my brother jack george johnston: George Johnston Garry Kinnane, 2016-10-18 The life of George Johnston, author of the best-selling *My Brother Jack*, was in many ways symbolic of Australian post-war cultural life. He was a complex character, dogged by feelings of mediocrity, betrayal and failure that he ultimately transformed through the writing of his brilliant trilogy *My Brother Jack*, *Clean Straw for Nothing* and *A Cartload of Clay*. In this award-winning biography, Garry Kinnane examines the process by which Johnston selected people, places and events for this creative transformation. In doing so, he reveals the reality that lay behind the glamorous outer facade of the life of Johnston and his wife, the writer Charmian Clift.

my brother jack george johnston: The Endless Playground National Library of Australia,

2000 This lavishly illustrated book takes a broad sweep through the history of Australian childhood, from the early nineteenth century to the present. Drawing on material from the Library's Pictorial, Manuscript, Ephemera and Newspaper Collections, and using excerpts from the Oral History Collection, in addition to specially commissioned feature articles from Robert Holden, and children's writers Steven Herrick, Ursula Dubosarsky and Jack Bedson, the book surveys and celebrates two centuries of growing up in Australia.

my brother jack george johnston: *Pozieres* Christopher Wray, 2015-01-15 Christopher Wray explores the impact the battle of Pozières has had on Australia, and how it is remembered today.

my brother jack george johnston: *Reconsidering Gallipoli* Jenny Macleod, 2004-09-04 In Australia, Anzac Day, the anniversary of the first landings at Gallipoli, is one of the most important dates in the national calendar. Yet in Britain, the campaign is largely forgotten. The key to this contrast lies in the way in which the campaign's history has been recorded. To many Australians, the Anzac legend is a romantic war myth that proclaims the prowess of Australian participants in the campaign. It is an exercise in nation-building. In Britain, the campaign is also remembered in romantic terms, but the purpose here is to assuage the pain of defeat. *Reconsidering Gallipoli* broadens the debate over the cultural history of the First World War beyond the Western Front. The final chapter traces the influence of the early accounts on subsequent portrayals including Alan Moorehead's 1956 book, Bean's post 1965 rehabilitation, Peter Weir's 1981 film, and revisionist attacks on the legend.

my brother jack george johnston: *Creating Australian Television Drama* Susan Lever, 2020-11-13 Television drama has been the dominant form of popular storytelling for more than sixty years, shaping the imaginations of millions of people. This book surveys the careers of the central creators of those stories for Australian television—the writers who learnt how to work in a new medium, adapting to its constraints and exploring its creative possibilities. Informed by interviews with many writers, it describes the establishment of Australian television drama production, observing the way writers grasped the creative and business opportunities that television presented. It examines the development of Australian versions of the major television genres—the sitcom, the police drama, the historical series, docudrama, and social drama—presenting a 'canon' of significant Australian television drama productions that deserve to be remembered. It offers an account of the emergence of work by Indigenous writers for television and it argues for the consideration of television drama alongside histories of Australian film and stage drama. 'For years, Susan Lever has been talking to Australia's best television writers about their work, their craft and their industry. Now it's all here in this book; a toast to a vital part of Australian culture.' – Geoffrey Atherden 'This is a wonderful book. Meticulously researched and engagingly written, it tells in fascinating detail, from the writers' points of view, the story of Australian scripted television from its beginnings in the 1950's, to the present. Better yet, Susan Lever has allowed the writers themselves to speak about the work, about their visions and processes, their joys and frustrations. I am delighted to see television drama, docudrama and comedy acknowledged so generously for their role in Australian culture.' – Sue Smith 'Brilliantly researched, lucid, comprehensive ... the big picture on writers for the small screen in Australia.' – Ian David

my brother jack george johnston: *The Routledge Companion to Australian Literature* Jessica Gildersleeve, 2020-12-22 In recent years, Australian literature has experienced a revival of interest both domestically and internationally. The increasing prominence of work by writers like Christos Tsiolkas, heightened through television and film adaptation, as well as the award of major international prizes to writers like Richard Flanagan, and the development of new, high-profile prizes like the Stella Prize, have all reinvigorated interest in Australian literature both at home and abroad. This Companion emerges as a part of that reinvigoration, considering anew the history and development of Australian literature and its key themes, as well as tracing the transition of the field through those critical debates. It considers works of Australian literature on their own terms, as well as positioning them in their critical and historical context and their ethical and interactive position in the public and private spheres. With an emphasis on literature's responsibilities, this book claims

Australian literary studies as a field uniquely positioned to expose the ways in which literature engages with, produces and is produced by its context, provoking a critical re-evaluation of the concept of the relationship between national literatures, cultures, and histories, and the social function of literary texts.

my brother jack george johnston: Exploring Suburbia Nathanael O'Reilly, 2012 Exploring Suburbia is the first book-length study of suburbia in Australian literature; it addresses a long-neglected and underexamined area within Australian literature and analyzes novels by some of Australia's most important writers from a new perspective, in addition to examining novels previously neglected by critics. This book provides new insights and perspectives on fourteen Australian novels, several of which are canonical works that have been analyzed extensively by other scholars. This study will lead to a reassessment of the novels and authors under discussion and prompt further research into suburbia in Australian literature. It demonstrates that the authors who have explored suburbia since 1961 have already moved Australian literature in a new direction, away from the traditional focus on the bush and the city, demonstrating that the literal and theoretical space between the city and the bush contains the most interesting and important engagements with contemporary Australian culture. Exploring Suburbia is an important addition for collections in literature. It will also be an excellent textbook for professors teaching courses on space and culture in literature. It will also, of course, be an essential read for courses in Australian and international literature.

Bak, Bill Reynolds, 2022-12-30 This cutting-edge research companion addresses our current understanding of literary journalism's global scope and evolution, offering an immersive study of how different nations have experimented with and perfected the narrative journalistic form/genre over time. Contributions from a diverse range of established and emerging scholars explore key issues such as the current role of literary journalism in countries radically affected by the print media crisis and the potential future of literary journalism, both as a centerpiece to print media writ large and as an academic discipline universally recognized around the world. The book also discusses literary journalism's responses to war, immigration, and censorship; its many female and Indigenous authors; and its digital footprints on the internet. Why has the long shadow of World War I dominated our sense of patriotism? ON PATRIOTISM explores what it really means to love and serve your country. my brother jack george johnston: Football War Xavier Fowler, 2024-09-24 In the shadow of the impending Second World War, a battle for control kicked off between two rival factions in Australian Rules football-the powerful upstart Victorian Football League, comprising the strongest inner-city clubs, and the struggling Victorian Football Association, which sought new teams and spectators in Melbourne's growing outer suburbs.
