

rules of the game neil strauss

Rules of the Game Neil Strauss: Unlocking the Secrets of Attraction and Confidence

rules of the game neil strauss is a phrase that immediately brings to mind the influential work of Neil Strauss, a bestselling author renowned for his deep dive into the world of dating, attraction, and personal transformation. His book, **The Rules of the Game**, serves as a follow-up companion to his groundbreaking bestseller, **The Game**, and offers readers practical advice, strategies, and insights for improving social skills, building confidence, and fostering meaningful relationships. If you've ever wondered about the principles behind successful dating or how to navigate social dynamics with authenticity, understanding the rules that Strauss outlines can be incredibly enlightening.

In this article, we'll explore the core concepts behind **Rules of the Game**, break down some of the key lessons Strauss imparts, and examine how these ideas have influenced modern dating advice and self-improvement communities. Whether you're a fan of Strauss's work or simply curious about effective social strategies, this guide will offer a natural, engaging, and comprehensive look at his teachings.

The Genesis of Rules of the Game Neil Strauss

Neil Strauss first gained widespread attention with **The Game**, which chronicled his immersion into the pickup artist community. However, **Rules of the Game** marks a shift from storytelling to practical application. It's designed as a step-by-step manual, offering readers a path to mastering social interaction, improving charisma, and ultimately forming connections that go beyond superficial encounters.

Unlike many dating books that focus solely on tactics, Strauss's **Rules of the Game** combines psychological insights with actionable tips, aiming to foster genuine self-confidence and charisma. This approach makes it not just about "picking up" someone but about evolving as a socially adept individual.

Core Principles of Rules of the Game Neil Strauss

At its heart, **Rules of the Game** is built upon several fundamental principles that guide readers through the complex landscape of dating and social interaction.

1. Building Authentic Confidence

One of the recurring themes in Strauss's work is the importance of genuine confidence. Instead of relying on canned lines or manipulative tactics, he encourages readers to develop self-esteem through real experiences. This means embracing vulnerability, learning from rejection, and cultivating a mindset that values personal growth.

2. Mastering Social Dynamics

Understanding social cues, body language, and conversational flow is essential. Strauss breaks down how to read people's signals and respond in ways that create comfort and interest. This knowledge helps reduce awkwardness and increases chances of forming meaningful connections.

3. Progressive Skill Development

Rather than overwhelming readers with complex methods, **Rules of the Game** advocates a stepwise approach. This allows individuals to build their skills gradually—from starting conversations to deepening emotional connections—making the process manageable and sustainable.

Key Strategies and Techniques from Rules of the Game

While the book is rich with actionable advice, some techniques stand out as particularly transformative for readers seeking to improve their dating and social lives.

The Inner Game vs. Outer Game

Strauss emphasizes the balance between inner game (mental and emotional state) and outer game (behavioral actions). Inner game relates to confidence, self-worth, and mindset, while outer game involves approaches, body language, and verbal communication. Success is often about aligning these two aspects harmoniously.

Using Storytelling to Connect

One of the unique tips in **Rules of the Game** is harnessing storytelling to captivate interest. Rather than listing facts or bragging, telling engaging stories can make conversations memorable and create emotional resonance.

Creating Mystery and Intrigue

The book suggests that maintaining a degree of mystery can be attractive. This doesn't mean playing games but rather avoiding oversharing too soon and allowing curiosity to build naturally.

Why Rules of the Game Neil Strauss Still Matters Today

Even years after its release, Strauss's *Rules of the Game* remains relevant for several reasons:

- **Timeless social skills:** The fundamentals of human interaction have not changed, making the lessons evergreen.
- **Focus on authenticity:** Unlike many superficial dating guides, Strauss advocates for real self-improvement.
- **Holistic approach:** It addresses mindset, behavior, and emotional intelligence in tandem.

This makes the book a valuable resource not only for dating but also for anyone looking to enhance their interpersonal skills broadly.

Integrating Rules of the Game into Everyday Life

The beauty of Strauss's approach lies in its adaptability. You don't need to be in a dating scenario to benefit from these rules. Here are some practical ways to integrate them into daily life:

Practice Active Listening

One of the simplest yet most effective skills taught in *Rules of the Game* is active listening. Paying close attention to what others say, asking thoughtful questions, and showing genuine interest can dramatically improve your social interactions.

Embrace Rejection as Growth

Fear of rejection often holds people back. Strauss encourages readers to reframe rejection as a learning opportunity rather than a failure, which can build resilience and ease social anxiety.

Work on Nonverbal Communication

Body language speaks volumes. Maintaining open posture, making eye contact, and

mirroring others' gestures subtly can enhance rapport and make interactions feel more natural.

Criticisms and Balanced Perspectives on Rules of the Game Neil Strauss

While *Rules of the Game* has helped many, it's important to consider it critically. Some critics argue that the pickup artist origins of Strauss's work might encourage manipulative behavior if misunderstood. However, Strauss himself has evolved, stressing respect and authenticity in his later works.

The key is to approach *Rules of the Game* with an open mind and ethical compass, focusing on self-improvement rather than "tricks" or deception.

Neil Strauss's *Rules of the Game* offers more than just dating advice—it's a guide to becoming a more confident, socially skilled, and genuine person. By embracing the principles of authentic confidence, mastering social cues, and progressively developing interpersonal skills, readers can transform not only their romantic lives but also their overall communication abilities. Whether you're new to Strauss's work or revisiting it, these rules provide a thoughtful blueprint for navigating the complex arena of human connection.

Frequently Asked Questions

What is the main theme of 'The Rules of the Game' by Neil Strauss?

The main theme of 'The Rules of the Game' is teaching social dynamics and dating strategies to help individuals improve their confidence and success in romantic relationships.

Is 'The Rules of the Game' a sequel or related to 'The Game' by Neil Strauss?

Yes, 'The Rules of the Game' is a follow-up to 'The Game' and serves as a practical guide with exercises and challenges to apply the dating and social skills introduced in the original book.

What format does 'The Rules of the Game' use to teach

its concepts?

The book is structured as a 30-day program with daily lessons and challenges designed to progressively build social and dating skills.

Who is the target audience for 'The Rules of the Game'?

The target audience is primarily men who want to improve their social confidence and dating abilities, though the principles can be useful to anyone interested in social dynamics.

What kind of exercises are included in 'The Rules of the Game'?

Exercises include practical social interactions such as approaching strangers, starting conversations, improving body language, and overcoming social anxiety.

Does 'The Rules of the Game' focus only on dating techniques?

While the primary focus is on dating, the book also covers broader social skills that can improve overall interpersonal communication and confidence.

How has 'The Rules of the Game' been received by readers?

Many readers appreciate its step-by-step, actionable approach and find it helpful for building confidence, though some criticize it for promoting manipulative tactics.

Additional Resources

Rules of the Game Neil Strauss: An In-Depth Exploration of the Influential Dating Guide

rules of the game neil strauss represents one of the most talked-about and widely referenced dating manuals in modern popular culture. Written by Neil Strauss, a prominent author and journalist, this book serves both as a sequel and companion piece to his groundbreaking work, "The Game." While "The Game" introduced readers to the underground world of pickup artists and the psychology behind attraction, "Rules of the Game" distills these complex social dynamics into a structured, accessible format aimed at helping men improve their dating lives. As a subject of both admiration and critique, the book offers fertile ground for analysis, particularly regarding its methods, cultural impact, and practical applicability.

Understanding the Premise of Rules of the Game

Neil Strauss

Neil Strauss's "Rules of the Game" is designed as a comprehensive 30-day program, broken down into lessons that cover everything from basic confidence-building to advanced social techniques. It is essentially a how-to guide, blending narrative storytelling with actionable advice. The book's format is unique, combining instructional chapters with exercises, quizzes, and challenges that encourage readers to engage actively rather than passively consume the content.

At its core, the book emphasizes personal transformation. Strauss promotes the idea that improving one's dating life is intrinsically linked to self-improvement, social awareness, and emotional intelligence. Unlike many other dating guides that focus solely on tactics or routines, "Rules of the Game" attempts to develop a holistic skill set that extends beyond romantic pursuits into broader social interactions.

Key Components and Structure

The book is divided into two main parts: "The Stylelife Challenge" and "The Style Diaries." The first segment is a 30-day plan that guides readers through incremental steps, each day building on the last. This portion includes daily lessons on topics such as:

- Overcoming fear and rejection
- Mastering body language
- Engaging in meaningful conversations
- Creating attraction through humor and storytelling
- Developing a charismatic persona

The second part, "The Style Diaries," offers real-life examples and anecdotes from Strauss's own experiences and those of his contemporaries in the pickup artist community. This blend of theory and practice enriches the reader's understanding of how the rules can be applied in diverse social situations.

Analyzing the Psychological and Social Foundations

What sets "Rules of the Game Neil Strauss" apart from many other dating manuals is its foundation in psychological principles and social dynamics. Strauss incorporates concepts

from NLP (Neuro-Linguistic Programming), cognitive behavioral techniques, and social psychology to provide a more nuanced approach to attraction.

One of the book's strengths lies in its focus on self-confidence as a precursor to success in dating. It suggests that genuine confidence, rather than superficial bravado, is crucial. This approach aligns with contemporary psychological research indicating that self-efficacy and emotional regulation are significant predictors of social success.

Moreover, Strauss's work acknowledges the importance of empathy and respect in interactions. While the book has been criticized in some circles for promoting manipulative behaviors, a closer examination reveals that it encourages readers to be attentive to others' responses and adjust their behavior accordingly.

Comparative Context: Rules of the Game vs. The Game

Comparing "Rules of the Game" with Neil Strauss's earlier bestseller, "The Game," reveals an evolution in tone and intent. "The Game" reads more like a memoir and exposé of the pickup artist subculture, often delving into the tactics and strategies used by Strauss and his peers. It's raw, sometimes controversial, and primarily narrative-driven.

In contrast, "Rules of the Game" serves as a refined playbook. It is less about revealing secrets and more about teaching skills. The focus shifts from the spectacle of the pickup artist lifestyle to the practicalities of social interaction and self-improvement. This makes it more accessible for a wider audience seeking actionable advice rather than voyeuristic insight.

Practical Applications and Effectiveness

For readers interested in applying the lessons from "Rules of the Game Neil Strauss," the book offers tangible exercises that encourage stepping out of comfort zones. These include daily challenges such as initiating conversations with strangers, practicing body language techniques, or engaging in social experiments.

The step-by-step nature of the guide helps users track their progress, which can be motivating and provide a sense of accomplishment. Additionally, the inclusion of quizzes and self-assessment tools facilitates reflection and self-awareness, essential components for sustained behavioral change.

However, the effectiveness of these techniques varies depending on individual personality types and social contexts. Some readers may find certain methods overly formulaic or inauthentic, while others may benefit from the structured approach. This variability underscores the importance of adapting the rules to fit personal values and circumstances rather than adopting them wholesale.

Critiques and Cultural Considerations

Despite its popularity, "Rules of the Game Neil Strauss" is not without its criticisms. Some detractors argue that the book perpetuates outdated gender stereotypes or reduces complex human interactions to manipulative tactics. Others express concern about the ethical implications of adopting some of the "pickup" strategies, particularly when applied without sensitivity or respect.

From a cultural perspective, the book emerged during a time when the pickup artist community was gaining mainstream attention, and its impact must be viewed within this historical context. Contemporary readers may find some content less relevant or appropriate given evolving social norms around consent and gender equality.

Nevertheless, the book's emphasis on self-confidence, communication skills, and emotional intelligence resonates beyond the dating arena. Many of its principles can be applied to professional networking, friendships, and other social engagements, adding to its enduring relevance.

SEO Insights on Rules of the Game Neil Strauss

When exploring "rules of the game neil strauss" online, search trends indicate sustained interest from individuals seeking dating advice, social skills improvement, and self-confidence strategies. Related search queries often include terms such as "Neil Strauss dating tips," "Rules of the Game summary," "pickup artist techniques," and "dating self-improvement books."

Integrating these LSI keywords naturally within content about the book enhances discoverability and relevance. For example, discussing "pickup artist techniques" in the context of Strauss's approach provides readers with clarity on the book's thematic scope, while referencing "dating self-improvement books" situates it within a broader literary category.

Moreover, highlighting the book's structure, key lessons, and psychological underpinnings caters to readers seeking in-depth analysis rather than superficial overviews, thereby increasing engagement and time spent on page.

Who Should Read Rules of the Game Neil Strauss?

The book is best suited for readers who are open to introspection and willing to actively practice social skills. Those new to dating advice may appreciate the incremental, day-by-day format, while veterans of the genre might find value in the updated techniques and personal anecdotes.

Conversely, readers looking for quick fixes or purely manipulative tactics may find the book's emphasis on empathy and self-improvement less appealing. Additionally, individuals sensitive to the more controversial elements of the pickup artist community

should approach the book with a critical mindset.

Ultimately, "Rules of the Game" functions not just as a dating guide but as a manual for personal growth, communication mastery, and social confidence, making it a multifaceted resource in the genre.

The continued relevance and discussion around "rules of the game neil strauss" underscore its impact on contemporary dating literature. While opinions vary, its structured approach to blending psychology, storytelling, and practical exercises offers a distinctive model for those seeking to navigate the complexities of attraction and interpersonal relationships.

rules of the game neil strauss: *The Rules of the Game* Neil Strauss, 2007 The Stylelife Challenge is a simple, easy to follow guide to the basics of approaching and attracting women of quality.

rules of the game neil strauss: *Rules of the Game* Neil Strauss, 2007-12-18 If you want to play the Game, you've got to know the Rules. In his international bestseller *The Game*, Neil Strauss delved into the secret world of pick-up artists--men who have created a science out of the art of seduction. Not only did he reveal the techniques that they had developed, but he became a master of *The Game*, and the world's No. 1 PUA, as Style. Now, in his first follow-up to *The Game*, comes an extraordinary package: A lavishly produced, two-volume pocket-size set that every pickup artist--accomplished or aspiring--will need to have. The first book, *The Stylelife Challenge*, is the manual Strauss thought he'd never write: the ultimate guide to landing the woman of your dreams. Bound in white leatherette, it offers an in-depth 30-day program, Strauss challenges readers to confront their insecurities and overcome them through a process of rigorous self-examination, briefings and field missions. In the second book, Strauss takes readers into the dark side of *The Game*. Bound in black leatherette, *The Style Diaries* offers a series of tales of seduction and sexual (mis)adventure. From accidentally getting married during a drunken night in Reykjavik, to luring a famous musician's granddaughter into a threesome; from conducting a keenly felt and tender relationship over email, to the stress and frustration of the torturous and highly unorthodox 30 Day Sex Experiment, *The Style Diaries* takes you further into the seduction underworld than ever before, and delves where *The Game* never dared to tread: into the even more complicated rules of relationships.

rules of the game neil strauss: *Summary of Neil Strauss' Rules of the Game* Everest Media,, 2022-06-30T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 You're not weak if you're reading this book. You have options. If you're here to read, turn to *The Style Diaries*, which begin about two thirds of the way into the book, for stories compiled from my journals. If you're here to learn, start with the first part of the book, *The Stylelife Challenge*, for a workout program for your social and dating skills.

rules of the game neil strauss: Realattraction Secrets ,

rules of the game neil strauss: *The Game* Neil Strauss, 2005 According to Strauss, the clandestine society of men he describes here take wagers in clubs and bars throughout the Western world over just who can chalk up the most Casanova-like quantities of pickups and seductions. But this isn't merely for the thrill of an army of sexual conquests -- all of this is coded and organised according to an almost military-style ritual, with an elaborate series of rules and regulations that the participants rigorously follow. Strauss went undercover in this glamorous world, and learned the secrets of these top-drawer seducers.

rules of the game neil strauss: Covering the Campus Brian Farkas, 2009 Among the oldest student publications in the United States, the Miscellany News traces its roots back to 1866. Beginning as a literary magazine and evolving into a contemporary newspaper, the paper has reported nearly 150 years of student experiences. The Miscellany has seen generations of Vassar College students who have witnessed the horrors of international war, felt the injustices of racial strife, and observed stirring protests unfold on their own campus. This narrative history of the Miscellany tells the story of the young men and women writing about their collegiate environment against the grand backdrop of American history. With careful qualitative and quantitative analysis-along with scores of interviews with former editors-Brian Farkas navigates the complex and

fascinating history of the Miscellany. Blending historical investigation with his personal experience, Farkas presents a fascinating and often humorous window into journalism, history's first draft.

rules of the game neil strauss: Disaster Education John Preston, 2012-09-11 From 'Duck and Cover' in the 1950s, when American schoolchildren were instructed to hide beneath their desks in the event of nuclear attack to contemporary campaigns against pandemic flu, education campaigns have been used to prepare the general public for apocalyptic events. Governments have made use of various media from films, leaflets and television to the internet to inform, inspire and scare populations. Forms of disaster education also permeate popular culture with films and television programmes illustrating survival techniques from dealing with terrorist attacks in '24' to thwarting zombie apocalypse in 'The Walking Dead' and '28 Days Later'. Using critical race theory and whiteness studies the book argues that information about disasters has always, tacitly or overtly, prioritised the survival of certain groups of citizens above others. Drawing on examples from the UK and the US, from past and contemporary disaster education and popular culture, it considers that rather than being kitsch, naïve and ephemeral, such campaigns are central to the way in which states define survival, life and death. The book will be of interest to educationalists, historians, sociologists and cultural theorists as well as those working in emergency planning, public health and communications.

rules of the game neil strauss: Interpretation in International Law Andrea Bianchi, Daniel Peat, Matthew Windsor, 2015 International lawyers have long recognised the importance of interpretation to their academic discipline and professional practice. As new insights on interpretation abound in other fields, international law and international lawyers have largely remained wedded to a rule-based approach, focusing almost exclusively on the Vienna Convention on the Law of Treaties. Such an approach neglects interpretation as a distinct and broader field of theoretical inquiry. Interpretation in International Law brings international legal scholars together to engage in sustained reflection on the theme of interpretation. The book is creatively structured around the metaphor of the game, which captures and illuminates the constituent elements of an act of interpretation. The object of the game of interpretation is to persuade the audience that one's interpretation of the law is correct. The rules of play are known and complied with by the players, even though much is left to their skills and strategies. There is also a meta-discourse about the game of interpretation - 'playing the game of game-playing' - which involves consideration of the nature of the game, its underlying stakes, and who gets to decide by what rules one should play. Through a series of diverse contributions, Interpretation in International Law reveals interpretation as an inescapable feature of all areas of international law. It will be of interest and utility to all international lawyers whose work touches upon theoretical or practical aspects of interpretation.

rules of the game neil strauss: F the Fairy Tale Damona Hoffman, 2024-01-02 From a popular dating coach and podcast host, a guide to dismantling the myths that get in the way of finding love Does dating feel like you're chasing a "happily ever after" that always seems out of reach? You're not alone: many modern daters are stuck following old rules, hung up on ideas like instant chemistry and "the One." In F the Fairy Tale, love expert Damona Hoffman helps readers break free of those dating myths—and write their own love stories. Drawing on nearly twenty years of experience as a dating coach, Hoffman reveals the four pillars of strong relationships: goals, values, communication, and trust. And she doesn't just tell readers what to do or not to do—she explains why, exploring the psychological and societal factors behind our behavior to help us break free of old habits for good. F the Fairy Tale gives you the tools to create the happy ending to your love story that's just right for you.

rules of the game neil strauss: Built for Show Nate Green, 2008-11-20 Every guy is looking for an edge, some way to get single women his age to notice him more than they do now. Unfortunately, most guys have absolutely no idea what kind of body automatically flips a girl's attraction switch. Nate Green does. Built for Show is the first fitness book to address young men on the prowl. It's not just written for them; it's written by one of them. Green, who's just twenty- three years old, is already a veteran fitness professional who's been quoted in Men's Health and Maximum

Fitness magazines. Green offers four twelve- week workout programs, each with a seasonal theme. The fall and winter workouts add muscle size and strength that'll show even under layers of clothing. The spring and summer workouts burn fat and chisel the showpiece muscles—creating a lean, cut, beach-ready physique. But *Built for Show* is more than just a workout book. It also provides:

- Realistic nutrition advice to feed the muscles and starve the fat without breaking the bank or spending hours in the kitchen
- Tips on dressing right, looking the part, improving your social status, and settling into your new lifestyle
- Quick ways to assess posture, with useful exercises to fix flaws and improve self- presentation, no matter the situation.

The detailed programs include over fifty exercises, illustrated with over one hundred original photos. Neither a weight-loss guide nor a body- building manual, *Built for Show* instead reveals to guys exactly what they need to build the body they - and women - want. Read Nate Green's posts on the Penguin Blog.

rules of the game neil strauss: *It's Okay to Sleep With Him on the First Date* Andrea Syrtash, Jeff Wilser, 2013-06-25 Debunks common dating myths that breed cynicism, insecurity, and anxiety, and provides advice on dating more effectively from both male and female perspectives.

rules of the game neil strauss: *Dream Lovers* Alfie Bown, 2022-05-20 We are in the middle of a 'desirevolution' - a fundamental and political transformation of the way we desire as human beings. Perhaps as always, new technologies - with their associated and inherited political biases - are organising and mapping the future. What we don't seem to notice is that the primary way in which our lives are being transformed is through the manipulation and control of desire itself. Our very impulses, drives and urges are 'gamified' to suit particular economic and political agendas, changing the way we relate to everything from lovers and friends to food and politicians. Digital technologies are transforming the subject at the deepest level of desire - re-mapping its libidinal economy - in ways never before imagined possible. From sexbots to smart condoms, fitbits to VR simulators and AI to dating algorithms, the 'love industries' are at the heart of the future smart city and the social fabric of everyday life. This book considers these emergent technologies and what they mean for the future of love, desire, work and capitalism.

rules of the game neil strauss: *Dating and Mating in a Techno-Driven World* Rachel Hoffman, 2018-01-25 Authored by a sex therapist who regularly works with clients wanting to improve their relationships, this book explains how technology can create conflict or additional anxiety and discloses techniques to help individuals gain confidence or strengthen their personal relationships. The statistics are telling: 85 percent of all adults use the Internet; 88 percent use email; 91 percent own cell phones; 56 percent own smartphones; 73 percent send and receive text messages; and 67 percent use social networking sites. The advent of personal communication devices and ubiquitous connectivity has dramatically shifted the way we communicate, and as a result, the way we date and pursue relationships has changed. The share of 18- to 24-year-olds who use online dating has roughly tripled from 10 percent in 2013 to 27 percent today. Modern dating techniques and technology-enabled interpersonal communication have resulted in very distinct emotional side effects. *Dating and Mating in a Techno-Driven World* explores dating in our 21st-century world with a unique approach, providing understandable information for anyone who is dating or seeking a long-term relationship while also serving as a clinical guide for therapists who want to learn how to treat individuals and especially couples presenting with some sort of issue related to technology. Instead of simply offering an analysis of the trends that are occurring, author Rachel Hoffman addresses the interpersonal problems and conflicts that result from digital or remote communication and courting and explains how to treat them. The topics addressed include utilizing dating apps, the effects of social media on relationships, and how technology can be distracting in relationships. Each chapter of the book supplies a case study or vignette, an analysis of the situation, research findings related to the topic, and clinical information that identifies the implications for therapists working with individuals or couples with a similar experience.

rules of the game neil strauss: *Sales Is a Team Sport* John Fuggles, 2022-09-20 We see teamwork in every sphere of business, so why should sales be any different? Sales is a critical part of any business, whether it's for survival or to grow and scale. Often salespeople are seen as

independent hunters and farmers working to serve their company, but that would be wrong. Salespeople may be the tip of the spear when it comes to winning business, but great sales success is built on teamwork. This book sets out to identify the key components and helps the reader understand what it takes to build the best team from people, skills, processes, technology, and systems. Broken down into chapters that cover everything from the sales process and managing opportunities, to the important role played by marketing, and why CRM is not just a piece of software. Sales is a team sport. Like all team sports there are those that play on the field and those that work to help the team perform. In any organization everyone plays a part. In the field of sales, understanding how this all comes together will not only help any company, but also anyone that reads the book and wants to get more out of their role, or move their business forward and achieve greater sales success as a team. The book is filled with personal anecdotes and real-life examples from the author's career in sales.

rules of the game neil strauss: *Dating - Philosophy for Everyone* Kristie Miller, Marlene Clark, 2011-05-09 DATING PHILOSOPHY FOR EVERYONE Speed dating, online dating, group blind dating, dating consultants... A booming dating industry is catering to an ever-increasing number of single adults in the twenty-first century, with the market for a mate now pulling in more than a billion dollars a year in the United States. So, how do we successfully attempt to navigate the dating minefield? Progressing from the first flirtatious moment of eye contact to the selection of a "mate," *Dating - Philosophy for Everyone* includes a number of playful yet relevant essays for anyone who has dated, is dating, or intends to date again. It offers fascinating philosophical explorations of topics such as: The taboos of dating and how to play the dating game Should science teach men how to attract women? The problem of having too much choice The vicissitudes of dating and mating are explored from a number of perspectives, all of which will help demystify coupling in the twenty-first century for those young daters just entering the fray, and those veterans returning to the game.
