marla maples dating history: The Washington Book Carlos Lozada, 2025-02-25 The Pulitzer Prize-winning opinion columnist at The New York Times and "an absolutely original genius" (Bob Woodward, The Washington Post) Carlos Lozada explores how people in power reveal themselves through their books and writings and, in doing so, illuminate the personal, political, and cultural confusions driving Washington and the nation. A longtime book critic and columnist in Washington, Carlos Lozada dissects all manner of texts: commission reports, political reporting, Supreme Court decisions, and congressional inquiries to understand the controversies animating life in the capital. He also reads copious books by politicians and top officials: tell-all accounts by administration insiders, campaign biographies by candidates longing for high office, revisionist memoirs by those leaving those offices behind. With this "unsparing and gentle, erudite and entertaining" (Steve Coll, Pulitzer Prize-winning author of Ghost Wars) essay collection, Lozada argues that no matter how carefully political figures sanitize their experiences, positions, and records, they almost always let the truth slip through. They show us their faults and blind spots, their ambitions and compromises, and their underlying motives and insecurities. Whether they mean to or not, they tell us who they really are. Lozada notes that Barack Obama constantly invoked the power of his life story in his memoirs and speeches, a sign of how he tried to transform his personal symbolism from inspiration on the campaign trail into an all-purpose government tool. Donald Trump revealed not just his vanity, but his utter isolation from the world, long before he entered the bubble of the White House. In deft and lacerating prose, Lozada interprets the unresolved tensions of Hillary Clinton's ideological beliefs. He imagines the wonderful memoir of George H.W. Bush could have given us but instead left scattered throughout various books and letters. He explores why Kamala Harris has struggled to carve out a distinctive role as vice president. He explains how Ron DeSantis's pitch to America is just a list of enemies. And he even glimpses what Vladimir Putin fears the most, and why he seeks conflict with the west. He does so all through their own books, and their own words. This "monumental read" (The Guardian) is the perfect guide to the state of our politics, and the men and women who dominate the terrain. It explores the construction of personal identity, the delusions of leadership, and the mix of subservience and ambition that can define a life in politics. The more we read the stories of Washington, the clearer our understanding of the competing visions of our country.

marla maples dating history: Gullible's Travels Marvin Kitman, 2020-05-26 How to have fun hating Trump Kitman describes the land of Gulliblesylvania as a democratic country ruled by 34.9 %

of the people, a minority better known as 'the base,' of whom a candidate said he could shoot someone on Fifth Avenue and they would still vote for him. At first Kitman assumed that Trump's candidacy was a publicity stunt. After he realized it was serious, as a satirist he felt very lucky and began to keep a comical journal, modeled after *A Journal of the Plague Year* which Daniel Defoe described as *Observations of the most remarkable occurrence*, which happened in London during the last great visitation in 1665--which is not to compare the Trump administration to the bubonic plague, Kitman hastens to add. For one thing, as our POTUS has been telling us, he's made America Great again--AND IT ONLY TOOK A YEAR AND A HALF! Kitman adds, And I have never before had such a good time observing and writing about the follies of our country. *Gullibles Travels* includes 32 Trumponicles; the debate over the president's intellectual capacity; That Russian Thing; Who is Agent Orange; and a CODA that asks the question, How Will It All End? Impeachment? 25th Amendment sacking? Resignation? Or reelection?

marla maples dating history: The World According to Trump Ken Lawrence, 2009-01-01 Donald Trump truly is the definition of an American success story. Ken Lawrence profiles Donald Trump, using actual (and often controversial) quotes from the Donald himself. You're fired. Those two words increased Donald Trump's popularity in this country a thousandfold in the spring of 2004. Trump is the dealmaker's dealmaker. His forays into real estate, golf, casinos, and now television have made him one of the most successful people in the world. Often considered brash, arrogant, and outrageous, Trump's views on succeeding--and failing--in life, as well as in business, are depicted in *The World According to Trump*. Author Ken Lawrence uses Trump's actual words on the art of making the deal. Some quotes may surprise, others may offend, but certainly all are entertaining. * I've had bright people ask me why I talk to porters and maids. . . . Those are the

people who make it all work. If they like me, they will work harder and I pay well. * It was a little bit by accident that the term You're fired came about. But when you think about it, it's a very precise, very beautiful two words. * If someone screws you, screw them back harder. * The reason my hair looks so neat all the time is because I don't have to deal with the elements very often. * Every successful person has a very large ego. * My life is an open book. I am a good son. I am a good parent. I've got four wonderful kids. I've been married twice. I don't smoke. I've never had a glass of alcohol. I've never taken illegal drugs of any kind. I've never even had a cup of coffee.
