So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme-based units (such as Cartoon Cavalcade, Log On at the Library, Go in Style, Cruising the Mall, Space Shots, Teens on TV, and 44 others) that are designed for young adults. Each includes a display idea, suggestions for local sponsorship of prizes, a program game to encourage participation, 10 theme-related activities, curriculum tie-in activities, sample questions for use in trivia games or scavenger hunts, ideas for activity sheets, a bibliography of related works, and a list of theme-related films. The units are highly flexible, allowing any public or school library to adapt them to their particular needs.
