Overview of The Price of Salt

Background and Publication History

The Price of Salt, initially published in 1952, is a novel by Patricia Highsmith that broke new ground by portraying a lesbian relationship with a relatively optimistic ending, which was rare for its time. Written under the pseudonym Claire Morgan, the novel explores the romance between Therese Belivet and Carol Aird. This novel stands out for its nuanced characters and its challenge to the prevailing social norms of the 1950s. The original publication garnered attention for its candid depiction of same-sex love and its departure from tragic stereotypes.

Plot Summary and Themes

The story follows Therese, a young aspiring set designer, who meets Carol, an elegant older woman going through a difficult divorce. Their relationship develops amidst societal pressures and personal conflicts. Themes of identity, love, sacrifice, and societal judgment permeate the novel. The Price of Salt is celebrated for its compassionate and empathetic portrayal of its protagonists and the

emotional complexity of their relationship.
