late 19th and early 20th centuries, is best known for his extensive work in fairy tale collections, notably the "Coloured" Fairy Books series. Among his diverse literary pursuits, Lang's engagement with The Arabian Nights—also known as One Thousand and One Nights—stands out as a critical intersection of Western literary scholarship and Middle Eastern narrative tradition.

This article delves into the significance of Andrew Lang's version of The Arabian Nights by analyzing his approach, the context of his adaptation, and how his rendition has influenced perceptions of this seminal work. We will also explore the nuances of his editorial style, the challenges of translating and adapting such a complex anthology, and the broader cultural implications of his edition within both the literary canon and popular culture.

Historical Context and Andrew Lang's Literary Endeavors

Andrew Lang was a prolific writer and editor whose career spanned several decades, during which he compiled and retold folk and fairy tales from around the world. His fascination with folklore was intertwined with the Victorian era's growing interest in ethnography and comparative mythology. The *Arabian Nights*, a collection of Middle Eastern and South Asian folk tales compiled during the Islamic Golden Age, was a natural subject for Lang's scholarly curiosity.

Unlike many translators who aimed for a literal or scholarly rendition, Lang's approach was to make these stories accessible and engaging for a Western audience, particularly children and young adults. His versions often included abridgments and modifications that aligned with Victorian moral sensibilities and narrative tastes. This editorial choice reflects the broader 19th-century trend of adapting non-Western texts into forms that resonated with European readers.

Andrew Lang's Adaptation Style

Lang's adaptation of *The Arabian Nights* is characterized by a blend of faithful retelling and strategic editorial intervention. Unlike the more academic translations by Sir Richard Burton or Edward Lane, Lang's version is less about linguistic precision and more about narrative flow and readability. He selectively chose tales that would appeal to his target audience, often omitting stories with complex or controversial themes.

His prose style is marked by clarity and a gentle tone, emphasizing the fantastical and moral elements of the stories. Lang's prefaces and footnotes frequently provide cultural or historical context, guiding readers through unfamiliar concepts without overwhelming them. This approach not only educates but also invites readers to appreciate the stories within their original cultural framework, albeit through a Western lens.

The Arabian Nights and Andrew Lang: Comparative Perspectives

To fully appreciate Lang's contribution, it is instructive to compare his edition with other notable versions of The Arabian Nights:

- **Richard Burton's Translation:** Known for its exhaustive detail and fidelity to the original Arabic texts, Burton's version is scholarly and complex, often containing explicit content that caters to adult audiences.
- **Edward Lane's Edition:** Focused on ethnographic accuracy, Lane's work includes extensive footnotes and annotations but can be dense for casual readers.
- **Andrew Lang's Adaptation:** Prioritizes narrative accessibility and moral clarity, making the tales approachable for younger readers and those new to the stories.

This comparison highlights Lang's unique position as a mediator between the raw cultural material of The Arabian Nights and the sensibilities of a Victorian readership. His ability to distill the essence of these tales without overwhelming complexity made his edition a popular entry point for generations of readers.

Features and Editorial Choices in Lang's Edition

Several features distinguish The Arabian Nights Andrew Lang edition:

1. **Selective Story Inclusion:** Lang curated a collection of tales that exemplified adventure, romance, and moral lessons, often excluding those that might be considered culturally sensitive or inappropriate for children.
2. **Simplified Language:** The prose is straightforward without sacrificing the magical and exotic atmosphere that defines the original work.
3. **Illustrations and Annotations:** Many editions include illustrations that complement the text, along with explanatory notes that enhance understanding.
4. **Emphasis on Storytelling:** Lang's narrative style foregrounds the oral storytelling tradition intrinsic to *The Arabian Nights*, preserving the frame story of Scheherazade's nightly tales.

These editorial decisions reflect a balance between respect for the source material and the practicalities of engaging a particular readership.

Cultural Impact and Modern Reception

The *Arabian Nights* Andrew Lang edition has played a significant role in shaping Western perceptions of Middle Eastern folklore. By providing an accessible gateway to these stories, Lang contributed to the Western literary canon's diversification and fostered cross-cultural literary appreciation.

However, modern readers and scholars often critique Lang's version for its Victorian-era biases and the tendency to sanitize or alter culturally significant elements. This raises important discussions about cultural authenticity, representation, and the responsibilities of translators and editors working with non-Western texts.

Despite these critiques, Lang's edition remains a valuable resource for understanding how *The*

Arabian Nights was introduced and adapted for English-speaking audiences during a period of expanding global literary exchange.

Pros and Cons of Lang's Adaptation

- **Pros:**

- Highly readable and engaging prose suitable for younger audiences.
- Provides cultural context through annotations and introductions.
- Preserves the spirit of storytelling inherent in The Arabian Nights.
- Widely available and often included in collections of classic fairy tales.

- **Cons:**

- Selective omission of certain stories limits the anthology's comprehensiveness.
- Victorian editorial biases may distort original cultural nuances.
- Less suitable for academic or scholarly study compared to more literal translations.

These factors suggest that while Lang's edition is ideal for casual readers seeking an introduction, it

should be supplemented with other translations for a fuller understanding.

The Arabian Nights Andrew Lang in the Broader Literary Landscape

Lang's work on *The Arabian Nights* fits within a broader Victorian fascination with Orientalism and the adaptation of non-European narratives. His editions contributed to a genre of storytelling that emphasized moral lessons, exotic settings, and imaginative plots, influencing later writers and filmmakers inspired by these tales.

Moreover, Lang's influence extends beyond literature. The themes and motifs popularized through his edition have permeated various cultural forms, from theater and cinema to graphic novels and modern fantasy literature. His retellings helped to anchor *The Arabian Nights* as a staple of Western fairy tale collections, ensuring the longevity of these stories in popular culture.

The intersection of folklore scholarship, literary adaptation, and cultural transmission embodied in Lang's *Arabian Nights* edition invites ongoing reflection about how stories travel across time and cultures, and how they evolve in the process.

By examining *The Arabian Nights* Andrew Lang edition through a critical lens, we gain insight not only into the stories themselves but also into the historical and cultural dynamics that shape literary interpretation and legacy.

the arabian nights andrew lang: **ARABIAN NIGHTS: Andrew Lang's 1001 Nights & R. L. Stevenson's New Arabian Nights** Robert Louis Stevenson, Andrew Lang, 2023-12-24 ARABIAN NIGHTS: Andrew Lang's 1001 Nights & R. L. Stevenson's New Arabian Nights presents a fascinating confluence of narrative traditions, bridging the timeless allure of Middle Eastern folklore with the innovative storytelling of the 19th-century Western literary canon. The anthology unites the classic tales of bravery, intrigue, and wonder that have enchanted generations with Stevenson's imaginative twist on the genre, offering a nuanced play between mystique and modernity. The diversity of style ranges from the whimsy and wisdom found in Lang's translations to the daring and gothic flavors embedded in Stevenson's contributions, creating a rich tapestry of storytelling that both honors and expands on the traditional Arabian Nights format. The contributing authors, Andrew Lang, renowned for his role in making folktales accessible to the Western audience, and Robert Louis Stevenson, celebrated for his masterful flair in intertwining fantasy with keen social commentary, deliver a powerful literary exploration. This anthology aligns with the cultural cross-pollination and historical romance movements which emphasize shared human experiences across different cultural spectra. As these varied voices coalesce, they cultivate a narrative landscape that both celebrates and challenges perceptions, inviting readers to re-examine known tales through an enlightening dual

perspective. For readers eager to traverse a narrative journey that celebrates historical interplay and creative reinvention, this volume offers an essential compendium. It opens a versatile dialogue among diverse storytelling forms, allowing for an educational voyage that transcends traditional boundaries. With its dynamic blend of storytelling modes and cultural narratives, the collection fosters an intrinsic appreciation for the enduring legacy and imaginative expansion of the Arabian Nights, making it a valuable addition to any literary aficionado's library. Engage with this anthology to gain insight into the enduring power of storytelling, reimagined through the lens of literary giants.

the arabian nights andrew lang: *The Arabian Nights Entertainments* Andrew Lang, Henry Justice Ford, 1969-01-01 A collection of 26 tales told by Scheherazade to save herself and other young girls from death at the Sultan's hands.

the arabian nights andrew lang: Arabian Nights or One Thousand and One Nights (Andrew Lang) + New Arabian Nights (R. L. Stevenson) Robert Louis Stevenson, Andrew Lang, 2023-12-19 This compelling anthology merges the timeless allure of 'Arabian Nights' with Robert Louis Stevenson's inventive 'New Arabian Nights,' curated by Andrew Lang. Offering a tapestry of tales rooted in Middle Eastern folklore with a Victorian twist, the collection invites readers into realms of mystery and adventure. Uniting traditional narratives with Stevenson's modern interpretation, the anthology spans a vast array of literary styles from fables to thrilling narratives, showcasing the adaptability and enduring nature of these stories. Andrew Lang, celebrated for his fairy tale compendiums, curates this volume with a keen eye for storytelling that transcends cultural boundaries. Meanwhile, Robert Louis Stevenson, a literary giant of his era, infuses his tales with the spirit of the 'Arabian Nights,' reimagining them for a contemporary audience of the 19th century. Together, these authors draw from the wellspring of traditional Arabian folklore while contributing to the late Victorian fascination with exoticism and narrative complexity. This anthology presents a unique literary landscape, providing an opportunity to explore narratives that bridge East and West. Readers can appreciate the anthology not only for its aesthetic and narrative variety but also for its role in fostering cross-cultural dialogue. Ideal for enthusiasts of both classical literature and innovative reinterpretations, this volume uncovers a confluence of voices and styles that enrich our understanding of storytelling traditions.

the arabian nights andrew lang: *Arabian Nights One Thousand and One Nights*, 2022-03-30 The Arabian Nights is an exotic collection of stories that will grab your attention from the very first page. At the heart of the collection is Scheherazade, the bride of Schahriar, Sultan of Persia. The jealous sultan marries a new girl every evening, and has her executed the following morning – until Scheherazade decides to put a stop to his cruelty, and volunteers to marry him. As clever as she is courageous, night after night Scheherazade distracts the Sultan with tales that keep him listening, and her alive, until he falls in love with her. This classic selection presents the best-loved stories from the Arabian Nights, translated into English and introduced by Andrew Lang. A treasure-trove of timeless stories, the One Thousand and One Nights or Arabian Nights have been loved, imitated, and added to over many centuries. Similar to the fairy tales collected by the Brothers Grimm, the Arabian Nights are drawn from the folklore of India, Iran and the Middle East, and were collected in Arabic versions throughout the medieval period; others were added as recently as the eighteenth century. These stories of the exotic East have been popularised for new generations by film adaptations such as Disney's Aladdin, starring Robin Williams and Gilbert Gottfried in 1992, and Will Smith in 2019, and Dreamworks' Sinbad, starring Brad Pitt and Michelle Pfeiffer. They continue to inspire writers as varied as Marcel Proust and Neil Gaiman, while numerous Bollywood and manga versions attest to their popularity around the world. These stories of magic, adventure and romance have shaped readers' imaginations for generations, and are sure to be retold for years to come. This selection was translated by Andrew Lang from the French versions by Antoine Galland, who was the first to include the stories of Aladdin and Ali Baba. Born in Scotland in 1844, Lang was a scholar of ancient Greek, a journalist, historian, novelist and poet, and the author of 25 popular collections of fairy tales; his edition of the Arabian Nights' Entertainment was published in 1898. He became a

Fellow of the British Academy in 1906, and died in 1912.

the arabian nights andrew lang: The Arabian Nights Entertainments Andrew Lang, 2021-08-19 The Arabian Nights Entertainments Andrew Lang - One Thousand and One Nights is a collection of stories collected over many centuries by various authors, translators and scholars in various countries across the Middle East and South Asia. These collections of tales trace their roots back to ancient Arabia and Yemen, ancient Indian literature and Persian literature, ancient Egyptian literature and Mesopotamian mythology, ancient Syria and Asia Minor, and medieval Arabic folk stories from the Caliphate era. Though the oldest Arabic manuscript dates from the fourteenth century, scholarship generally dates the collection's genesis to somewhere between AD 800-900.

the arabian nights andrew lang: The Arabian Nights Entertainments (1898) by Andrew Lang (World's Classics) Andrew Lang, 2016-01-27 The stories in the Fairy Books have generally been such as old women in country places tell to their grandchildren. Nobody knows how old they are, or who told them first. The children of Ham, Shem and Japhet may have listened to them in the Ark, on wet days. Hector's little boy may have heard them in Troy Town, for it is certain that Homer knew them, and that some of them were written down in Egypt about the time of Moses. People in different countries tell them differently, but they are always the same stories, really, whether among little Zulus, at the Cape, or little Eskimo, near the North Pole. The changes are only in matters of manners and customs; such as wearing clothes or not, meeting lions who talk in the warm countries, or talking bears in the cold countries. There are plenty of kings and queens in the fairy tales, just because long ago there were plenty of kings in the country.

the arabian nights andrew lang: Andrew Lang - The Arabian Nights Entertainments Andrew Lang, 2018-11-23 Selection of stories from the Arabian nights.

the arabian nights andrew lang: Arabian Nights or One Thousand and One Nights (Andrew Lang) + New Arabian Nights (Robert Louis Stevenson) Andrew Lang, Robert Louis Stevenson, 2013-07-10 This carefully crafted ebook: Arabian Nights or One Thousand and One Nights (Andrew Lang) + New Arabian Nights (Robert Louis Stevenson) is formatted for your eReader with a functional and detailed table of contents. A medieval Middle-Eastern literary epic which tells the story of Scheherazade, a Sassanid Queen, who must relate a series of stories to her malevolent husband, the King, to delay her execution. The stories are told over a period of one thousand and

one night, and every night she ends the story with a suspenseful situation, forcing the King to keep her alive for another day. The individual stories were created over many centuries, by many people and in many styles, and they have become famous in their own right. The Arabian Nights include fairy tales, fables, romances, farces, legends, and parables. They have existed for thousands of years, consisting of tales told in Persia, Arabia, India and Asia. The Arabian Nights (also known as The 1001 Arabian Nights) have inspired writers the world over. There are versions of these stories in many languages and they all convey the great sense of adventure, truth, fantastic imagination, justice, and faith embodied by the great civilizations that contributed stories and ideas to the collection. These are versions translated by Andrew Lang in 1897.

the arabian nights andrew lang: ARABIAN NIGHTS: Andrew Lang's 1001 Nights & R. L. Stevenson's New Arabian Nights Robert Louis Stevenson, Andrew Lang, 2023-11-28 In the engrossing anthology ARABIAN NIGHTS: Andrew Lang's 1001 Nights & R. L. Stevenson's New Arabian Nights, readers are invited into a tapestry of tales that captures the imagination and the timeless allure of storytelling. This collection explores the expansive theme of adventure and mystery through a medley of literary styles, blending Lang's traditional retelling of vigorous folklore with Stevenson's rich narrative innovations. Each story pulses with its own life, carrying themes that range from the exotic enchantment and moral underpinnings of Lang's selections to the cunningly woven and sometimes satirical narratives of Stevenson's later contributions. The collection stands out as a confluence of two literary giants who have indelibly marked the canon of folklore and fiction. Andrew Lang, known for his dedication to reviving folkloric tales for new audiences, brings in historical gravitas and a scholarly touch to the stories, setting them in a context that straddles the mythical and the historical. Robert Louis Stevenson, conversely, breathes fresh life into these tales with his modernist flair, threading together elements of suspense and urban intrigue extraordinary for his era. Their combined energies find common ground in their embrace of the narrative tradition that transcends cultural and temporal boundaries. Offering readers an exceptional opportunity to traverse a vibrant landscape of myth and creative reinterpretation, this anthology stands as a testament to the enduring power of storytelling. It encourages exploration into the collective dialogue between the past and the present, capturing profound insights into the human condition and the evolving art of storytelling itself. Whether seeking to appreciate the historical foundations of folklore or witness their transformation through inventive retelling, the anthology promises to enrich and entertain readers across every line.

the arabian nights andrew lang: *The Arabian Nights* Andrew Lang, 2019-02-06 The stories in the Fairy Books have generally been such as old women in country places tell to their grandchildren. Nobody knows how old they are, or who told them first. The children of Ham, Shem and Japhet may have listened to them in the Ark, on wet days. Hector's little boy may have heard them in Troy Town, for it is certain that Homer knew them, and that some of them were written down in Egypt about the

time of Moses. People in different countries tell them differently, but they are always the same stories, really, whether among little Zulus, at the Cape, or little Eskimo, near the North Pole. The changes are only in matters of manners and customs; such as wearing clothes or not, meeting lions who talk in the warm countries, or talking bears in the cold countries. There are plenty of kings and queens in the fairy tales, just because long ago there were plenty of kings in the country. A gentleman who would be a squire now was a kind of king in Scotland in very old times, and the same in other places. These old stories, never forgotten, were taken down in writing in different ages, but mostly in this century, in all sorts of languages. These ancient stories are the contents of the Fairy books. Now The Arabian Nights, some of which, but not nearly all, are given in this volume, are only fairy tales of the East. The people of Asia, Arabia, and Persia told them in their own way, not for children, but for grown-up people. There were no novels then, nor any printed books, of course; but there were people whose profession it was to amuse men and women by telling tales. They dressed the fairy stories up, and made the characters good Mahomedans, living in Bagdad or India. The events were often supposed to happen in the reign of the great Caliph, or ruler of the Faithful, Haroun al Raschid, who lived in Bagdad in 786-808 A.D. The vizir who accompanies the Caliph was also a real person of the great family of the Barmecides. He was put to death by the Caliph in a very cruel way, nobody ever knew why. The stories must have been told in their present shape a good long while after the Caliph died, when nobody knew very exactly what had really happened. At last some storyteller thought of writing down the tales, and fixing them into a kind of framework, as if they had all been narrated to a cruel Sultan by his wife. Probably the tales were written down about the time when Edward I. was fighting Robert Bruce. But changes were made in them at different times, and a great deal that is very dull and stupid was put in, and plenty of verses. Neither the verses nor the dull pieces are given in this book. People in France and England knew almost nothing about The Arabian Nights till the reigns of Queen Anne and George I., when they were translated into French by Monsieur Galland. Grown-up people were then very fond of fairy tales, and they thought these Arab stories the best that they had ever read. They were delighted with Ghouls (who lived among the tombs) and Geni, who seemed to be a kind of ogres, and with Princesses who work magic spells, and with Peris, who are Arab fairies. Sindbad had adventures which perhaps came out of the Odyssey of Homer; in fact, all the East had contributed its wonders, and sent them to Europe in one parcel. Young men once made a noise at Monsieur Galland's windows in the dead of night, and asked him to tell them one of his marvellous tales. Nobody talked of anything but dervishes and vizirs, rocs and peris. The stories were translated from French into all languages, and only Bishop Atterbury complained that the tales were not likely to be true, and had no moral. The bishop was presently banished for being on the side of Prince Charlie's father, and had leisure to repent of being so solemn.
