Songs in Russian Language: A Melodic Journey Through Culture and Emotion

songs in russian language hold a unique place in the world of music, blending rich history, emotive storytelling, and captivating melodies. Whether you're a language learner, a music enthusiast, or simply curious about Russian culture, exploring these songs offers a fascinating window into the soul of Russia. From traditional folk tunes to contemporary pop hits, songs in Russian language span a wide spectrum of styles and themes, each reflecting different facets of Russian life and sentiment.

The Cultural Significance of Songs in Russian Language

Music has always been an integral part of Russian culture, serving as more than just entertainment. Songs in Russian language often carry deep cultural meanings, preserving folklore, historical events, and collective emotions. Russian folk songs, for example, are steeped in tradition, narrating tales of love, hardship, celebration, and nature—elements that have shaped the Russian identity over centuries.

Folk Roots and Traditional Melodies

Traditional Russian songs, or "народные песни" (narodnye pesni), often feature simple yet powerful melodies that are easy to remember and sing along. Instruments like the balalaika and accordion typically accompany these tunes, creating a distinctive sound that instantly transports listeners to the Russian countryside. These songs are not only performed during festivals and communal gatherings but have also influenced classical composers such as Tchaikovsky and Rachmaninoff.

Modern Interpretations and Revival

In recent decades, there has been a resurgence of interest in these folk traditions, with many contemporary artists blending old melodies with modern genres like rock, jazz, and electronic music. This fusion helps keep songs in Russian language alive and relevant to younger generations, while also attracting international audiences who appreciate the blend of authenticity and innovation.

Learning Russian Through Songs

One of the most enjoyable ways to improve your Russian language skills is by listening to songs in Russian language. Music naturally aids memorization of vocabulary, pronunciation,

and grammar structures. Plus, it immerses learners in the cultural context, making the language feel more alive and meaningful.

Choosing the Right Songs for Language Learning

When selecting songs to learn Russian, it's helpful to start with clear, slower-paced tracks that use everyday vocabulary. Classic ballads or songs aimed at young audiences often fit this criterion. Artists like Alla Pugacheva or Zemfira offer emotionally rich lyrics that are both poetic and accessible.

Tips for Using Songs in Russian Language to Boost Fluency

- **Listen actively:** Pay attention to pronunciation and intonation.
- **Read lyrics simultaneously:** Following along helps connect sounds to words.
- **Repeat and sing along:** Mimicking the singer improves speaking skills.
- **Translate and analyze:** Understanding the meaning deepens language comprehension.

These steps make learning Russian enjoyable and effective, turning music into a language teacher that never gets boring.

Iconic Genres and Popular Artists in Russian Music

The landscape of songs in Russian language is incredibly diverse, reflecting both the vast geography of Russia and its ever-evolving cultural scene.

Russian Rock and Pop

Since the late 20th century, Russian rock has been a powerful medium for social commentary and artistic expression. Bands like Kino and DDT became voices for youth during the Soviet era, blending poetic lyrics with raw energy. Meanwhile, Russian pop music continues to thrive, with artists such as Sergey Lazarev and Polina Gagarina gaining massive popularity domestically and abroad.

Romantic Ballads and Chanson

Romantic ballads, or "romansy," have a long-standing tradition in Russian music, often highlighting themes of love, longing, and melancholy. Russian chanson, a genre influenced by urban folk and prison songs, is also widely popular. Its emotive storytelling and distinctive vocal style resonate deeply with many listeners.

Contemporary Trends and International Influence

In recent years, Russian language songs have increasingly incorporated global music trends, including hip-hop, EDM, and indie rock. Artists like Little Big have garnered international attention for catchy, satirical tracks that showcase the playful side of modern Russian music culture.

The Emotional Depth and Poetic Nature of Russian Lyrics

One of the defining features of songs in Russian language is their lyrical richness. Russian songwriters often craft lyrics that are poetic, philosophical, and emotionally intense. This lyrical depth reflects the broader Russian literary tradition, where poetry and prose are revered art forms.

Exploring Themes in Russian Songwriting

Common themes include love and heartbreak, existential reflection, patriotism, and the beauty of nature. The ability of Russian songs to convey complex feelings with subtlety and nuance makes them profoundly moving for native speakers and those who understand the language.

Why Lyrics Matter in Appreciating Russian Music

Understanding the lyrics enhances the listening experience, revealing layers of meaning that might be lost in translation. For learners and fans, diving into the poetry behind the music opens doors to Russian culture, history, and philosophy.

How to Discover and Enjoy Songs in Russian Language

Thanks to the internet and streaming platforms, exploring songs in Russian language has

never been easier. Whether you prefer curated playlists, radio stations, or YouTube channels, a wealth of resources is available to suit every taste.

Recommended Platforms and Resources

- **Spotify and Apple Music:** Search for Russian playlists categorized by genre or mood.
- **YouTube:** Many channels offer lyric videos and translations.
- **Russian radio stations:** Online radios like Radio Mayak or Echo of Moscow broadcast a variety of music styles.
- **Language-learning apps:** Some apps integrate music into their lessons, combining language acquisition with cultural immersion.

Tips for Engaging with Russian Songs

Try to listen regularly, even if only a few minutes per day. Jot down unfamiliar words and look them up. Share your favorite songs with friends or fellow learners. Over time, you'll build not only a better understanding of the language but also a deeper appreciation for the artistry behind songs in Russian language.

Exploring the world of Russian music is both a joyful and enriching experience. Whether you're moved by the haunting melodies of a folk ballad or energized by the beats of modern pop, songs in Russian language offer something for every listener. They serve as a bridge connecting languages, cultures, and hearts across the globe.

Frequently Asked Questions

What are some popular contemporary songs in the Russian language?

Some popular contemporary Russian songs include "Время и Стекло - Навсегда" (Vremya i Steklo - Navsegda), "Моргенштерн - Cadillac" (Morgenshtern - Cadillac), and "Земфира - Искала" (Zemfira - Iskala). These songs represent various genres from pop to rap and rock.

Which Russian songs have become internationally famous?

Russian songs like "Kalinka," "Katyusha," and more recently, "Тает лёд" (Tayut Lyod) by

Грибы (Griby) have gained international recognition. Additionally, "Moscow Never Sleeps" by DJ Smash has also reached global audiences.

How can I learn Russian through songs?

Learning Russian through songs involves choosing songs with clear lyrics, listening repeatedly, and following along with the lyrics. Songs by artists like Алла Пугачёва (Alla Pugacheva) and ДДТ (DDT) are good for beginners due to their clear enunciation and storytelling style.

What genres are popular in Russian music?

Popular genres in Russian music include pop, rock, hip-hop, folk, and electronic dance music. Traditional folk songs remain popular, while modern pop and rap artists have a strong presence on the charts.

Are there any Russian songs that are often used in movies or TV shows?

Yes, songs like "Подмосковные вечера" (Podmoskovnye Vechera - Moscow Nights) and "Очи чёрные" (Ochi Chernye - Dark Eyes) are frequently used in movies and TV shows to evoke Russian culture. Contemporary songs by artists like Би-2 (Bi-2) and Сплин (Spleen) are also featured in various productions.

Songs in Russian Language: Exploring the Richness and Diversity of Russian Music

songs in russian language have long been a significant cultural marker, reflecting the history, emotions, and artistic depth of one of the world's most linguistically rich nations. From classical compositions and folk tunes to contemporary pop and rock anthems, Russian music offers a complex tapestry that continues to captivate audiences both domestically and internationally. This article delves into the multifaceted nature of songs in the Russian language, examining their historical context, stylistic variations, and contemporary relevance.

The Historical and Cultural Significance of Songs in Russian Language

The Russian language itself, with its Cyrillic script and Slavic roots, provides a unique medium for musical expression. Songs in Russian language have evolved through centuries, mirroring the social and political changes within Russia. Folk music, one of the earliest forms, played a crucial role in preserving regional identities and oral traditions. These folk songs often featured lyrical storytelling, with themes ranging from pastoral life to epic tales and historical events.

In the 19th century, the Russian Romantic period brought a surge of classical compositions where the Russian language was integral to operatic and choral works. Composers like Pyotr Ilyich Tchaikovsky and Modest Mussorgsky incorporated Russian lyrics to deepen the emotional impact of their music, allowing songs to resonate with national pride and cultural authenticity.

Evolution of Russian Pop and Rock Music

The 20th century introduced new genres and styles, particularly with the growth of Soviet-era pop and rock music. Despite political constraints, artists found ways to embed subtle social commentary within their lyrics, making songs in Russian language a vehicle for both entertainment and resistance. Bands such as Kino and DDT gained cult status by blending poetic lyrics with rock influences, appealing to youth who sought alternative voices amid state-controlled media.

Post-Soviet Russia witnessed an explosion of musical diversity. Modern Russian pop artists adopted global trends while retaining distinct linguistic and cultural elements. The use of Russian language in contemporary songs remains a powerful tool for expressing identity and connecting with audiences across the vast Russian-speaking world.

Characteristics and Features of Songs in Russian Language

One of the defining characteristics of songs in Russian language is their linguistic rhythm and phonetic qualities, which naturally shape the melody and vocal delivery. The Russian language's rich consonant clusters and vowel sounds create a distinctive musical texture that differs significantly from English or Romance languages. This phonetic uniqueness often leads to songs that emphasize emotional depth and lyrical complexity.

Additionally, Russian songs frequently employ poetic devices intrinsic to Russian literature, such as metaphor, alliteration, and intricate rhyme schemes. This literary influence enriches the songwriting process, producing lyrics that can be both intellectually stimulating and emotionally evocative.

Popular Themes in Russian Songwriting

Across genres, songs in Russian language tend to explore a range of themes that resonate deeply with listeners:

- **Love and Romance:** A universal theme, but often portrayed with a certain melancholic or introspective tone unique to Russian culture.
- **Patriotism and History:** Many songs reflect on Russia's past, its heroes, and

collective identity.

- **Social and Political Commentary:** From Soviet dissident songs to modern critiques, the Russian language is a potent tool for socio-political expression.
- **Nature and Spirituality:** Drawing from folklore and Orthodox Christian traditions, these songs often evoke a sense of connection to the land and the divine.

The Global Reach and Influence of Russian Music

While Russian remains the primary language for these songs, their influence extends beyond Russia's borders, particularly in Eastern Europe, Central Asia, and among global diasporas. The unique sound and emotional intensity of songs in Russian language have attracted worldwide interest, leading to collaborations with international artists and fusion genres.

Platforms such as YouTube and Spotify have also facilitated the accessibility of Russian music, allowing non-Russian speakers to discover and appreciate the genre. Increasingly, artists incorporate multilingual lyrics or translate their hits, further broadening their appeal.

Challenges and Opportunities in Promoting Songs in Russian Language

One challenge facing Russian-language songs is the global dominance of English in the music industry. While Russian songs enjoy regional popularity, breaking into Western mainstream markets often requires additional strategies such as cross-genre collaborations or marketing campaigns tailored to international audiences.

On the other hand, the distinctiveness of songs in Russian language offers a competitive advantage in a saturated market. Their cultural authenticity and lyrical depth provide a refreshing alternative to formulaic pop music, appealing to listeners seeking diversity.

Notable Artists and Iconic Russian Songs

Several artists have played pivotal roles in shaping the landscape of Russian music. For example:

- **Alla Pugacheva:** Often hailed as the "Queen of Russian Pop," her career spans decades with a repertoire that includes emotionally charged ballads and upbeat hits.
- **Vladimir Vysotsky:** A legendary singer-songwriter, Vysotsky's songs combined raw vocal delivery with poetic, socially conscious lyrics.

- **Sergei Lazarev:** Representing modern pop, Lazarev has gained international attention, including multiple participations in the Eurovision Song Contest.
- **Kino:** The iconic rock band led by Viktor Tsoi, whose songs remain anthems for generations.

Songs like "Podmoskovnye Vechera" (Moscow Nights), "Kalinka," and "Ochi Chyornye" (Dark Eyes) are timeless classics that continue to be performed and reinterpreted, demonstrating the enduring appeal of Russian-language music.

Technological Influence on Russian Music Production

The advent of digital recording and streaming services has transformed how songs in Russian language are produced and consumed. Modern studios in Russia now blend traditional instruments with electronic music production techniques, expanding creative possibilities. Moreover, social media platforms provide emerging artists with tools to reach audiences without the need for major label backing.

This democratization of music production encourages experimentation and the emergence of new subgenres, from Russian hip-hop to electronic dance music, all performed in the Russian language.

Observing the trajectory of songs in Russian language reveals a dynamic interplay between tradition and innovation. Whether rooted in folk melodies or shaped by contemporary beats, these songs continue to capture the complexities of Russian culture and identity while engaging a diverse and evolving audience.

songs in russian language: Soviet War Songs in the Context of Russian Culture Elena Polyudova, 2016-02-29 This volume presents a unique study of war songs created during and after World War II, known in Russia as the "Great Patriotic War". The most popular war songs, such as "Katyusha", "The Sacred War", "Dark Night", "My Moscow", "In the Dugout", "Victory Day", provide illuminating insights into the musical culture of the former Soviet Union and modern Russia. In the year of the 70th anniversary of victory in the war, the book studies the cultural heritage of famous war songs from a new perspective, exploring the historical background of their creation and analysing their lyrics as part of Russian cultural heritage. The book also discusses the modifications required when translating the songs from Russian to English. It concludes with a description an educational project studying war songs at Moscow schools run under the auspices of UNESCO.

songs in russian language: Independent Music in Russia Marco Biasioli, 2025-06-27 This book explores Russian independent music - nezavisimaia muzyka - in a time of profound transformations in Russian society, looking especially at the mutual influence between music and the socio-political context in which it was created. Contrary to what is commonly believed, the book argues that nezavisimaia muzyka, as a widespread form of non-state-sponsored culture, was not necessarily oppositional to the Russian state; instead, it was rooted in identity quests that could overlap with some aspects of the official narrative as they could mock, disrupt and refashion others. The book demonstrates that Russian independent music is considerably more than the creation, appreciation and dissemination of sounds. For the practitioners, to get involved in the scene is to participate in the construction of cultural legitimacy, imagined communities and national identity, involving values that can be cosmopolitan, "Western", conservative, supposedly "Russian" and often a mixture of all these. In addition, the book examines Russian independent music's interaction with Western and global trends and assesses its successes and failures in conquering a niche in foreign markets. This book will be of interest to scholars of Russian culture, media and politics, as well as to scholars of popular music, sociology, national identity and Russia-West relations.

songs in russian language: *An English Echo of Russian Song* Ivan Renatovich, 2012 60 (SIXTY) SINGING TRANSLATIONS OF RUSSIAN SONGS IN ENGLISH Just as subtitles (in English) help audiences to understand foreign motion pictures, so do these singing translations help English speaking listeners understand Russian songs that are in this publication. Me 07 Lips Pout 08 Two Farewells 09 Serenade 10 If I Meet You Somewhere 11 Reminder 12 For You Alone 13 Portrait 14 Forgive! Don't Dwell On Days Of Downfall 15 What For Is Love? (Why Love, Why Suffer?) 16 Morning 17 Rendezvous: When Stars Pour Out Sparkling 18 All Alone I Set Out on the Highway 19 No City Sounds Are Heard 20 In Silent, Secret, Night's Calm 21 No, Only One Who Knew 22 As Then, Again I'm Alone 23 Songs And Dances of Death 1 Lullaby 24 Songs And Dances of Death 2 Serenade 25 Songs And Dances of Death 3 Trepak (Russian Folk Dance) 26 Songs And Dances of Death 4 Fieldmarshal 27 The (Young) Pedlar's Song Or Korobushka 28 Elegy: When You, My Heart 29 No, It's Not You I Ferently Adore 30 Night Is Bright 31 O, If I Could Only In Words, Dear 32 Coachman's Song 33 Misty Morning 34 But Nonetheless I Love You Still 35 Troika's Dashing, Troika's Flying 36 In That Fateful Hour 37 I Loved You So 38 Burn Bright, Burn Bright My Star, My Star 39 Why, Oh Why? 40 Twelve Robbers 41 Here Now A Dashing Troika Flies By 42 Song Of The Viking Guest 43 Song Of The Indian Guest 44 Songs Of The Venetian Guest 45 Volkhova's Lullaby 46 Nursery 5 At Bedtime 47 Sunless 1 Within Four Walls 48 Sunless 2 You Didn't Recognise Me 49 Drive, Cabbie 50 Chrysanthemums 51 Just Go Just Go Away! 52 Dear Little Street 53 You Had Watered Your Steed 54 Not Regretting, Calling Back, Or Crying 55 Omens (I Went To You) 56 Don't Go Away 57 Stern Old Spouse (Gypsy Girl's Song) 58 Night Is Still 59 It's So Good Here 60 I'll Forget All, I'll Foresake All (for female voice) 60 I'll Forget All, I'll Foresake All (for male voice)

Discography The aim of this work is to help English speakers discover the richness, beauty and pathos of Russian song through the singing of this English Echo of Russian Songs. This songbook may also be used in an educational and musical context, as it allows discovery, or rediscovery in some cases, of the Russian language. It is intended that these translations be sung (karaoke style) while playing and listening to the recording of the Russian song and at the same time singing the translated English words from this songbook. Listening to Russian words while singing the English words is the educational interaction referred to in the paragraph above. For teachers and students of both Russian and English languages, singing a Russian song in Russian and straight after in English would help to compare and contrast that song during discussion. A public performance of the same song sung in both Russian and English would help to preserve its original Russian sentiment and also interpret the song. These singing translations are just as essential to audiences, as the English subtitles in Russian motion pictures are to cinema goers. Ivan Renatovich

songs in russian language: Russian Folk-songs Evgeniiĭaĭ Éduardovna Papriĭtĭs Lineva, 1893

songs in russian language: Russian Writers on Translation Brian James Baer, Natalia Olshanskaya, 2014-07-16 Since the early eighteenth century, following Peter the Great's policy of forced westernization, translation in Russia has been a very visible and much-discussed practice. Generally perceived as an important service to the state and the nation, translation was also viewed as a high art, leading many Russian poets and writers to engage in literary translation in a serious and sustained manner. As a result, translations were generally regarded as an integral part of an author's oeuvre and of Russian literature as a whole. This volume brings together Russian writings on translation from the mid-18th century until today and presents them in chronological order, providing valuable insights into the theory and practice of translation in Russia. Authored by some of Russia's leading writers, such as Aleksandr Pushkin, Fedor Dostoevskii, Lev Tolstoi, Maksim Gorkii, and Anna Akhmatova, many of these texts are translated into English for the first time. They are accompanied by extensive annotation and biographical sketches of the authors, and reveal Russian translation discourse to be a sophisticated and often politicized exploration of Russian national identity, as well as the nature of the modern subject. Russian Writers on Translation fills a persistent gap in the literature on alternative translation traditions, highlighting the vibrant and intense culture of translation on Europe's 'periphery'. Viewed in a broad cultural context, the selected texts reflect a nuanced understanding of the Russian response to world literature and highlight the attempts of Russian writers to promote Russia as an all-inclusive cultural model.

songs in russian language: Toward Afrodiasporic and Afrofuturist Philosophies of Religion Jon Ivan Gill, 2022-04-14 Based on the categories of mainstream philosophy of religion, we must ask the question if said categories are adequate to describe the conceptual frameworks of traditions not philosophically dependent on Western theistic understandings, such as religious traditions and philosophies of life emerging from the continent of Africa and appearing in the United States, the Caribbean, North, Central, and South America, and Europe. This book host students from Pomona College and Pitzer College (Claremont Colleges, Claremont, California) who have analyzed the field of philosophy of religion as it stands to determine which of its insights can be applied to Afro-diasporic and Afrofuturist notions of "religion" and which ones cannot. Their reflections in these chapters will ask: how do we define Afro-diasporic religion, what would a robust philosophy of religion of Afro-diasporic and Afrofuturist religions draw from, what categories would/should it contain, how would we construct such a non-Western methodology of philosophy of religion, and what sources would we use to construct such a philosophy of religion? In an attempt to aesthetically experience what Afro-diasporic and Afrofuturist philosophies of religion are/could be, the text will rely heavily on fiction novels, poetry, music, movies, and texts written by Afro-diasporic people from various social locations and perspectives on some African notions of religion, among other centers of reflection.

songs in russian language: The Oxford Handbook of Community Singing Esther M. Morgan-Ellis, Kay Norton, 2024 The Oxford Handbook of Community Singing shows in abundant detail that singing with others is thriving. Using an array of interdisciplinary methods, chapter authors prioritize participation rather than performance and provide finely grained accounts of group singing in community, music therapy, religious, and music education settings. Themes associated with protest, incarceration, nation, hymnody, group bonding, identity, and inclusivity infuse the 47 chapters. Written almost wholly during the 2020-21 COVID-19 pandemic, the Handbook features a section dedicated to collective singing facilitated by audiovisual or communications media (mediated singing), some of it quarantine-mandated. The last of eight substantial sections is a repository of new theories about how group singing practices work. Throughout, the authors problematize the limitations inherited from the western European choral music tradition and report on workable new remedies to counter those constraints--

songs in russian language: *The Russian Language and Literature* Edward A. Cazalet, 1892

songs in russian language: **East European Accessions List** Library of Congress. Processing Department, 1954

songs in russian language: **Jihadism in the Russian-Speaking World** Danis Garaev, 2022-08-29 This book contends that the discourses of jihadism in Russia's North Caucasus, and their offshoots in other parts of the Russian Federation, are not just reflections of jihadi ideologies that came from abroad, rather that post-Soviet jihadism is a phenomenon best understood when placed in the broader cultural environment in which it emerged, an environment which comprises the North Caucasus, the whole of Russia, and beyond. It examines how post-Soviet jihadism is also part of global processes, in this case, global jihadism, explores how post-Soviet jihadism bears the imprint of the preceding Soviet context especially in terms of symbols, discursive tools, interpretational frameworks, and dissemination strategies, and discusses how, ironically, Russian-speaking jihadism is an expansionist idea for uniting all Russian regions on a supra-ethnic principle, but an idea that was not born in Moscow or St. Petersburg. Overall, the book demonstrates that Russian-speaking jihadism is a completely new ideology, which nevertheless has its origins in the intellectual and

cultural heritage of the Soviet era and in the broader trends of post-Soviet society and culture.

songs in russian language: Representing Russia's Orient Adalyat Issiyeva, 2021 Building on long-forgotten archives and detailed case studies, *Representing Russia's Orient* reveals how complex representations of oriental subjects in nineteenth-century Russian art music, which often merged elements of East and West, contributed to the formation of Russia's national identity.

songs in russian language: Russia and Soul Dale Pesmen, 2018-08-06 This ethnography of everyday life in contemporary Russia is also an examination of discourses and practices of soul or dusha. Russian soul has historically appeared as a myth, a consoling fiction, and a trope of national and individual self-definition that drew romantic foreigners to Russia. Dale Pesmen shows that in the 1990s this soul was scorned, worshipped, and used to create, manipulate, and exploit cultural capital. Pesmen focuses on soul in part as what people chose to do and how they did it, especially practices considered definitive of Russians, such as hospitality, the use of alcoholic beverages, steam baths, Russian language, music, and suffering. Attempting to avoid narrow definitions of soul as a thing, Pesmen developed a new way of structuring ethnographic interviews. During her stay in a formerly closed military industrial city and surrounding villages, Pesmen spent time on public transportation and in kitchens, steam baths, vegetable gardens, shops, and workplaces. She uses stories from her fieldwork along with examples from the media and literature to introduce a phenomenology of russkaia dusha and of related American and other non-Russian metaphysical notions, exploring diverse elements in their makeup, examining and questioning the world created when people believe in the existence of such deep, vast, enigmatic, internal centers. Among theoretical issues she addresses are those of power, community, self, exchange, coherence, and morality. Pesmen's attention to dusha gives her a multifaceted perspective on Russian culture and society and informs her rich portrayal of life in a Russian city at a historically critical moment.

songs in russian language: Hidden rituals and public performances Anna-Leena Siikala, Oleg Ulyashev, 2011-08-22 Why are Khanty shamans still active? What are the folklore collectives of Komi? Why are the rituals of Udmurts performed at cultural festivals? In their insightful ethnographic study Anna-Leena Siikala and Oleg Ulyashev attempt to answer such questions by analysing the recreation of religious traditions, myths, and songs in public and private performances. Their work is based on long term fieldwork undertaken during the 1990s and 2000s in three different places, the Northern Ob region in North West Siberia and in the Komi and Udmurt Republics. It sheds light on how different traditions are favoured and transformed in multicultural Russia today. Siikala and Ulyashev examine rituals, songs, and festivals that emphasize specificity and create feelings of belonging between members of families, kin groups, villages, ethnic groups, and nations, and interpret them from a perspective of area, state, and cultural policies. A closer look at post-Soviet Khanty, Komi and Udmurts shows that opportunities to perform ethnic culture vary significantly among Russian minorities with different histories and administrative organisation. Within this variation the dialogue between local and administrative needs is decisive.
