****Exploring Henry Kissinger Books: A Deep Dive into the Mind of a Diplomatic Giant****

henry kissinger books have long fascinated historians, political enthusiasts, and students of international relations. These works offer an unparalleled glimpse into the intricate world of diplomacy, strategy, and global politics as seen through the eyes of one of the most influential and controversial figures of the 20th century. Whether you are intrigued by Cold War maneuverings, the art of negotiation, or the complexities of U.S. foreign policy, Kissinger's writings provide a rich and nuanced perspective.

Understanding the Significance of Henry Kissinger Books

Henry Kissinger's legacy extends far beyond his tenure as U.S. Secretary of State and National Security Advisor. His books serve as both memoirs and analytical treatises, capturing a time when the balance of power was fragile and diplomacy was a high-stakes game. For readers interested in political science, history, or international affairs, delving into Kissinger's books is like stepping into a masterclass on realpolitik and statecraft.

Why Read Henry Kissinger's Works?

One might wonder: with the abundance of historical accounts and biographies, what makes Kissinger's own writings so essential? The answer lies in his firsthand experience and intellectual rigor. Kissinger was not just a passive observer; he shaped pivotal moments such as the opening of relations with China, détente with the Soviet Union, and the winding down of the Vietnam War. His books allow readers to understand the rationale behind these decisions, the challenges he faced, and the mindset required to navigate complex diplomatic waters.

Key Henry Kissinger Books to Explore

Among the numerous publications authored or co-authored by Henry Kissinger, several stand out for their depth and influence. Here's a look at some of the most notable titles that anyone interested in international diplomacy should consider.

1. ***Diplomacy* (1994)**

Often regarded as Kissinger's magnum opus, **Diplomacy** offers an extensive overview of international relations from the 17th century to the end of the 20th century. The book blends historical narrative with Kissinger's own experiences, examining how diplomacy evolved and the principles that guide global power dynamics.

- **Why it matters:** **Diplomacy** is not just a history book; it's a study in strategy and statecraft. Kissinger discusses concepts like balance of power, alliances, and the impact of ideology on diplomacy, making it a foundational text for those studying international relations.

2. **World Order (2014)**

In **World Order**, Kissinger explores the concept of global order across different civilizations and time periods, addressing the challenges posed by modern geopolitics. He delves into the tensions between national sovereignty and global cooperation, providing insights relevant to today's international challenges.

- **Noteworthy aspects:** This book is particularly useful for readers interested in the complexities of maintaining stability in a multipolar world and the evolving nature of global governance.

3. **On China (2011)**

Given Kissinger's role in opening diplomatic channels between the U.S. and China, **On China** provides a unique perspective on Chinese history, culture, and foreign policy. Kissinger examines China's strategic thinking and its impact on global affairs, offering a nuanced view that goes beyond typical Western narratives.

- **Why it's special:** This book bridges East and West, combining historical analysis with Kissinger's personal diplomatic experience, making it a valuable resource for understanding U.S.-China relations.

4. **The White House Years (1979) and **Years of Upheaval** (1982)**

These two volumes are Kissinger's memoirs covering his time in the Nixon and Ford administrations. They provide an inside look at American foreign policy during some of the Cold War's most critical moments, including Vietnam, the Middle East, and the Soviet Union.

- **What readers gain:** These memoirs give a candid account of decision-making processes, political pressures, and the complexities of leadership in turbulent times.

Themes and Insights in Henry Kissinger Books

Diving into Henry Kissinger books reveals several recurring themes and insights that are valuable for anyone interested in diplomacy or leadership.

The Art of Realpolitik

Kissinger's approach often emphasized pragmatism over ideology. His writings reflect the belief that power and national interest must guide foreign policy, a concept known as realpolitik. This perspective challenges idealistic views and encourages readers to think critically about the motivations behind international actions.

The Balance of Power

A central idea in Kissinger's analysis is the balance of power as a mechanism to maintain stability. His books explore how states interact to prevent dominance by any single power, a concept essential to understanding global conflicts and alliances.

Diplomacy as a Craft

Kissinger treats diplomacy not just as negotiation but as an art form requiring patience, timing, and deep understanding of history and culture. His books offer practical lessons on how diplomats can navigate complex international landscapes.

The Role of History in Shaping Policy

History is a constant reference point in Kissinger's writings. He argues that understanding historical context is crucial for effective policy-making, reminding readers that current events often echo past dynamics.

How to Approach Reading Henry Kissinger Books

For those new to Kissinger's works, the sheer volume and complexity can be daunting. Here are some tips to get the most from his books:

Start with Accessible Titles

Begin with books like **On China** or **World Order** that blend narrative with analysis and focus on specific themes. These offer a digestible entry point before tackling more dense works like **Diplomacy**.

Take Notes on Key Concepts

Kissinger's books are packed with terminology related to diplomacy, international relations, and

history. Jotting down important ideas such as "detente" or "balance of power" can enhance understanding.

Contextualize the Content

Supplement your reading with historical timelines or documentaries about the Cold War era. This will help place Kissinger's experiences and decisions in broader context.

Engage with Criticism and Praise

Kissinger's legacy is controversial. Reading critiques alongside his books can provide a balanced view and encourage critical thinking about the ethical dimensions of diplomacy.

The Lasting Impact of Henry Kissinger Books on Modern Readers

More than four decades after many of his policies were enacted, Henry Kissinger's books continue to influence scholars, policymakers, and curious readers worldwide. They serve as a bridge between past diplomatic history and present-day international affairs, guiding new generations through the complexities of global leadership.

Whether you are a student preparing for exams, a historian piecing together Cold War events, or simply someone fascinated by the art of diplomacy, Henry Kissinger books offer a treasure trove of knowledge. They challenge readers to think deeply about how nations interact and the delicate balance needed to keep peace in a turbulent world.

In exploring these works, you are not only reading about history—you are engaging with a living legacy that still shapes the world stage today.

****Exploring Henry Kissinger Books: A Deep Dive into the Works of a Controversial Statesman****

henry kissinger books have long fascinated scholars, historians, and political enthusiasts alike. As one of the most influential and contentious figures in 20th-century diplomacy, Kissinger's writings offer a unique window into the complexities of international relations, realpolitik, and American foreign policy. His body of work spans decades and encompasses memoirs, analytical treatises, and reflective essays, each shedding light on different facets of his approach to global strategy and power dynamics.

Henry Kissinger's books, often blending personal narrative with rigorous geopolitical analysis, have become essential reading for anyone seeking to understand the Cold War era, détente, and the shifting tides of global diplomacy. This article provides a comprehensive overview of his major works, examining the themes, historical significance, and criticisms that surround them. By exploring these texts, readers can better appreciate the intellectual legacy of a man who shaped much of the post-World War II international order.

The Scope and Significance of Henry Kissinger's Literary Contributions

Henry Kissinger's bibliography is not only extensive but also reflective of his evolving worldview. His written works serve multiple purposes: they document historical events from his perspective, articulate the principles of diplomacy he championed, and defend his controversial decisions. The relevance of Henry Kissinger books extends beyond academic circles, influencing policymakers, political scientists, and the general public.

Memoirs and Autobiographical Works

One of the most celebrated and scrutinized aspects of Kissinger's oeuvre is his memoirs. These books provide a firsthand account of some of the most pivotal moments in 20th-century diplomacy. Among these, *"Memoirs"* (1979) stands out as a cornerstone text. In this comprehensive recounting, Kissinger details his tenure as National Security Advisor and Secretary of State under Presidents Nixon and Ford, covering events such as the Vietnam War, the opening to China, and détente with the Soviet Union.

What distinguishes Kissinger's memoirs is his attempt to not only narrate historical events but also to justify his policies within a broader strategic framework. However, these books are often critiqued for their selective presentation of facts and for underplaying some of the more contentious or morally ambiguous decisions made during his time in office.

Diplomatic Theory and Historical Analysis

Beyond memoirs, Kissinger's books on diplomacy explore the theoretical underpinnings that guided

his practice. *"Diplomacy"* (1994) is arguably his most influential non-memoir work. This detailed analysis of international relations traces the evolution of European statecraft from the 17th century to the Cold War, linking historical patterns to contemporary foreign policy challenges.

In *"Diplomacy,"* Kissinger advocates for a balance-of-power system as the foundation for global stability. The book is praised for its erudition and breadth, merging historical narrative with practical insights. Critics, however, argue that Kissinger's realist perspective sometimes overlooks humanitarian considerations and the long-term consequences of power politics.

Focus on Specific Geopolitical Events

Several of Kissinger's books delve into particular geopolitical crises or themes. For example, *"The White House Years"* (1979) and *"Years of Upheaval"* (1982) provide detailed accounts of the Nixon and Ford administrations' foreign policy challenges, including the Middle East peace process and U.S.-Soviet relations.

Similarly, *"On China"* (2011) reflects Kissinger's longstanding interest in Sino-American relations, drawing on his unique role in orchestrating the rapprochement between the two countries in the early 1970s. This book offers not only historical narrative but also strategic insights into China's cultural and political mindset, which remain relevant in today's geopolitical landscape.

Key Themes in Henry Kissinger Books

Henry Kissinger's writings are characterized by several recurrent themes that reflect his worldview and diplomatic philosophy.

Realpolitik and Power Balance

A central tenet in Kissinger's books is the concept of realpolitik—the pragmatic pursuit of national interest through power balancing rather than ideological commitments. His works emphasize the necessity of maintaining a stable international order where no single power dominates unchecked.

This theme is evident in *"World Order"* (2014), where Kissinger examines how different regions conceptualize order and how the United States can navigate the complexities of a multipolar world. His insistence on pragmatism and strategic patience often invites debate about ethical implications but remains influential in contemporary diplomatic thought.

Secrecy and Back-Channel Negotiations

Kissinger's books often reveal the importance he placed on discreet diplomacy and secret negotiations. He believed that confidential dialogues could break deadlocks that public diplomacy could not resolve. His writings detail numerous instances where back-channel communications played a pivotal role in conflict resolution, such as in the Vietnam peace talks and the opening to China.

This approach, while effective in many cases, has been criticized for lacking transparency and accountability, raising important questions about democratic oversight in foreign policy.

Controversy and Moral Ambiguity

No discussion of Henry Kissinger books would be complete without acknowledging the controversies that permeate his legacy. His involvement in events like the Chilean coup d'état, the Bangladesh Liberation War, and East Timor's invasion has led to heated moral debates.

While his books often defend his decisions as necessary for U.S. strategic interests, critics argue that these texts sometimes gloss over human rights abuses and the long-term consequences of interventionist policies. Readers of Kissinger's works must navigate these tensions, balancing the intellectual rigor of his analysis with the ethical debates his policies provoke.

Comparative Insights: Kissinger Books vs. Other Diplomatic Literature

When compared to other diplomatic memoirs and analyses, Henry Kissinger books stand out for their depth, historical scope, and direct involvement by the author in the events described. Unlike academic works that maintain critical distance, Kissinger's writings blend participant observation with theoretical reflection.

For instance, Henry Kissinger books contrast sharply with memoirs by contemporaries like Zbigniew Brzezinski or Madeleine Albright, whose perspectives often reflect different ideological leanings and interpretations of American foreign policy. Kissinger's realist and strategic lens offers a distinct approach, prioritizing state interests and geopolitical stability over ideological or humanitarian considerations.

This makes his books invaluable for understanding a particular school of diplomatic thought, though readers should complement them with alternative viewpoints for a more rounded picture.

Who Should Read Henry Kissinger Books?

- Students of international relations and political science seeking a foundational understanding of Cold War diplomacy.
- Historians interested in primary accounts from a key architect of late 20th-century global politics.
- Policy analysts and diplomats who wish to study realpolitik and strategic negotiation techniques.
- Readers looking to explore the ethical and practical dilemmas inherent in statecraft.

Conclusion: The Enduring Influence of Henry Kissinger

Books

Henry Kissinger books remain a cornerstone in the literature of diplomacy and international relations. Through his memoirs, theoretical treatises, and historical analyses, Kissinger offers a comprehensive, if controversial, vision of global politics that continues to influence policymakers and scholars today. His writings challenge readers to grapple with the complexities of power, morality, and strategy on the world stage.

Whether one agrees with his methods or critiques his decisions, the intellectual rigor and firsthand insights contained in Henry Kissinger books provide an indispensable resource for understanding the turbulent geopolitics of the 20th century and beyond.

henry kissinger books: Diplomacy Henry Kissinger, 2012-10-01 'Kissinger's absorbing book tackles head-on some of the toughest questions of our time . . . Its pages sparkle with insight' Simon Schama in the NEW YORKER Spanning more than three centuries, from Cardinal Richelieu to the fragility of the 'New World Order', DIPLOMACY is the now-classic history of international relations by the former Secretary of State and winner of the Nobel Peace Prize. Kissinger's intimate portraits of world leaders, many from personal experience, provide the reader with a unique insight into what really goes on -- and why -- behind the closed doors of the corridors of power. 'Budding diplomats and politicians should read it as avidly as their predecessors read Machiavelli' Douglas Hurd in the DAILY TELEGRAPH 'If you want to pay someone a compliment, give them Henry Kissinger's DIPLOMACY ... It is certainly one of the best, and most enjoyable [books] on international relations past and present ... DIPLOMACY should be read for the sheer historical sweep, the characterisations, the story-telling, the ability to look at large parts of the world as a whole' Malcolm Rutherford in the FINANCIAL TIMES

henry kissinger books: The Secret Conversations of Henry Kissinger Matti Golan, 1976

henry kissinger books: The Trial of Henry Kissinger Christopher Hitchens, 2012-04-01 'A good liar must have a good memory: Kissinger is a stupendous liar with a remarkable memory.' Christopher Hitchens Christopher Hitchens goes straight for the jugular in The Trial of Henry Kissinger. Under his fearsome gaze, the former Secretary of State and National Security Advisor is accused of being a war criminal whose reckless actions and heinous disregard for international law have led to torture, kidnapping, and murder. This book is a polemical masterpiece by a man who, for forty years, was the Angloshpere's preeminent man of letters. In The Trial of Henry Kissinger, Hitchens' verve, style and firebrand wit are on show at the height of their potency. 'This is a disturbing glimpse into the dark side of American power, whose consequences in remote corners of the globe are all too often ignored. Its countless victims have found an impassioned and skilful advocate in Christopher Hitchens.' - Sunday Times

henry kissinger books: Years of Renewal Henry Kissinger, 1999 The long-awaited third volume of Kissinger's monumental, bestselling memoirs includes his startling assessment of Richard Nixon's complex personality and completes an important and major work of contemporary history.

henry kissinger books: World Order Henry Kissinger, 2014-09-09 As Henry Kissinger observes in this magisterial book, there has never been a true world order. For most of history, civilizations have defined their own concepts of order, each one envisioning its distinct principles as universally relevant. Now, as international affairs take place on a global basis, these historic concepts of world order are meeting. Every region participates in questions of high policy in every other, often instantaneously - yet there is no consensus among the major actors about the rules and limits guiding this process, or its ultimate destination. The result is mounting tension. Blending historical insight with prognostication, *World Order* is a meditation from one of our era's most prominent diplomats on the 21st century's ultimate challenge: how to build a shared international order in a world of divergent historic perspectives, violent conflict, proliferating technology and ideological extremism.

henry kissinger books: Henry Kissinger Heather Lehr Wagner, 2007 Henry Alfred Kissinger was awarded the Nobel Peace Prize in 1973 for his part in negotiating a cease-fire between North and South Vietnam and the subsequent U.S. withdrawal. As national security advisor and secretary of state under Richard Nixon, and secr

henry kissinger books: Kissinger Walter Isaacson, 2013-05-21 The definitive biography of Secretary of State Henry Kissinger and how his ideas still resonate in the world today from the bestselling author of *Leonardo da Vinci* and *Steve Jobs*. By the time Henry Kissinger was made secretary of state in 1973, he had become, according to the Gallup Poll, the most admired person in America and one of the most unlikely celebrities ever to capture the world's imagination. Yet Kissinger was also reviled by large segments of the American public, ranging from liberal intellectuals to conservative activists. Kissinger explores the relationship between this complex man's personality and the foreign policy he pursued. Drawing on extensive interviews with Kissinger as well as 150 other sources, including US presidents and his business clients, this first full-length biography makes use of many of Kissinger's private papers and classified memos to tell his uniquely American story. The result is an intimate narrative, filled with surprising revelations, that takes this grandly colorful statesman from his childhood as a persecuted Jew in Nazi Germany, through his tortured relationship with Richard Nixon, to his later years as a globe-trotting business consultant.

henry kissinger books: Henry Kissinger Henry Alfred Kissinger, 1983

henry kissinger books: *Years of Upheaval* Henry Kissinger, 2011-05-24 In this second volume of Henry Kissinger's "endlessly fascinating memoirs" (*The New York Times*), Kissinger recounts his years as President Nixon's Secretary of State from 1972 to 1974, including the ending of the Vietnam War, the 1973 Middle East War and oil embargo, Watergate, and Nixon's resignation. *Years of Upheaval* opens with Dr. Kissinger being appointed Secretary of State. Among other events of these turbulent years that he recounts are his trip to Hanoi after the Vietnam cease-fire, his efforts to settle the war in Cambodia, the "Year of Europe," two Nixon-Brezhnev summit meetings and the controversies over arms control and détente, the military alert and showdown with the Soviet Union over the Middle East war, the subsequent oil crisis, the origins of shuttle diplomacy in the Middle East, the fall of Salvador Allende in Chile, and the tumultuous events surrounding Nixon's resignation. Throughout are candid appraisals of world leaders, including Nixon, Golda Meir, Anwar Sadat, King Faisal, Hafez al-Asad, Chairman Mao, Leonid Brezhnev, Willy Brandt, Helmut Schmidt, Georges Pompidou, and many more. At once illuminating, fascinating, and profound, *Years of Upheaval* is a lasting contribution to the history of our time by one of its chief protagonists.

henry kissinger books: Miscellaneous Publications by and about Henry Kissinger Henry Kissinger,

henry kissinger books: *An Analysis of Henry Kissinger's World Order* Bryan Gibson, 2017-07-05 Henry Kissinger's 2014 book *World Order: Reflections on the Character of Nations and the Course of History* not only offers a summary of thinking developed throughout a long and highly influential career-it is also an intervention in international relations theory by one of the most famous statesmen of the twentieth century. Kissinger initially trained as a university professor

before becoming Secretary of State to President Richard Nixon in 1973 – a position in which he both won the Nobel Peace Prize and was accused of war crimes by protesters against American military actions in Vietnam. While a controversial figure, Kissinger is widely agreed to have a unique level of practical and theoretical expertise in politics and international relations – and *World Order* is the culmination of a lifetime's experience of work in those fields. The product of a master of the critical thinking skill of interpretation, *World Order* takes on the challenge of defining the worldviews at play in global politics today. Clarifying precisely what is meant by the different notions of 'order' imagined by nations across the world, as Kissinger does, highlights the challenges of world politics, and sharpens the focus on efforts to make surmounting these divisions possible. While Kissinger's own reputation will likely remain equivocal, there is no doubting the interpretative skills he displays in this engaging and illuminating text.

henry kissinger books: Henry Kissinger and American Power Thomas A. Schwartz, 2020-08-25 "[Henry Kissinger and American Power] effectively separates the man from the myths." —The Christian Science Monitor (Best Books of the Month) The definitive biography of Henry Kissinger—at least for those who neither revere nor revile him. Over the past six decades, Henry Kissinger has been one of America's most lavishly praised—and most reviled—public figures. He was hailed as a "miracle worker" for his peacemaking in the Middle East, pursuit of détente with the Soviet Union, negotiation of an end to the Vietnam War, and secret plan to open the United States to China. He was assailed from both the left and the right for his complicity in the pointless sacrifice of American and Vietnamese lives, indifference to human rights, and reliance on deception and intrigue. Was he a brilliant master strategist—the "20th century's greatest 19th-century statesman" (Robert Kaplan, *The Atlantic*)—or a cold-blooded monster who eroded America's moral standing for the sake of self-promotion? In this masterfully researched biography, the renowned diplomatic historian Thomas A. Schwartz offers an authoritative and evenhanded answer to this question. While other biographers have engaged in hagiography or demonology, Schwartz takes a measured view of his subject. He recognizes Kissinger's important successes and insights into the foreign policy issues of his time, but also acknowledges his failures, his penchant for backbiting, and his reliance on ingratiating and fawning praise of the president as a source of his own power. Throughout, Schwartz stresses Kissinger's artful invention of himself as a celebrity diplomat and his domination of the medium of television news. He also notes Kissinger's sensitivity to domestic and partisan politics, complicating—and undermining—the image of the far-seeing statesman who stood above the squabbles of popular strife. Rounded and textured, and rich with new insights into key dilemmas of American policy, *Henry Kissinger and American Power* is an essential guide to a man whose legacy is as complex as the last sixty years of U.S. history itself.

henry kissinger books: Leadership Henry Kissinger, 2024-07-09 The New York Times bestseller *Henry Kissinger, consummate diplomat and statesman, examines the strategies of six great twentieth-century figures and brings to life a unifying theory of leadership and diplomacy* "An extraordinary book." -The Wall Street Journal "A must read...His books - including this one - will hopefully be read well into the future. Indeed our present and future leaders would benefit from reading all of Kissinger's books. They are timeless. -The New York Journal of Books "Leaders," writes Henry Kissinger in this compelling book, "think and act at the intersection of two axes: the first, between the past and the future; the second, between the abiding values and aspirations of those they lead. They must balance what they know, which is necessarily drawn from the past, with what they intuit about the future, which is inherently conjectural and uncertain. It is this intuitive grasp of direction that enables leaders to set objectives and lay down a strategy." In *Leadership*, Kissinger analyses the lives of six extraordinary leaders - Konrad Adenauer, Charles de Gaulle, Richard Nixon, Anwar Sadat, Lee Kuan Yew, and Margaret Thatcher - through the distinctive strategies of statecraft that he believes they embodied. To each of these studies, Kissinger brings historical perception, public experience and, because he knew each of the subjects and participated in many of the events he describes, personal knowledge. *Leadership* is enriched by insights and judgements that only Kissinger could make and concludes with his reflections on world order and

the indispensability of leadership today.

henry kissinger books: Henry Kissinger, his personality and policies Dan Caldwell, 1983

henry kissinger books: White House Years Henry Kissinger, 2011-05-12 This monumental work, covering Kissinger's first four years (1969-1973) as Assistant to the President for National Security Affairs and President Nixon's closest advisor on foreign policy, is one of the most significant books to come out of the Nixon administration. Among the countless moments Kissinger recalls in White House Years are his first meeting with Nixon, his secret trip to China, the first SALT negotiations, the Jordan crisis of 1970, the India-Pakistan war of 1971, and the historic summit meetings in Moscow and Beijing in 1972. He offers insights into the Middle East conflicts, Anwar Sadat's break with the Soviet Union, the election of Salvador Allende in Chile, issues of defense strategy, and relations with Europe and Japan. Other highlights are his relationship with Nixon, brilliant portraits of major foreign leaders, and his views on handling crises and the art of diplomacy. Few men have wielded as much influence on American foreign policy as Henry Kissinger. White House Years, his own record, makes an invaluable and lasting contribution to the history of this crucial time.

henry kissinger books: Henry Kissinger The Complete Memoirs eBook Boxed Set Henry Kissinger, 2014-05-22 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

henry kissinger books: A world restored, by henry a. kissinger Henry Kissinger, 1957

henry kissinger books: Reckless Robert K. Brigham, 2018-09-04 Henry Kissinger's role in the Vietnam War prolonged the American tragedy and doomed the government of South Vietnam The American war in Vietnam was concluded in 1973 after eight years of fighting, bloodshed, and loss. Yet the terms of the truce that ended the war were effectively identical to what had been offered to the Nixon administration four years earlier. Those four years cost America and Vietnam thousands of lives and billions of dollars, and they were the direct result of the supposed master plan of the most important voice in American foreign policy: Henry Kissinger. Using newly available archival material from the Nixon Presidential Library, Kissinger's personal papers, and material from the archives in Vietnam, Robert K. Brigham punctures the myth of Kissinger as an infallible mastermind. Instead, he constructs a portrait of a rash, opportunistic, and suggestible politician. It was personal political rivalries, the domestic political climate, and strategic confusion that drove Kissinger's actions. There was no great master plan or Bismarckian theory that supported how the US continued the war or conducted peace negotiations. Its length was doubled for nothing but the ego and poor judgment of a single figure. This distant tragedy, perpetuated by Kissinger's actions, forever changed both countries. Now, perhaps for the first time, we can see the full scale of that tragedy and the machinations that fed it.

henry kissinger books: Henry Kissinger Foreign Policy E-book Boxed Set Henry Kissinger, 2013-09-24 This ebook boxed set includes the following 3 books by Henry Kissinger, detailing America's approach to foreign policy. Crisis: By drawing upon hitherto unpublished transcripts of his telephone conversations during the Yom Kippur War (1973) and the last days of the Vietnam War (1975), Henry Kissinger reveals what goes on behind the scenes at the highest levels in a diplomatic crisis. Does America Need A Foreign Policy?: With a new afterword by the author that addresses the situation in the aftermath of September 11, this thoughtful and important book, written by America's most famous diplomatist, explains why we urgently need a new and coherent foreign policy and what our foreign policy goals should be in this new millennium. In seven accessible chapters, Kissinger provides a crystalline assessment of how the United States' ascendancy as the world's dominant presence in the twentieth century may be effectively reconciled with the urgent need in the twenty-first century to achieve a bold new world order. Diplomacy: Moving from a sweeping overview of history to blow-by-blow accounts of his negotiations with world leaders, Henry Kissinger describes how the art of diplomacy has created the world in which we live, and how America's approach to foreign affairs has always differed vastly from that of other nations. This is vital reading for anyone concerned with the forces that have shaped our world today and will
