lemonade war chapter questions: Southern Memories During the War Between the States Anne L. Terio, 2011-04-19 This book provides part of the story about the Park Family of Georgia and certain events that happens to them during the War of the Federal Aggression. Most people are taught in school to call it The War Between the States (February 1861 to May 1865). I have always been told in my family that it was not a civil war, since a civil war is a war within a state, between people residing in that state. The War Between the States comprised individual states declaring for Northern or Southern causes and loyalties. During this time, there was a higher degree of loyalty to ones state, much more than to the new United States. How can I share the story of the Park family and make it as exciting and interesting as it truly is? Certain family stories are based on the papers of Anita Pressley, a great-great-granddaughter of Joseph Park, one of the three brothers who moved to Georgia. Her papers include notes from family Bibles, oral accounts from descendants still residing in Greene County in the early 1920s and 1930s and other relatives living throughout Georgia.

lemonade war chapter questions: The Lifer and the Lawyer George Critchlow, Michael Anderson, 2020-12-09 It is true that some people are very damaged. It is not true that they are all unsalvageable. The Lifer and the Lawyer raises questions about childhood trauma, religion, race, the purpose of punishment, and a criminal justice system that requires harmless old men to die in prison. It is a true story about Michael Anderson, an aging African American man who grew up poor and abused on Chicago's south side and became a violent and predatory criminal. Anderson has now spent the last forty-three years in prison as a result of a 1978 crime spree that took place in

southeastern Washington. The book describes his spiritual and moral transformation in prison and challenges society's assumption that he was an irredeemable monster. It also tells the story of the author's evolving relationship with Anderson that began in 1979 when Critchlow, a young white lawyer from a privileged background, was appointed to defend Anderson on twenty-two violent felony charges. For Anderson, this is a story about overcoming childhood trauma and learning how to empathize and love through faith and self-knowledge. For Critchlow, the story also raises questions about how we become who we are--about race, culture, and opportunity. Finally, the book is a revealing commentary on our criminal justice system's obsession with life sentences.
